

# AT THE THEATERS

**BIG CROWDS DAILY AT THE PARAMOUNT THEATER**

With an entire change of bill which many declared superior to that staged on the first two days of the week, the Paramount theater entertained three more good sized houses yesterday. The second bill of the week was an altogether different character from the first, running more to the line of real musical comedy and containing many select hits of high class vaudeville. The singing was excellent, the costumes appropriate and in every way it was a fast snappy show. The pictures add so much to the performances and the audiences seem to appreciate this feature more than ever this season.

The same bill as yesterday will be repeated today with a change of pictures. There will be another complete change of bill tomorrow.

## SPLENDID COMEDIAN AT THE ELKS AUDITORIUM

"Sugarfoot" Gaffney got 'em going again at the Auditorium yesterday. The change of bill gave him another opportunity to capture the crowds with his funny stunts and his clever songs and dialogues. The way the crowd laughed and cheered showed that he was on the right track to create real amusement, and it was a well contented throng that left the theater after each of the three shows. The bill yesterday was a new one to this city and was splendidly staged by Miss McGeorge and her assistants.

The same bill is to be repeated today. The management's offer of ten per cent. of the gross receipts of the day to the fund for the relief of the Jews in Europe is expected to augment the usual crowds, and a big business is anticipated. The show is good and the cause a just one. It is hoped that a large sum will be raised for the local fund through this contribution of the auditorium.

## "SEPTEMBER MORN" HERE FOR TWO PERFORMANCES

The new musical play with the airy, topical title "September Morn" offers a cute, lively story that fairly convulses the audiences as every bit of crisp, witty dialogue and laughable situation is presented and one finds his or herself humming or whistling the lively tunes after the catchy music is reeled off the harmonious voices of the augmented chorus and feature songs of the principals.

The company numbers fifty and is composed of many wellknown musical comedy artists who come to the Auditorium next Monday matinee and night with the organization from a long and successful run at the LaSalle Opera-House, Chicago.

Seats on sale tomorrow morning.

## SOUTHERN PROVIDES SPECIAL REPAIR SHOP FOR STEEL CARS

Knoxville, Tenn., January 26.—So rapid has been the increase in the use of steel cars on the lines of the Southern Railway that it has been found necessary to provide a special shop for repairs to equipment of their class to be located at the Coster shops near Knoxville.

The new facility will consist of an all steel main shed 73 feet by 480 feet with three tracks extending through same and a work shop 31 feet by 100 feet, both equipped with overhead power cranes and full complement of machinery and tools for repairing steel cars.

During the past ten years Southern Railway has purchased 23,000 all steel and steel underframe cars and the new shop will provide better facilities for keeping them in repair than could be had in the old shops which were originally built for handling only wooden cars.

Contract for the construction of the steel frame for the main shed has been let to the Virginia Bridge and Iron Co. and the material will be fabricated at the Memphis plant. Construction will begin before April 1st and will be completed within six weeks from that date.

Other additions to be made to the facilities at Coster shop will include a scrap dock with reclaiming shop for handling and reclaiming future accumulations of scrap resulting from repairs to cars and an additional wash and locker room for the use of employees. The erection of these build-

# LYCEUM WORKER VISITS HIGH POINT

## Trying to Interest Towns in New Circuit System

High Point, Jan. 26.—Solon H. Bryan, who is one of the most enthusiastic lyceum workers in the South, stopped over in High Point today. He is taking run through some of the leading towns to acquaint the people with his new circuit system.

As the head of the Piedmont Lyceum association, recently organized, with headquarters in Charlotte, Mr. Bryan has so worked out an efficiency program that, backed by his indefatigable and optimistic energy, will strongly appeal to that desire to be entertained which resides in every normal human being, giving the public the benefits of the lyceum with the hitherto oftentimes objectionable features omitted.

By his system of what he calls the "Circuit Plan" a club of 100 towns is to be organized for the season of 1916-17, giving the towns the same benefit as if they assumed the responsibility of organizing the club. By joining this club each committee secures the price based on 100 members in the club, together with the very decided advantages to be derived from the "Circuit Plan." One of these advantages is shortened railroad jumps, making the mileage less, insuring connections, and consequently filling all dates. A "missed date" or an unemployed date will be entirely eliminated, and talent composing the circuit do not have to bear the burden of taking care of lost time on other talent. In a talk concerning entertainment possibilities throughout the Piedmont section, Mr. Bryan, remarked: "The Midland Lyceum bureau of Des Moines, Iowa, have successfully worked this plan for the towns in that section for the past fifteen years, having saved local committees thousands of dollars during that time." It is the purpose of Mr. Bryan, through the Piedmont Lyceum association, to make the same economy possible to local North Carolina and other Southern committees.

