## IMMIGRATION OF THE MAJORS WILL BEGIN SOON NOW

More Than 700 Players be Scattered Over the South in Three Weeks

### LOCATION OF TRAINING CAMPS

New York, Feb. 17.—Within the next three weeks more than 700 baseball players will be scattered through the South and southwest training for the annual pennant races of the National, American and Federal Leagues.

While a majority of the 24 clubs composing these three leagues have selected their spring training camps and set the dates for the reporting of players there is still a possibility that two or three may alter them at the last moment.

The list, arranged by leagues showing the city or town where the training camp will be located and the probable date for reporting, is as follows:

- National League**
  - Boston, Macon, Ga., March 1.
  - New York, Marlinton, Texas, March 1.
  - St. Louis, Hot Wells, Texas, March 1.
  - Chicago, Tampa, Fla., March 1.
  - Brooklyn, Daytona, Fla., March 1.
  - Philadelphia, St. Petersburg, Fla., March 1.
  - Pittsburg, Dawson Springs, Ky., March 3.
  - Hot Springs, Ark., March 17.
  - Cincinnati, Alexandria, Va., March 1.
- American League**
  - Boston, Hot Springs, Ark., March 8.
  - Philadelphia, Jacksonville, Fla., March 1.
  - Washington, Charlottesville, Va., March 1.
  - Detroit, Gulfport, Fla., February 27.
  - St. Louis, Houston, Texas, February 28.
  - Chicago, Paso Robles, Cal., February 19.
  - New York, Savannah, Ga., March 1.
  - Cleveland, San Antonio, Texas, February 26.
- Federal League**
  - Indianapolis, Valdosta, Ga., March 6.
  - Chicago, Shreveport, Miss., March 6.

### NOTES OF THE DIAMOND

This will be a busy week in the International baseball circles. The magnates are gathering in New York this afternoon and President Alvin Smith and Jack Dunn are there from Richmond.

The "release by purchase" of Markle from Norfolk to Waco is officially announced.

Secretary Farrell's latest official bulletin states that the franchise and players of the Richmond club have been transferred to Rocky Mount. The same official bulletin shows the release by purchase of Shortstop Newton by Richmond to Fort Worth. Newton has already signed with Fort Worth.

Bay City has sold Harvey Bussey to the Seattle club.

The Detroit club, which has a working agreement with the San Francisco club, has supplied the latter with a first baseman in the person of Harry Heilmann.

Charles Dooin's contract with the Cincinnati Reds is for two years at a salary said to be \$6,000 a year. Now let's hear no more from Dooin except on the playing field.

Word comes from Los Angeles that Artie Slafner has departed for the East and there is a strong suspicion among his friends that he is about to change his mind and enter baseball again.

Branch Rickey has shocked St. Louis baseball writers by coming out with a statement that his Browns positively have no chance to win the pennant. However, he does think they will finish in the first division.

The sale of infielder Wally Smith by Washington to the Indianapolis club of the American Association virtually rids Manager Griffith of all the surplus material of his team before the training season starts.

Those Feds overlooked presenting the case of Buster Brown in their prayer to Judge Landis, Brown, while a member of the Phils several years ago, went a full season without pitching an inning, and yet he received full salary.

The Cleveland Indians have signed Floyd Wright, an infielder who has made a record with the University of Kentucky, and are angling for James Park, a pitcher from the same school who is said to be of major league class.

Joe Bonz has gone and done as he threatened. It is announced from Atlanta that he will appear at the theater there for a week, giving a monologue on baseball, and showing how he swings his bat.

Joe Bonz was the first player of the Chicago White Sox team to report for spring training. He is already on his way to the Pacific Coast, his object being to get an early start and recover from the effects of the attack of typhoid he had last fall.

You can get a good idea of how long Phunk and Matty have been at it by putting an eye over catchers they have had. Jack Warner, Frank Boverman, Roger Bresnahan, Chief Meyers and Larry McLean are among those who have handled the delivery of Matthew, while Phunk has been handled by Power, Lapp, Shreck, Thomas and Sehag among other backstops.

Bob Bend, president of the Ohio State League, says that an overabundance of evangelistic revivals throughout Ohio clubs had put a crimp in certain clubs of his league last season. Bend especially mentioned the work of Billy Sunday, former member of Anson's White Sox, as taking the minds of people off baseball and making them "huggy" about something else.

- Baltimore, Southern Pines, N. C., March 8.
- Buffalo, Athens, Ga., March 10.
- Brooklyn, Brown's Wells, Miss., March 3.
- Kansas City, Brunswick, Ga., March 6.
- Pittsburg, Augusta, Ga., March 5.
- St. Louis, Havana, Cuba, February 28.

