U. OF N.C. TRACK MEN PRACTICING

Bright Prospects for Good Team for Outdoor Meets

Chapel Hill, Jan. 26.—For the past two weeks the track men have been taking full advantage of the fine weather. Every afternoon a large number of the latter men and other members of last year's squad go out for a short workout. It is not likely that the University will send a team to any of the indoor meets that are to be held during February. Carolina has not taken part in indoor meets since three years ago, when a relay team defeated the Carolina Indians in a two-mile race. An adequate place for indoor training cannot be had here, hence the University teams are always at a great disadvantage.

Prospects are very bright for a well developed and well balanced team for the regular outdoor meets that will come off during the months of April and May. Captain Patterson has made no official call for candidates as yet on account of the period of mid-year examinations. But it is likely that such a call will come within the next week if the weather continues to be fair enough for training.

The problem of getting new men out for the early training is going to be solved this year by having the inter-class meets as early as possible, probably by the middle of March. In the past it has been very hard to get the new material out. It is believed that the inter-class rivalry will cause all the aspirants for the team to begin training immediately.

Most of the members of the team that won the State championship at Durham last year are back in the University and have already started to training. Besides these stars of last year several other good men from other colleges and Universities are reported to be in the University. Grant, a Varsity man from the University of Virginia is here. He won the Southern two mile race at Washington two years ago. He will be out for the team this spring.

Track athletics at the University took a decided slump immediately after the departure of Coach Nat. Carlmond in 1913. But from all indications Carolina is going to have one of the greatest years in track this spring that she has ever had. This is due partly to the new Emerson Athletic Field which has a quarter mile track twenty two feet wide. This will be one of the fastest tracks in the South East.

Manager Frank Haeker has arranged one of the best schedules within recent years. Five meets have already been arranged, with a probability of two more. An effort will be made to secure a meet with some college within the State for April 1st. The Emerson Stadium has caused the State meet to be arranged here and will be held April 29th. The first meet to be held here will be with Washington and Lee University. These teams meet for the first time in five years.

The schedule is as follows: April 1 Open. April 8 Clemson College at Clemson College, S. C. April 15 Washington and Lee, Chapel Hill. April 22 V. P. I., Blacksburg, Va. April 24 V. M. I., Lexington, Va. April 29 State Meet, Chapel Hill.

LADIES! LOOK YOUNG. DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody will Know

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scruffy, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Walth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes more abundant and thicker, and you appear years younger.

RANDOM COMMENTS

By Clarence Reese Scroggs

There is just one time in the life of a woman when it is the unanimous verdict of men and women that she is a dear, and that is in her gog age.

Of course, in times of war men have to fight and in times of peace they have to work, but even then they know they haven't always got critical eyes surveying the cut of gowns, or the arrangement of coiffures.

Will some kindly disposed statistician figure out how many individual sparks have been administered to the south-west portion of the respective anatomies of the Katzenjammer Kids?

If all those golden and sun-kissed tresses of which the modern novelists rave could be seen in kid curlers they would probably be known by another name.

Experience with men who carry concealed weapons is a pretty good illustration of what preparedness will do.

As one of our contemporaries has remarked, if this Nation ever goes to war with Mexico, it will be because of loss of property and not because of loss of life. The soul is a little commodity that expects its reward in the future; but property brings happiness now and woe be unto the Nation that destroys it. Selah.

As long as the game of life is on there's hope of making a royal flush.

One can't help noticing that they temper the length of the skirt to the size of the calf!

Funny how the Kids which say all the bright things that dotting fathers tell us about grow up to be ordinary mortals after all.

To save the inconvenience of delving into dusty almanacs to get a new one to spring every week, someone should issue a book on "Sayings of Bright Kids for Busy Fathers."

If ankle watches do come into vogue here, people will probably awake to a deeper consciousness of the passing of time.

Our idea of a really talented family is one where one of the men can run fifteen pool balls without a miss, another who can pull axes from anywhere in the deck, and one who can topple over ten ten-pins at a time.

Honesty, of course, is the best policy for the other fellow.

Local society folk realize, of course, that they are not strictly modern as regards the skating craze, but then they are not sore!

In view of the magnificent progress accomplished the past year, here's hoping for a look at the 1916 model skirt.

Married men's pants' pockets, too, often show the "touch of a vanished hand."

There is every reason to believe that those who in days gone by followed the straight and narrow way were the original good roads enthusiasts.

The introduction of horse meat as an article of food should prove a boon to loafing houses.

But still, some muck-raking guy will come across with the information that the automobile trust is back of it.

What has become of the old-fashioned man who used to tell you that more liquor is sold in North Carolina than was sold before prohibition?

And the Legislature having allowed a quart every fifteen days to taper the State off on, the Demon Rum will probably have to fly to the cyclone cellar when the representatives of the peep-pather at Raleigh next year.

Will the open-hearted lads of Forsyth kindly wear their hearts on their sleeves during leap year for the convenience of the progressive fair ones?

Gott strafe poll tax! Life—just one tax receipt after another! We understand that lodging house inmates here are to advocate a municipal soothing syrup dispensary. We have never heard the roar that comes from the big guns engaged in artillery fire, but we imagine it sounds like it does in front of the Hotel Zinzendorf about four o'clock in the morning. Were we a Chopin, we would compose a "Sore Symphony" with the doctors in that famous hotel and the rooms, matched only by the divine

"DUMB DAN" MORGAN CONSENTS TO SPEAK

DAN MORGAN.

