

DEATHS

MASTER EUGENE E. MILLS
Master Eugene, the six-week-old son of Mr. and Mrs. E. E. Mills, died Monday night at 10:20 at the home of the parents No. 1131 West Fourth street. The child had been ill for a week. The funeral services will be conducted at the residence this morning at 10 o'clock by Rev. Dr. H. A. Brown and interment will be in Beck's church graveyard, eight miles north of the city.

PORTER GRAVES MATHEIS
Porter Graves, the 11-month-old son of Mr. and Mrs. George Mathis, died yesterday morning at 1:30 o'clock at the home of his parents nine miles north of the city, after an illness of only a few days. A short funeral service will be conducted at the home at 1 o'clock this afternoon, which will be followed by a funeral service at Oak Grove Moravian church, Rev. Jas. E. Hall being in charge of the services. Interment will be in the church graveyard.

OZELL CARTER
Ozell, the five-year-old son of Mr. and Mrs. F. G. Carter, died yesterday afternoon at 5 o'clock at the home of his parents, 2206 Sunnyside avenue, Southside, after an illness of 17 days. Death resulted from a complication of diseases. The funeral services will be held this afternoon at 4 o'clock at Elm Grove Chapel by Mr. C. E. Crist and Rev. C. Williams. Interment will be in the Union Ridge cemetery two and a half miles south of the city.

MEETING OF STOCKHOLDERS OF OAK RIDGE INSTITUTE

(Special To The Journal)
Oak Ridge, June 13.—The third annual meeting of the stockholders and directors of Oak Ridge Institute, and, incidentally, the third annual picnic celebrating the anniversary of the laying of the corner stone of the Alumni building at Oak Ridge, erected by friends and alumni of the school to take the place of the school buildings that burned January 10, 1914, took place on the school grounds at Oak Ridge Saturday, June 11th. Many of the stockholders were present. Rarely has there been seen on the grounds here so many automobiles from the city of Greensboro, and so many people interested in the school and happy in the occasion.

"A HELPLESS MAN," SUBJECT OF EVANGELIST AT FOURFOLD

Evangelist Dunlap spoke last evening at the Fourfold Gospel church on "A Helpless Man," taking his Scripture from Acts 3:1-11. He said in part: "This man is a type of a sinner because he was not to blame for being lame, as he was born so. Let us not blame people for being sinners, as we all were sinners once until we found Jesus. The man got saved because a few generous persons in the Jewish church gave him things for his body and so he was there when a man came who could offer him salvation—his soul and body. So the church must always help the worthy poor or it does not deserve the name of Christ's church." The evangelist then said that it was very hard to help the worthy poor because there were so many impostors who were not worthy to be helped. He gave some amusing incidents about the Northern mission of Pennsylvania. The evangelist is not giving altar calls yet, but one man asked for prayer.

Tomorrow night the evangelist will speak on "Spiritualism and Salvation." Tomorrow at noon he will speak under the auspices of the Y. M. C. A. at the B. F. Huntley Furniture Co. and at 3 o'clock he will address the prisoners at the city prison. Thursday at noon Mr. Dunlap will speak at the Niscon Workmen's club, and on Friday at noon at the Norfolk and Western shops.

Skin Yellow, Breath Bad, Liver Clogged?

A Wineglassful of Tollo Water Will Get Your Liver Going and Make You Feel Fine in Half an Hour

Your liver is fairly begging you for help. Probably you much rich food and not enough exercise in the open air. The liver has become clogged and is forcing the bile back into your system—your skin becomes yellow because the bile is being absorbed into the blood. It upsets the stomach, causing gas to form; your breath gets bad; your tongue coated; sometimes you get dizzy, and your nerves are on edge. Get a 15-cent bottle of concentrated Tollo Water from the drug store—drink a third of a tumbler full in a glass of plain water before breakfast at any time on an empty stomach. In half an hour it will flush out the bile-tubes, really bathe the liver and expel the waste from the system. Your skin will clear up immediately and your breath become pure and sweet. Continue to drink a wineglassful of Tollo Water before breakfast for a few days and your natural, healthy color will return—your energy and strength will come back. This water does not act like drugs and oils that force and irritate, leaving you feeling weak and exhausted, but flushes and bathes in nature's way, giving you more strength and energy every day. After the skin has become clear and healthy, an occasional wineglassful in a glass of plain water before breakfast will keep your liver active and your stomach clean and ready to digest anything you eat. CHARLESTON PASTOR CALLED TO SUCCEED REV. MELTON CLARK