**AFTER MANY YEARS**  
J. L. Southern, Eau Claire, Wis., writes: "Years ago I wrote you in regard to great results I obtained from Foley Kidney Pills. After all these years I have never had a return to those terrible backaches or sleepless nights; I am permanently cured." Men and women, young and old, find this reliable remedy relieves rheumatism, backache, stiff joints and is caused by weak or diseased kidneys or bladder. E. W. O'Hanlon.

### TOBACCO PRICES ARE SOARING ON WALNUT COVE MARKET

Walnut Cove, Feb. 17.—The local tobacco market experienced the best sales yesterday since early in January. Damp weather brought a quality of the weed to market and the prices again soared to the averages of last fall, the old warehouse selling 23,589 pounds for which they paid the farmers a total of \$2,608.69, an average of \$11.06 per hundred. No better sales have been made this year and every farmer who unloaded his tobacco here today went home wearing a smile of satisfaction.

### FEDERAL LEAGUE ANGEL SEES A BRIGHT FUTURE

Philadelphia, Feb. 17.—Harry F. Sinclair of Tulsa, Okla., associate of John D. Rockefeller and the Rothschilds in oil and financial interests, explained why he turned from the threshold of organized baseball and enlisted with the Federal League as partner of Patrick T. Powers in the venture that will give the independent league baseball representation in Newark. Mr. Sinclair is under forty years of age and has been a continuous patron of baseball.

"I was considering the purchase of a club in organized baseball when opportunity came for me to study all the phases of the present baseball war," said Mr. Sinclair. "From early boyhood I have been a fan and as such jaded of the intricacies of the political side of the sport were covered up because of my intense interest in the game itself. The turning point came after a close study of men and methods."

The Wards of Brooklyn, and Messrs. Ball of St. Louis, and Wegman and Walker of Chicago, were also known by me and in ten minutes James A. Gilmore was able to make me believe the Federal League would succeed.

"The Federal League appeared to me as the league of the future. Right now the Federal League is in a more advantageous and desirable position than either of the older circuits. No one in this league flipped in a few white ships expecting to pull out a fortune."

Since the connection of Mr. Sinclair with the Federal League was established as a fact it has developed that the financial power in the baseball war has been a liberal contributor to clubs in the West that have found the minor league going too great a financial burden. When questioned on this point Mr. Sinclair said that as a fan he had sometimes "helped out a little to keep the sport in good health."

Mr. Sinclair announced that all the details of the new club's control would be in the hands of Patrick T. Powers, who, it was explained, had invested more money in the Federals than any other resident of New Jersey ever had in a similar enterprise.

### HIGGINS WILL SPURN THE BID FOR MILLER

New York, Feb. 17.—Roger Bresnahan's bank roll of \$30,000 is not large enough to pry Jack Miller, the Cardinals' first baseman, from the St. Louis club, according to Manager Miller Higgins, who is here to attend the annual schedule meeting of the National League magnates.

Prior to the arrival of Manager Bresnahan of the Cubs, it was announced that the Duke would be "bided" with a roll of 30,000 "men" with which he hoped to coax the Kearney, N. J., bonafide from the Cardinals. When Higgins was asked if he would consider a cash proposition for Miller he replied that there wasn't a change in the world of Miller departing from the Cardinal ranks.

Higgins added that the jumping of Lee Magee to the Feds would prevent any deal for Miller, as "Dot" is needed on the infield. While he refused to admit it, it is probable that Higgins will determine the future postoffice address of Catcher Ivey Wingo, who is still a Cardinal, but who will probably play in some other town than St. Louis.

The Cincinnati and New York clubs want Wingo. As Higgins is out to strengthen the Cardinals whenever possible, he will likely permit the red-headed catcher to go to whatever club offers the best inducements in return for the services of the backstop. A hard-hitting outfield will probably have to be offered to Higgins before he will consent to Wingo's departure. It is possible that Hug will retain Wingo, if the other clubs decline to give value received in the deal.

There is the usual group of trade rumors, some of which may and some of which may not materialize. Several managers have announced that they are in the market to buy or trade, but whether the deals are completed remains to be seen.

"—Nell—'Did Mr. Closett ever show you a good time?' Belle—'Hump! His idea of showing a girl a good time is to take her into a jewelry store and let her look at the watches.'"

