

The African-American Heritage Initiative is working to incorporate African-American contributions into the permanent history of the City of Winston-Salem.

We're looking for photos, documents, written recollections, oral histories and other items of historical interest that can be submitted electronically.

TWO WAYS TO HELP!

1. Submit items using our online submission portal at CityofWS.org/AAHI.
2. Join an AAHI Collection Team! Team members reach out to folks they know and guide them through the process of submitting photos, stories, documents and interviews to the initiative's online archive.

There are nine teams, each responsible for capturing the history in a particular area: Churches and Religious Institutions, Neighborhoods, Education, Civic and Service Groups, Government, Arts and Culture, Professionals, Businesses, and Oral Histories.

VISIT OUR AAHI VIRTUAL ORIENTATION PAGE

Watch videos that tell you more about the African-American Heritage Initiative and how you can contribute to this worthy effort! You will also find answers to frequently asked questions and a link for submitting questions not addressed in the orientation.

CAMERA REGISTRY PROGRAM

YOUR DOOR OR SECURITY CAMERA CAN HELP FIGHT CRIME!

Register the location of your security camera with the Winston-Salem Police Department.

- Registering does not automatically give the department access to cameras.
- Detectives will be able to identify registered cameras in the area of an incident and remotely request video.
- Video owners can electronically send video evidence directly to investigators.
- Police will not share your information with anyone else.

Register your camera at CityofWS.registry.cam/login.