New York, Jan. 24.—Dan Morgan, one of the most picturesque fighting managers in the country, who has earned the sobriquet "Dumb Dan" by his ability to talk about the fighters under his management at any and all times, even in sleep, has consented to write a few words concerning himself.

Among the prominent fighters whom treble runs that issue from others.

For the snore is musical, except when one is sleepy. But occasionally some woman has to spoil the magic effect by trying to snore beyond her range.

The Easter season at hand—when half of the men are dreading to have to buy 'em; and the other half are wishing they only had some one to buy 'em for.

Here's hoping that this Spring's crop of embryo Mittons, Shelleys, and Byrons won't be of the prolific variety.

Whittier when he uttered the fateful words, "it might have been," might have been thinking of the time he drew to a "dead high" hand and reflected that it might have been an ace.

If they really want to make baseball a success here this summer, why not have a little vaudeville daily in front of the grandstand?

Add things that never happen: Sheriff in a western movie coming back without capturing the villain.

A sweet woman—Blanche.

Morgan has managed six K. O. Browns, Charlie Griffin, Jack Britton, Battling Levinsky, Matt Wells, Jack Dillon, Jim Savage, Johnny Howard, Al McCoy, Sailor Grande, Young Ahearn, Frank Moran, Phil Bloom, Soldier Bertfield, Atto Collier, Kid Wagner, Bobby Reynolds, Frank Longhery, Kid Taylor, Sailor White, Jimmy Coffey, and a few hundred others.

Now for Dan's own story: "When I entered the boxing game, as a manager, it was about nine years ago, and it was through sympathy for little Charlie Griffin, of Australia. Griffin had been abused by his managers, and he was all ready to go back home, when he asked me to lend him a helping hand.

"Although I am given credit for doing wonderful work with K. O. Brown, Levinsky, Jack Britton, and Matt Wells, I think, the handling of Charlie Griffin was the star act as a manager. I made twenty two matches for Charlie, and although he was whipped twenty one times in succession, I received a \$1,000 guarantee, for his twenty second bout.

"While I was managing Griffin, a little cross-eyed kid, weighing 114 pounds, came up to the training quarters in Stratford, Conn., and asked me to give him a fight. I laughed at him, and thought it was a joke, until he put on a pair of gloves, and slugged Charlie Griffin, all over the gym. Griffin weighed 135 pounds. The kid was no other than K. O. Brown, the famous fighting Dutchman, who later on whipped two world's champions, and earned \$170,000 in six years.

Jack Britton walked into my office one day, and he told me that he had been boxing for ten years without any result. I immediately sent him up to the training quarters in Stratford, and kept him there for two months, until he got a punch, and the result was that Britton started to knock out some of the best lightweights in the world, including Charlie White, Jimmy Duffy, Eddie Murphy, and a few other high class boys. Britton has earned with me in three years about \$75,000.

"About three years ago, a big skinny looking kid came into my office. I asked him his business, and he told me he was an insurance agent, and his name was Barney Williams. He is now Battling Levinsky, the world famous heavyweight, who fears no man, black or white.

"Levinsky is now a big real estate owner and also a deputy sheriff in Stratford, Conn. The Battler has led all boxers of the world, in the last three years, in number of bouts fought. He has earned over \$85,000 in that time.

"Matt Wells, the English lightweight champion, is made over again. He is now fighting better than ever. A few years ago, he thought he was all in, until I talked it over with him, and the result is that Matt is on his road to fame and fortune.

"My rule for handling boys is that they must obey me in everything except love affairs. I don't bother with that kind of bunk. If a boxer is any good, and will agree to work with me

on the level, I will guarantee to make a fortune for him in two years.

"I don't use tobacco or take strong drinks in any form, and I have always asked the boys to do the same thing. I have managed over 200 fighters in nine years, and I have hundreds more on the waiting list. The boys have taken part in over 2000 battles, and up to date none of them has ever been injured. I also take good care that nothing happens because a man goes into the ring out of condition to box. I have really taken in for my boys' services, since I entered the boxing game, nearly half a million dollars, and I always compel my boys to give the public its money's worth."

"P. S. Listen to this! I am a White-Irish-American, weight 180 pounds. My age is, none of your business, but I will admit to having seen 40 summers. I don't mean a summer at the north pole. Before taking up the managing of boxers I was in the dry goods business and also a window dresser."

Nobody has suggested that the Colonel ate humble pie for dessert at the Gary dinner.—New York Evening Sun.

Nujol A PURE WHITE MINERAL OIL Your Doctor Prescribes It THE highest medical authorities everywhere now endorse pure mineral oil as a remedy for constipation. Nujol conforms to the requirements of the mineral oil treatment as prescribed by its discoverer, Sir William Arbuthnot Lane. It gives permanent, not temporary, relief from constipation, with none of the harmful after-effects of laxative drugs. Nujol is odorless and tasteless, absolutely neutral, and is not digested or absorbed into the system. It acts merely as a mechanical lubricant. Nujol is not a drug. Its use will not give quick, temporary relief. But Nujol is a genuine remedy in that it relieves constipation in the most natural way by lubricating the lining of the intestines, softening the intestinal contents, and thus promoting healthy and normal bowel activity. STANDARD OIL COMPANY (New Jersey) Bayonne New Jersey Write for "The Rational Treatment of Constipation," an informative treatise on constipation. If you cannot get Nujol from your druggist, we will send you a pint bottle prepaid to any point in the United States on receipt of 75c—money order or stamps.
