SUFFRAGE LEADERS HAVE HIGH HOPES

Regard Attitude of Democratic Leaders as Friendly; Anti-Suffrage Leader Will Oppose Plank.

(By The Associated Press.) St. Louis, June 12.—Hope was high in suffrage circles tonight that the Democratic convention will incorporate an equal rights plank of some form in its platform. No official declaration of the convention's intention was forthcoming but suffrage leaders regard the attitude of many Democratic leaders toward their cause as friendly. Suffrage leaders tonight had made tentative arrangements for a hearing by the resolution committee on their demands, probably on Wednesday, and were in an optimistic mood.

LETTERS FROM OUR FRIENDS

Following are some of the letters received by The Journal during the first few days: Hon. R. L. Doughton, popular representative in Congress from the Eighth District, writes from Washington, as follows: 'I note with much interest and pleasure the fact that you have made arrangements for the use of the leased wire service, by which to give the readers of your paper benefit of the Associated Press dispatches. This is certainly a progressive and valuable step taken for your readers and should be, and no doubt will be, greatly appreciated by them. No paper comes to my office whose editorials are more eagerly read, and I consider, with this new service, that it will be second in no respect to any daily in North Carolina. Please accept my sincere congratulations.'

STONE CONSIDERS 6.00 P. NOMINATION VERY DANGEROUS

One Half G. O. P. Platform Has Been Enacted by the Democrats and the Other Half is Now Being Worked Out.

WOULD AMEND THE U. S. CONSTITUTION

Declares Supreme Court Judges Should be Ineligible to Any Political Office; Criticizes Progressive Platform.

(By The Associated Press.) St. Louis, June 12.—Senator Stone, who is to be chairman of the resolutions commission of the Democratic convention, issued a statement today, calling the Republican platform drafted in Chicago a "remarkable culmination" with one half the legislation it demanded already enacted and the other half now being worked out by the Democratic party. Senator Stone said that he considered Mr. Hughes a man of ability and character, but looked upon his nomination as a political office, to meet and serve a party exigency. The experiment is full of menace and danger. Hereafter it is more than probable that men appointed to the Supreme Court will begin to regard it not as the honorable and fixed goal of their ambition, but as a stepping stone to what they will, as Mr. Hughes does, regard as a political advancement beyond the judicial position they hold. National chairman McCoombs said tonight that he had received a telegram from Jacob Schiff, the New York banker, asking that a stronger candidate than Mr. Marshall be named and Mr. Morgenthau also stated that he had received a letter from Mr. Schiff containing a similar request.

LOCAL MERCHANTS ABOUT READY FOR STATE GATHERING

Committees Have Practically Completed Plans for Receiving State Merchants Association Here Next Week.

TO BE ENTERTAINED IN TWIN-CITY WAY

Merchants Here to Make Bid for State President and Mention Mr. J. Frank Morris for This Important Place.

(By The Associated Press.) The plans of the local Retail Merchants' Association to entertain the North Carolina Retail Merchants' Association which is to meet in this city next week, June 20-21-22, as practically completed by the various local committees, were reported at the meeting of the association last night, at which a good representation was present. Mr. J. Frank Morris, chairman of the general committee, announced that the various committees had been at work and were practically ready for the visitors. He said that the program had been so arranged that the business and social sessions would not overlap or interfere with each other. The first meeting, he stated, would be at 2:45 o'clock Tuesday afternoon, at which time the delegates will register. The first session will be held at 8 o'clock that evening in the Board of Trade rooms, to which all of the merchants of the city, whether members of the association or not, as well as the hopes of the city, are invited. Mr. E. B. Berger, chairman of the entertainment committee, announced completed plans. The visitors, after registration Tuesday, will be given tickets to the ball game and two cars will be on the square to take them to the games without cost. On Wednesday afternoon, about 50 automobiles will assemble on Third and Cherry streets and will take the visitors on a 48-mile ride over the city, visiting many places, including Salem College, Moravian Graveyard, Reynolds, Hones Mill and finishing about 5:30 at the Country Club, where luncheon will be served. Delegates will return to the city about 7:30 o'clock for the evening session. The luncheon promises to be one of the most interesting of the social events of the week. There will be a few short after-dinner talks by prominent merchants, interspersed with four courses of food. Third and Cherry streets will be closed to traffic and one to each of the firms that are members of the local association. In the absence of Mr. E. W. O'Hanlon, chairman of the finance committee, Mr. F. E. Griffith reported that the manufacturers and wholesale firms of the city had been asked to make contributions toward the expenses and the response had been liberal and almost general. 37 firms have contributed an average of about \$10 each, which amount will almost pay the expenses of the local entertainment.