This town is working to send a large delegation of laymen to the International Laymen's convention which will be held in Greensboro Feb. 9-13. As a result of the committee from Greensboro, composed of A. M. Seales, E. J. Davis, S. H. Hodgins, and O. W. Monroe, which visited High Point last Sunday, a local committee consisting of J. W. Harris, chairman, A. E. Tate, vice chairman, and T. D. Gilliam, secretary, was appointed to arouse interest both locally and in the neighboring towns of Thomasville, Asheboro, and Randolph. To visit these towns next Sunday a deputation committee was appointed comprising J. Allen Austin, R. T. Pickens, Julius Smith, O. E. Mendenhall, Dred Peacock, and A. M. Briggs. Several other committees were designated for the purpose of looking after local religious, statistical, passenger rates, schedules, publicity, etc. Sentiment seems to be that this will be a record-breaking laymen's convention.

## TRAPHILL ITEMS

Traphill, Jan. 26.—Mr. Mat Bauguess, a highly respected citizen of this place, aged about 90 years died of La grippe, and was buried yesterday.

Dr. Tyre York, who has been in feeble health for some time, does not improve any. He is now confined to his bed all the time.

Mr. Blaine Sparks is wearing a broad smile. It's a fine girl.

Weather continues very bad, and La grippe and pneumonia are visiting many homes in this section.

## GIRL WHO FELL FROM SIXTEENTH FLOOR MAY LIVE

Chicago, Jan. 26.—Physicians at St. Luke's hospital today said there was no change in the condition of Miss Minnie B. Werner, 21, who fell from the sixteenth floor of the Transportation building here yesterday, sustaining injuries of a comparatively minor character. They said chances for her recovery were excellent. Miss Werner denied that she tried to commit suicide.

# BEAUTIFUL TRIBUTE TO THE LATE THOMAS P. BAILEY

To the Editor of The Journal: The people of our town, and the entire county were shocked beyond expression today, when it was announced that T. P. Bailey had passed away at 3:30 a. m. Many of his friends did not even know that he was sick. Pneumonia was the cause of his death. He was 66 years of age and leaves a widow, one sister, Mrs. Sallie Lee; two nieces, Misses Pertie and Allie Lee; and T. Bailey Lee, a prominent attorney of Idaho; also one brother, Wm. Bailey a host of relatives and friends innumerable.

Mr. Bailey was the leading and one of the most prominent citizens of our town and county. A member and official of the Presbyterian church, a prominent Mason, the origination and leading spirit of the Masonic picnic, which has done so much for the past thirty odd years for the Oxford-Cranham Asylum.

He was the president of the Bank of Davis, a trustee of the State Normal College at Greensboro and was connected with many of the banks and manufacturing enterprises of this section of the State. He was one of the leading attorneys of the county and had achieved and won distinction at the bar.

He will be missed as few men can be missed in our town and county. No man in Davis county has left his impress more indelibly than has he. He was a leader among men. You could always find important questions affecting the welfare of the people of his town, county and State. His was a positive character, a leader of his people, and the agency left by his taking away is not going to be easily filled.

I have known him since I was a boy, and no one outside his immediate family knew better how to appreciate his kind, generous noble heartedness. He did much kindness that the world knows not of, for it was not his nature to seek notoriety. His life was a success, but not in the sense of having amassed a great fortune, or won great political honors for these are successes that men of ignoble minds, devoid of souls can win. His was that greater success that comes from a pure and lofty mind and a broad mind that soars the near and little things of this life.

Toe to his ashes and everlasting rest to his soul.

—E. H. MORRIS,  
Mocksville, N. C., Jan. 25, 1916.

# Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside-bathing is more

# WILLIAM RAINEY BENNETT TO LECTURE HERE TONIGHT

William Rainey Bennett will deliver his famous lecture, "The Man Who Can" at the high school auditorium tonight. This is the third number of the high school's lyceum course. The following notices relative to his address elsewhere will be of local interest:

The impression of William Rainey Bennett who was here on December 17th seems to be unusually good. Dr. Bennett was great. He is a great lecturer performing a great mission in a great time. He brought a message to us; a message of good cheer in a hard time. We want Dr. Bennett on our course next year.

J. Reid Bridges of Woodward, S. C. The impression of William Rainey Bennett who was here December 10th seems to be excellent. He made a good impression. Enclosed press clipping and an editorial.—Community Y. M. C. A., Salisbury, N. C.