### KEEP THE KIDNEYS WELL

Health is Worth Saving, and Some Winston-Salem People Know How To Save It

Many Winston-Salem people take their lives in their hands by neglecting the kidneys, when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Winston-Salem citizen's recommendation. E. S. Porter, prop. of plumbing shop, 446 S. Main St., Winston-Salem, says: "I found it very difficult to straighten up after I had been stooping over for a little while. My back was so weak that I couldn't lift without having a sharp pain in my kidneys. Doan's Kidney Pills were recommended to me so highly that I got a box from Shattner-Landquist Co.'s Drug Store. A few doses relieved me of the pain in my back. After I had taken one box, I felt better in every way." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Porter had. Foster-Milburn Co., Props., Buffalo, N. Y.

### BASEBALL WORK BEGUN AT A. & M.

Coach on the Ground and is Well Pleased—Line on the Infield Given

West Raleigh, Feb. 17.—Dr. Frank Anderson, baseball coach, has arrived on the campus for the purpose of training the 1915 baseball team for the year's work. The coach has been out with the fellows for a number of afternoons, and says that he is well pleased with what he has seen out. Although he has not yet begun to sit out the material and select the men for the squad; the coach says that he is sure some mighty good men are present.

Practice has begun in earnest. The warm spring days have made it possible for the team to go out already a half dozen times. Seventy-five recruits reported yesterday for the batting and running practice. The track men also were out and were led in several rounds by Captain Potter.

A line on the infield is already available, as three of last year's men are back and ready to report. The position of first base will be vacant. L. R. Hooks, a Fremont boy, who has played high school and amateur ball, is looked for in this sack. Bogdan of Pleasant Garden, Guilford county, will more than likely resume his old post at second, while Wheeler is slated for his old post at short. The outfield positions will all be open to new men. There are a large number of candidates for these places. Whom will be selected is a matter of much speculation. Several men with good records as high school players make strong bids for them.

The battery is the main strength of his year's team. Jaynes and Winston, who last year established records on the North Carolina college diamond, will be the mainstays. Russell will not play this year, as he failed to register. Lewis, a Greensboro lad, looks good as assistant catcher to Captain Winston, and is very likely to land the assistant's place. As assistants to Jaynes, none has yet been mentioned. Evans, a Burlington youth of high school fame, is slated for that position, however, and maybe there will be others to help do the twirling.

Raleigh and A. and M. fans will have the chance of seeing some good games this year, as nearly all that are scheduled will be played on Raleigh soil. One trip will be taken through Virginia and one to Durham. The following is the completed schedule as just announced:

- March 15—Atlantic Christian College at Raleigh.
- March 22—Elon at Raleigh.
- March 25—West Virginia Wesleyan at Raleigh.
- March 29—Amherst at Raleigh.
- April 1—Penn State at Raleigh.
- April 3—Trinity College at Durham.
- April 5—Wake Forest at Raleigh.
- April 7—Guilford at Raleigh.
- April 12—Trinity at Raleigh.
- April 14—South Carolina at Raleigh.
- April 17—Guilford at Raleigh.
- April 18—Georgia at Raleigh.
- April 26—Washington and Lee at Lexington.
- April 27—V. P. I. at Blackburg.
- April 28—Navy at Annapolis.

If a better cough syrup than Foley's Honey and Tar Compound could be found, we would carry it. We know this reliable and dependable medicine has given satisfaction for more than forty years; therefore we never offer a substitute for the genuine. Recommended for coughs, colds, croup, whooping cough, bronchitis and laryngitis coughs. No opiates. E. W. O'Hanlon.

### INVESTIGATING THE LYNCHING OF NEGROES BY GEORGIA MOB

Monticello, Feb. 17.—An investigation into the recent lynching here of two negro men and two negro women was begun today by the county grand jury. Superior Judge Park, in his charges held the perpetrators to be guilty of murder. Negroes were alleged to have shot and wounded an officer while he was attempting to arrest them on minor charges.

### COLDS ARE OFTEN MOST SERIOUS STOP POSSIBLE COMPLICATIONS

The disregard of a cold has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of Colds. 50c at your Druggist. Buy a bottle today.

### COMMITTEE FOR ELECTING BOARDS BY POPULAR VOTE

Raleigh, Feb. 17.—The House committee of education voted this evening to report favorable the bill to provide for the election of the boards of education by the people in Lee, Moore, Henderson, Richmond, Brunswick, Beaufort, and Anson counties. The joint finance committee has about completed the machinery bill. It appropriated \$10,000 to a State Tax Commission for the enforcement of the machinery act and cut out \$6,000 agreed yesterday for an auditor for the same purpose.