CAMPAIGN WILL BE FULL OF ORATORY

Democrats Will Call On The Best to Meet Hughes and His Campaigners; Want Wilson to Stump.

(By The Associated Press.) Washington, June 12.—Democratic leaders, looking forward to the campaign, are virtually in accord that it will be marked by inspiring oratory, a clash of intellects between President Wilson and Mr. Hughes, and a marked free from personalities. Some of the Democratic leaders expect to call upon the best of the Democratic party. Whether the President will go into the campaign will be decided by the President later, but it is probable that he will be able to get him to speak. Democratic leaders recall that although there has been some argument against a President taking the stump in a campaign for re-election, precedent is not lacking. They point out that Mr. Taft made many trips throughout the east in the battle for convention delegates with Colonel Roosevelt, and that the two candidates followed each other through State after State. Nothing is further from their thoughts than a similar campaign, but Mr. Wilson will almost certainly be asked to contribute by some active participation to offset any advantage the Republicans may gain from the speeches of a man who has been Governor of a most potential State and Justice of the Supreme Court.

(By The Associated Press.) Washington, June 12.—The Supreme Court today denied the petition of the Commonwealth of Virginia for an immediate order to the court's marshal to sell property of the State of West Virginia to satisfy the \$12,000,000 judgment against the latter in the Virginia-West Virginia State debt case.

RAILROADS AND THE EMPLOYEES FAIL TO REACH AGREEMENT

Future Action of the Employees Depends Upon the Explanation by the Railroads Today of The Contingent Proposition.

CONFERENCE HALTED EARLY IN THE DAY

Vote on General Strike Will Be Taken if the Conference Breaks Today; Employees Will Hear Proposal Before Acting.

(By The Associated Press.) New York, June 12.—Representatives of the chief railroads of the United States and of the unions of railroad employees were far from an agreement on questions of wages and hours of work when an adjournment of their conference was taken late today. Upon the detailed explanation tomorrow of the railroads of the country of "contingent" proposition, it was predicted by A. B. Garretson, president of the order of railroad conductors, would depend the future attitude of the railroad men, even to the point of ordering a strike vote among the 350,000 members of the unions. Mr. Garretson's prediction was prompted by the fact that during the day the conference came suddenly to a halt when the railroads' "contingent" proposition, which demanded eight-hour day but refusing double compensation for double time, was rejected. "We have already rejected the railroads' proposition, name it what you will," said President Garretson, "we are now engaged in getting it read into the record in detail. There does not seem to be anything else to discuss when the railroads finish. If the railroads do not back down from their position that the proposition must be based on their 'yardstick' methods, they are not to be further necessary for continuing the conference." Mr. Garretson and the other Brotherhood leaders stated that if the conference breaks up tomorrow they will report back to the men a vote on the general strike with the understanding that they will return to the railroads and renew their demand. If they are refused then the general strike will be called. The conference threatened to come to an end today when Elisha Lee, chairman of the railroad manager and of the conference, read an outline of the "contingent" proposition. An adjournment was taken until late in the day and then it was decided to suspend final action until the railroads' proposal had been heard in detail.

ROMEO AND JULIET IS POSTPONED TO THURSDAY

(By The Associated Press.) The postponement of Romeo and Juliet to Thursday night was due to the inclement weather conditions existing yesterday and lasting up to mid-day. This made it impossible to promise a production tonight and Thursday night, if the weather permits, an even better performance than would have been given tonight, will be presented. Everything is in readiness and an entertainment of smoothness and polish is assured. Seats will be on sale Wednesday and Thursday at O'Hanlon's and Thurday's drug stores.

ADDITIONAL FORCES SENT TO RE-INFORCE FUNSTON

(By The Associated Press.) Washington, June 12.—Secretary Baker announced late today that 1,000 additional coast artillerymen and a battalion of engineer troops from the city had been ordered to the Mexican border for patrol duty. In all, about 1400 men will be added to General Funston's command.

HUGHES OPENS HIS HEADQUARTERS IN A NEW YORK HOTEL

Re-enters Politics With Great Zest; Held Open House Until Midnight; Several Party Leaders Among Visitors.

BELIEVED CAMPAIGN WILL START EARLY

Campaign in New York Will Be Opened This Week; Will Issue no Statement Until Formal Notification Of Nomination.