The impression of William Rainey Bennett who was here November 25th seems to be very good. He made a hit and would draw well again.—C. A. Tenchbaugh, Chattanooga, Tenn.

—Unfortunately the experience that makes a man sadder isn't guaranteed to make him wiser.

# PARAMOUNT TODAY

The biggest laugh provoking show we've ever seen—and we've seen a whole lot too. If you wasn't there yesterday come and see the change in program—new pictures, too.

**Vaudeville Music Comedy Singing Dancing Pictures Orchestra**

And the whole thing for 5c and 10c at 3:15, matinees daily; 10c and 20c at 7:30 and 9 every night.

# INTERESTING NEWS NOTES REPORTED FROM SILUAM

Silouam, Jan. 26.—Mr. D. M. Wright made a business trip to Rural Hall and Winston-Salem, Monday, returning Tuesday.

We are sorry to state our clever road contractor, Mr. J. D. Blankenship, who has been confined to his room with Chills for several days, is not yet able to be out.

Mr. Sol Epperson of Winston-Salem made a pleasant call in the burg a few nights ago.

Miss Bessie Matthews is visiting her grandmother, Mrs. Norman, near Rockford, for some time.

Owing to cold and rainy weather of last week, our road work has been checked some but has now resumed in full blast.

The farmers of this section are about through selling tobacco for this season.

Germany reports that none of her submarines sank the Persia. That's good, our next sharp note won't have to be written in German anyway.—Pittsburgh Gazette Times.

# SEPTEMBER MORN

MUSIC BY AUDREY STAUFFER LYRICS BY ARTHUR GILLESPIE

**THE SHOW THAT DANCED AND SANG ITS WAY TO POPULARITY IN A DAY**

Prices: Mat. 25c 50c-75c & \$1.00 Night 50c-75c \$1.00 & \$1.50 Seats Friday 10 A. M. at Box Office

# AMERICAN FEDERATION DECIDES FOR CARPENTERS

New York, Jan. 26.—The American Federation of Labor committee today decided in favor of the United Brotherhood of Carpenters and joined in their dispute with the International Bridge and Structural Iron Workers over a jurisdiction over the Dock Workers' Unions.

TO CURE CHILDREN'S COLDS Keep child dry, clothe comfortably, avoid exposure and give Dr. Bell's Pine-Tar-Honey. It is pleasant, soothing, antiseptic, raises phlegm and reduces inflammation. The first dose gives relief, continued treatment with proper care will avoid serious illness or a long cold. Don't delay treatment. Don't let your child suffer. Get a bottle today. Insist on Dr. Bell's Pine-Tar-Honey. 25c. at druggists.

—Distance lends enchantment to the view, especially when we view the people who are too close.

# Auditorium Monday, January 31st; Matinee and night.

RONIAND & CLIFFORDS LA SALLE OPERA HOUSE

**BIG FUN PLAY WITH TUNES**

MUSIC & COMEDY & TANGOS & JOY

# PILOT TODAY

"BLIND JUSTICE"

Three reel Essanay drama with Henry Walthal. The reviewers give this picture splendid recommendations.

# "Saving Susie From the Sea"

One of those LKO comedies

# ELMONT TODAY

5c

"The Little Mascot"

A pleasing comedy with Baby Earle. The children will like this as well as the grown ups as it appeals to both.

"Bashville Billie"

A Lubin comedy that rounds out this bill into one of exceptional good COMEDY from first to last. If you want to laugh join the crowds.

# AUDITORIUM Today

A great big swell show with music and vaudeville features; comical antics by "Sugarfoot" Gaffney; a delightful orchestra concert; two reels of Pathe motion pictures and the company of hundreds of other amusement seekers.

10 PER CENT of all money taken in today goes to help swell the fund for the stricken Jews in Europe. Everybody is coming tonight to help this cause and to enjoy a real swell show.

# TODAY

Different show than Monday and Tuesday. Many think it better. All agree it's mighty good.

# REGULAR PRICES

# JOURNAL WANT AD-Bring Results

## Rheumatism!

How is rheumatism recognized? Some have said—

- Rheumatism is a dull pain.
- Rheumatism is a sharp pain.
- Rheumatism is sore muscles.
- Rheumatism is stiff joints.
- Rheumatism is a shifting pain.

All have declared—*Rheumatism is Pain.*

Sloan's Liniment applied:—

The blood begins to flow freely—the body's warmth is renewed—the congestion disappears—the pain is gone.

# Sloan's Liniment

KILLS PAIN (GUARANTEED)

Rheumatism and allied pains yield to the penetrating qualities of this warming liniment.