(Special To The Journal)
Greensboro, June 13.—The congregation of the First Presbyterian church yesterday afternoon called to the Charles F. Myers, of Charleston, West Virginia, to become pastor to succeed Rev. Melton Clark, who goes to Charleston, South Carolina. The call was unanimous after the report of the special committee to recommend Dr. Clark's successor. Dr. Myers has been preaching for twelve years, and has just received his D. D. degree from Washington & Lee University. He is forty years of age, and has a wife and three children. The church pays a salary of \$3,600 a year and furnishes a manse. It is generally understood that he will accept the call. He will not come to Greensboro before September.

ROTARIANS ELECT DIRECTORS AT THE BI-WEEKLY LUNCHEON

The Winston-Salem Rotary Club elected directors at their bi-weekly luncheon yesterday as follows: Messrs. P. H. Hanes, Jr., P. A. Gornall, B. S. Womble, R. M. Hanes, James A. Gray, Jr., and Dr. H. B. Rothbauer. A president and vice-president will be elected by the directors at a large meeting. The meeting yesterday was one of the best in some time, a large number of interesting matters having been discussed. An invitation from the Roanoke Club was received, which extended to the local club a cordial invitation to spend a day in the Virginia city on their way to the national convention in Cincinnati. A report was submitted by chairman of the committee on the Cincinnati convention and other business of routine nature was taken up.

How America's largest cigarette manufacturer accomplished "the Impossible" by producing a MILD cigarette that SATISFIES. It is the CHESTERFIELD Cigarette : : : : : : : :

ALMOST anybody can make a cup of coffee. But there are said to be not over a half-dozen restaurants in the United States where they know how to make it right.

Similarly, almost anyone can make a cigarette. Just roll up some tobacco in a piece of pure paper—and there you are.

There are, perhaps, over 800 brands of cigarettes sold in this country today. But not one of them does what Chesterfields do—for Chesterfields are MILD; and yet they SATISFY.

Some cigarettes may be mild, but they don't satisfy. Only one cigarette does BOTH—Chesterfield!

This truly unique cigarette has all of that refreshing taste-delicacy (or mildness) which any good cigarette must have. Yet, without sacrificing any of this delightful mildness, Chesterfields go one step further—they do more than merely "please your taste"—they let you know you've been smoking. They satisfy!

And yet they're mild! A Step Forward in Cigarette-Making

WE are proud to be the firm that brought about this important development in cigarette enjoyment—for that is exactly what the Chesterfield blend is.

This cigarette is an outgrowth of long earnest effort on the part of this, the largest cigarette manufacturing concern in the United States.

The mild, yet satisfying Chesterfield blend is not the result of happy chance. It is one of the results of our many years of cigarette experience—of the heavy volume of our purchases of cigarette tobacco—of the prestige and advantage these enormous purchases give us in securing the choicest leaf from the tobacco fields of the world.

Chesterfields are an achievement.

A New Thing for a Cigarette to Do

CHESTERFIELDS do the one thing you have always wished a cigarette would do—they satisfy!

Smoke them and we believe you will find that ordinary cigarettes seem by comparison almost flat.

Give Chesterfields a trial. We believe you will be glad to learn what they can teach you about cigarette enjoyment.

You have been reading here some rather unusual, almost daring, statements about a cigarette. If Chesterfields were an untried cigarette—if we had not been observing their behavior in other cities—if we did not KNOW that they make good with smokers, we could not afford to make these statements to you over our signature.

But these statements, strong as they are, can mean little or nothing to you until you have actually smoked your first Chesterfield.

You will find that your own dealer has Chesterfields waiting for you.