(By The Associated Press.) New York, June 12.—Charles E. Hughes re-entered politics today, apparently with abundant zest. He reached this city early in the day, established temporary headquarters at an uptown hotel and virtually held open house until nearly midnight. Scores of persons on various missions flocked to his rooms, mostly men who had known him when he was campaigning for Governor of New York. There also were several party leaders among his callers. No Statement Yet. Mr. Hughes expects to issue no statement until he is formally notified of his nomination. The subcommittee to confer with him as to fixing a date for the campaign probably will wait on him in a few days and until then, it is understood, he will allow his telegram to chairman Harding of the Republican national convention to stand as his declaration of principles. Although the nominee's plans are still unsettled, it is likely that he will remain in New York until June 20 or 21, when he expects to attend a reunion of the class of '81 of Brown University and commencement exercises at Providence, R. I. By that time it is believed his plans will be more settled. Marked Change in Bearing. To those who know the nominee as a Supreme Court justice, there was a marked change in his bearing today. His air of reserve apparently had left him with the robes of his office, his eye sparkled with enjoyment, he had a hearty hand grasp and a smile for every man he met and seemed enthusiastic in his welcome of old friends who came to see him after intervals of years. Many Callers. They came in crowds. One man, an old school mate, who used to call him "Charley," dropped in after an absence of nearly 40 years. Another, who said he hadn't seen him for 15 years, waited an hour in his automobile to remind the nominee of the days when he taught a Bible class in the Fifth Avenue Baptist church here, of which the caller was a member. "The class," he said, "that John D. Rockefeller, Jr. taught afterwards." Robert Fuller, who was his secretary when he was Governor, spent the afternoon helping him receive callers. Among those who called were Henry W. Taft, State Chairman of the campaign; Herbert Parsons, national committeeman; Samuel Kenig, New York Republican leader, William A.

CHIHAUUA OFFICIALS BEGIN ESTIMATION OF FORCES IN THE EVENT OF ARMED HOSTILITIES

(By The Associated Press.) Chihuahua, June 12.—Officials here have begun to estimate available Mexican forces in the event of armed hostilities. It was said that in addition to his present command of 10,000 men, the State of Chihuahua alone has 50,000 men available. Despite the somewhat critical situation here the campaign against the bandits is being pursued actively. General Ignacio Rios, after his victory over the largest band of the bandits along the upper Rio Colorado, while a column under General Dominguez Arrieta has been ordered to assist in the annihilation of the band. There have been rumors that Villa himself was in command of the bandits. Reports of the discovery in several cases in North Durango of caches of about 25,000,000 rounds of Mils rifle ammunition reached General Treviño today. The men are being held for trial for participation in the recent attack upon the Chihuahua foreign club and General Treviño is arranging to compensate the Club for the damage done.

SLAYS GRADUALLY DRAWING NEAR THE CZERNOWITZ GOAL

Unofficially Reported Russians Have Already Captured the Capital of Bukowina; 114,000 Prisoners Captured.

GERMAN ATTACK IS EXPECTED ON NORTH

Will Probably Attack on Northern End of Line to Draw Russians From The Austrian Offense; Official Statement.

(By The Associated Press.) Petrograd, June 12.—Via London.—The numbers of Austrians captured by the Russians in the new offensive movement has been increased to more than 114,000. In many sectors of the front the Russian statement says today that the Russians are still pursuing defeated Austrians. The statement says Russian troops yesterday approached the outskirts of Czernowitz, the capital of Bukowina, and that they attacked the bridgehead at Zolosevka, which is 30 miles north-west of Czernowitz. An official report in circulation here that the Russian captured Czernowitz, has been given color by the capture of Dobronowitz, a commanding point two miles to the north. The Russian line extends to Okla. From both these points good roads lead direct to Czernowitz, and according to military authorities they are the only positions in this district capable of defense. Checked Momentum. On the Volynia front various counter attacks characterized the last 48 hours of fighting, 500 were able to check the momentum of the forces of the Russians. It is not believed here that the Germans are sending many troops to aid the Austrians. It is pointed out that only during Russia's spectacular Czernowitza campaign did Germany send troops to assist in the defense of the Austrians. Instead, it has been their practice to undertake an offensive on some other line in an endeavor to draw off the Russians. It is the opinion of observers here that it is not possible for the Germans to attempt to attack an offensive on the northern sector of the Russian front than to risk weakening their lines by the detaching any number of troops for stiffening the Austrian defense. Official Statement. "Owing to storms in South Russia and consequent temporary rupture of telegraphic communication, reports are delayed and news of our armies is restricted. Nevertheless, General Brusilov's offensive continued yesterday in many sectors of the front we are still pursuing the defeated enemy and in some places we attacked him hotly. He counter-attacked with desperation. The total of our prisoners now amounts to 1,700 officers and 143,000 men." Details of Fighting. The following details of the fighting have been received: In the course of the engagement near Rajteha on the Siver, four Russian battalions, consisting of 1,000 men, recently formed elements captured 18 officers and 1,184 German soldiers, and 28 officers and 742 Austrian soldiers as compared with the total force of 2,000 given yesterday. South of Lank on the Riva front, by this of our army distinguished itself by its capture of the body at Wehly, in Galicia, in the region of the villages of Gliniki and Verbovich, north of Tarnopol, the enemy attacked repeatedly and furiously, but was repulsed on the morning of the 11th. In this of our army distinguished itself by its capture of the body at Wehly, with which it met all the enemy's attacks. (Continued on page four.)