### Baby's Happiness Depends on Health

Cross, fretful babies usually need a laxative to make them comfortable, and comfort begets happiness. Constipation is the cause of much discomfort. Mothers should watch closely the condition of their children's bowels and see that they are regular.

A mild, pleasant tasting laxative such as Dr. Caldwell's Syrup Pepsin, is ideal for children because of its natural composition and gentle action, and because it contains no opiate narcotic or other harmful habit-forming drug. Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere. A teaspoonful at bedtime will bring easy, certain relief. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.

### CAMPAINING FOR MEMBERS OF THE CHAMBER OF COMMERCE

Greensboro, Feb. 17.—Teams representing the Chamber of Commerce today began the annual canvass for new members and renewals of members. They reported a splendid day's progress. More than two hundred people and firm are to be canvassed. During the last two years subscriptions to the work of the Chamber have been liberal and as a result the organization has done much effective work. Mr. Charles W. Gold, of the Jefferson Standard Life Insurance Company, is president of the Chamber this year, while Mr. J. C. Forester has been re-elected secretary. Mr. Forester has come to be regarded as one of the most progressive secretaries in the South.

Secretary Garland Daniel, of the Central Carolina Fair Association, says that he is prepared to offer special inducements to football teams that will play a game on the large field in the center of the race track during the annual fair here this fall. He has invited two eleven and wants at least one game. Probably arrangements could be made for at least one more game during the four days of the fair. This plan is in keeping with a movement by Greensboro people to bring intercollegiate games to the city.

The Pomona graded school has arranged to purchase an entire block of property on Spring Garden street and Cameron avenue to be used as a playground. The property was purchased at a good figure, and yet the advocates of the proposition feel that it is a moderate price considering the location and the advantages that will come to the school from it. The block is about 300 feet square, and is a very attractive piece of property. The school now has an enrollment of 400, which will be doubled within the next few years. It is one of the most progressive schools in the county.

### Why Early Peace is Unlikely

Springfield Republican. In his statement to Parliament as to the entrenchment of discussing peace, Mr. Asquith did not mention the obvious fact that the German army is still in control of practically the whole of Belgium, and that on the one side Britain could not consider peace terms which did not rehabilitate the Belgians in their own country, while on the other Germany could not at present be expected to withdraw from Belgium without receiving very great compensation elsewhere. If territorially the gains were more equally shared they would perhaps be on both sides a greater readiness to negotiate. The Russians, to be sure, still hold a considerable part of Galicia, but that is Austria's affair, and Germany is the dominant partner. Having once more, after six months of fighting, cleared her own soil of enemies while holding fast enough to Belgium and France to make a magnificent prize of war, Germany cannot be expected to discuss a peace which would bring no reward for the sacrifice of life and property. With some reason, Germans feel that they have had the best of it thus far, and Mr. Asquith is probably correct in his reasoning of this temper. While they can guard the Vistula it is not easy to see how a basis for peace negotiations can be found unless the Allies are able to expel them from Belgium and France. It is this aspect of the case which gives such immense importance to the arrival of the new British armies. By June we may see some test, not of the ability of the Germans to hold out, but of their ability to hold on.

### GOOD REASONS WHY LITTLE YADKIN SHOULD BE ANNEXED

Ninety Per Cent of the People Are in Favor of Annexation

WOULD BENEFIT ALL CONCERNED

To the Editor of The Journal: Good reasons why Little Yadkin township should be annexed to Forsyth county are: Because Winston-Salem is their market. The citizens are daily customers in the Twin-City. They could transact their county affairs with little or no extra inconvenience. Because they are cut off from Yadkinville by the river. Because it is the choice of more than 90 per cent of the voters and tax payers of the township to be annexed and thereby benefited without damage to Yadkin or Forsyth. There is scarcely enough—not favoring anything, in the township, to hold the offices of same. It is our duty to help them, when help can be given without hurt to any one. Any disinterested person who knows conditions as I do, would favor annexation. The State, Forsyth, and Little Yadkin are all Democratic, and at our hands, they are asking for bread. Shall we give them a stone?