NOTORIOUS BANDIT LEADER SKILLED

Body of Bandit Killed in Chase of Bandits Who Raided Ranch Identified as That of Villareal.

(By The Associated Press.) Laredo, Texas, June 12.—One of the three Mexican bandits killed today in the chase of Villareal, who raided the T. C. Coleman ranch, near Laredo last night, were a Carranza uniform bearing the insignia of a Carranza Lieutenant Colonel according to a message received here tonight. One of the bandits taken prisoner and identified the body at Wehly, Texas, this afternoon as Lieutenant Colonel Villareal of the Carranza army. Villareal, a Mexican cowboy captured by the bandits on the trail on the Coleman ranch and who escaped when the Mexicans were surprised while attempting to burn the bridge on the International and Great Northern near Laredo, said tonight the bandits talked freely of their plan to burn the bridge and wreck a train, after which they intended killing and robbing the passengers. At Laredo, just east of Laredo, the bandits, according to sources here, intended to write a favorable notice in the papers, they had the intention of returning to their homes. The letter was given to Villareal leading the band, who promised to deliver it to Mendez's wife. This letter was found on the bandits' bodies. Deputy Sheriff Dolores of Laredo headed the posse which intercepted the bandits at the bridge, and it was one of the deputy's shots which killed Villareal, according to reports here. Villareal and his band fought desperately and only tried to escape when their leader had been killed. Two other Mexicans were killed before the bandits retreated. Villareal was about 35 years old. American soldiers are stationed at Wehly tonight, owing to fears that the town will be attacked by bandits in revenge for the killing of their leader.

MINING MEN ESCAPE

(By The Associated Press.) Columbus, N. M., June 12.—A party of American mining men including several mechanics from Cushman, Okla., and a physician, are said to have reached General Pershing's camp at Nampitaco, Mexico, on their way to the border to escape persecution by Mexicans opposed to the presence of American troops. REMOVED BANDS IN THE AREDO REGION CAUSE UNEASINESS

Anti-American Feeling in Northern Mexico is now Spreading; Additional Regular Troops Ordered to the Border.

NEW MOVEMENT BY REBELS DEFEATED

Carranza Troops Put Down Movement in the Tehuantepec Region; Lansing at Work on the Reply to Carranza Note.

(By The Associated Press.) Washington, June 12.—Coincident with continuing reports from consuls all over Northern Mexico telling of the rapid spread of anti-American feeling, the War Department today ordered 1,500 additional regular troops to the border. Though Administration officials made no attempt to disguise their opinion and it was officially intimated that there is growing alarm over what the situation may produce and the possibility of an attack on General Pershing's force. No other news on the persons of American residents in Mexico has been reported, although there have been one or two attacks on vacant consulates and other American property. Attack Ranch. Part of the increasing apprehension here is due to the renewed raids in the Laredo region. Several reports dealing with the situation there have been received. Officials declined to reveal details, but seemed inclined to believe a serious purpose was behind the bandit raid on the Coleman ranch. Three raiders were killed and three captured, one report said, adding that they attempted to burn a railroad bridge near Laredo but failed. The new force sent to join General Funston's border patrol, Secretary Baker said, will be full of men in the guard, such as that near Laredo. It will be composed of non-companies of coast artillery and a battalion of engineers. The artillerymen will be withdrawn from fortifications between Fort Bliss and Sandy Hook, and the engineers will be sent to this city. The secretary said there was no present intention of calling out additional National guard regiments for border duty. Patrol First On. General Meigs, commanding at Laredo, reported today that a patrol of three cavalrymen was fired on during the night of June 10, near the town of Huchita, and private W. L. Saunders of Troop K, 10th slightly wounded. Two Mexicans who sighted the firing escaped. A message from Captain Hruska, commanding the battleship Nebraska, at Vera Cruz, said there was considerable unrest in that section, due apparently to the presence of American troops.