Mr. J. J. Kiger's land is assessed at \$21 per acre in Little Yadkin, while Mr. P. M. Trivette's, in Forsyth, of the same plantation appraised by good men at the same price per acre, is assessed at \$8.00 per acre. Mr. Trivette gets the benefit of good roads, good bridges and good school. What have the citizens of Little Yadkin got for all these high taxes in little Yadkin township? Comparatively speaking they get but little. Yet they are perfectly helpless. They are not knocking at our door as paupers, but as good, peacable law-abiding tax paying citizens who could be a help to us, themselves and Yadkin county. There are only two miles of public roads in the township. They have good reasons for annexation. Who has any good reason why they should be denied? I have yet to hear any reason at all to the contrary. Protesting is not sufficient without a good reason. How could it hurt Yadkin? How could Forsyth be hurt? And too, the new Yadkin-Forsyth bridge which is now under construction being clear out of their reach, why compel them to be exposed to the inconvenience, danger, and expense of crossing the river at a ford or ferry, when we could so easily remove the obstacle by reversing the direction of their county seat? This obstacle has been removed from Yadkin county, so that they can soon get to market by way of a steel bridge. There is no river between Little Yadkin and her market and why should they be called upon to pay an additional 10 cents bridge tax for a way to get to market when there is no river to cross. Yadkin gets the benefit of her tax in bridge service. Forsyth is benefited by the extra business coming over the bridge to Winston-Salem and the county. Can any one tell where this one township can possibly be benefited a cent in the world by the bridge tax? It is so situated as to be out of reach of benefit. The township cannot be shifted over into Yadkin, or over into Forsyth and thereby placed in position to receive benefits, but the line can be changed to solve the whole problem, and this is all they ask. To whom, then, shall they go for relief, save the General Assembly of North Carolina? There is no other alternative. Will the delegation now in Raleigh be denied? I am loath to believe their struggle for justice and freedom will be in vain. In conclusion, I wish to say Yadkin county is facing a crisis just now, in the matter of good road bonds, and cannot well afford any unnecessary friction at the present. Why not give your consent for this child across the water to be adopted into a hearty assurance of friendly relationship for all time to come. Annexation is the only logical thing to do, since the almighty hand of nature has placed Forsyth county in better position to render the necessary relief, and in turn has placed Little Yadkin in position to give Forsyth more business and better service than is possible under present conditions. J. T. POINDEXTER, Lewisville, N. C. Feb. 16, 1915.

—Silvius—"I wonder why Dolly Dash away is so popular?" Cynius—"She's one of those girls a fellow feels he can propose to without any serious danger."

The Germans would not have so much difficulty in moving toward Paris if the Russians were not constantly disposed to press along in the same general direction.—Washington Star.

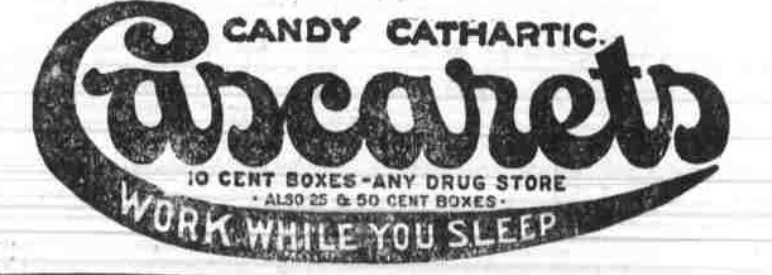

—Silvius—"Do you believe marriage are made in heaven?" Cynius—"If they are, heaven must have a lot of misfits to work off."

Judging from the evidence we have seen of Teutonic culture you "Spell it with a 'K'" when you get in Dutch.—Kanesburgh Illuminator.

There should be no foreign resultment of the banishment of the United States. A neutral flag is exceedingly desirable to fly in an emergency.—Washington Star.

### COLDS, HEADACHES, SOUR STOMACH? REGULATE YOUR BOWELS---10 CENTS

You men and women who get a cold easily—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick gassy stomach. Are you keeping your bowels clean with Cascarets—or merely dosing yourself every few days with salts, pills, castor oil and other harsh irritants? Cascarets immediately cleanse and sweeten the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. A Cascaret to-night straightens you out by morning—a 10-cent box keeps your head clear, stomach sweet, bowels regular and you feel buoyant for months. Don't forget the children.

### When You Put Your Foot in a Shoe

you want it to feel comfortable, to wear well, and to last long. A shoe that does not meet these requirements is not a shoe. You find these qualities united in the shoes you get here.

### United Shoe Store

430 Liberty Street

### Your Socks and our stocks should have a vital relationship

with such brands as "Monito"

The kind that have a silk outside for appearance and lisle inside for wear at .25c or

"Phoenix" pure thread silk, the best 50c socks you can buy, or the famous

"Holeproof" socks at 25c, 50c or 75c the kind with the six months guarantee.

With This "Triple Alliance" there's no such thing as "de feet" coming through too soon.

Upon my sole, these sox are great.
