MAJORS SUFFER BY BAD WEATHER

Thirteen Games Postponed in National and American Leagues During Past Week; Only Eleven Games

New York, June 13.—Bad weather played havoc with the playing schedules in the major leagues last week. Eleven games played and thirteen postponed was the record in the National. The American had better luck with sixteen games played and twelve postponements. There were no games at all in the National on Thursday and Friday. The standings in the two leagues show hardly any change from those of a week ago, except that the Chicago Cubs advanced from seventh to fifth place.

In the National league the eastern and western teams were evenly matched on the week's work. The Giants after their successful road trip struck a snag at the Polo Grounds, losing the series to Cincinnati and the only game played in the Pittsburgh series. The National teams ended the week lunched easily, slightly more than 140 points separating St. Louis in last place from Brooklyn in first place.

St. Louis in the American league ran its string of victories up to six before it was defeated Saturday by Boston. The Browns won three games during the week by one run advantage. They beat the Yankees twice in extra inning contests and lost to Boston Saturday 4 to 2 in 10 innings.

Detroit won all four games played and made a three straight from Washington. The Senators have been in a slump and their victory Friday over Cleveland was the first since May 27. The Indians played Washington a fourteen-inning 5 to 3 tie Thursday, the only game played in the major leagues that day. The week's play brought no change in the American league standing. Detroit, Chicago and St. Louis were the only teams to win more games than they lost. The western teams in the American won eleven games to four won by the eastern clubs.

SPECIAL TERM FOR CRIMINAL CASES IN GUILFORD COUNTY

(Special To The Journal)
Greensboro, June 13.—A special term for the trial of criminal cases convened here this morning with Judge Cline presiding, and Solicitor Brewer prosecuting. The special term will be followed by a one week regular term, and it is expected that during these two weeks the criminal docket will be cleared of all cases.

There are a very few jail cases but the bond cases have accumulated until there are nearly 100 on the docket. The most important of these is that against O. C. Klingman, charged with the embezzlement of a large amount of money from the J. I. Case Threshing Machine Company, of which he was district manager for many years. It is expected that this case will be tried during this week.

The defendant, an district manager, had charge of the company's business in several southern States, and a large amount of money passed through his hands. It was at first charged that the shortage was in excess of \$30,000, but it is now generally understood that the amount is considerably less than that figure. Mr. Klingman says that while he owes the company a considerable amount of money he will be able to show that he is not guilty of any crime. He is represented by able counsel and the case will be hotly contested.

Procrastination is the chief of time, but some people even go to the extent of killing time.

MORE LEE FOHLS WANTED IN MAJORS

Showing of the Cleveland Americans Under Former Trainer Reason for Call.

The initial inter-league clashes in the major leagues, which mark the close of the first stage of the season, show the last all-to-the good in both leagues and thus pre-emption does not figure out in the case of the National. Through somewhat upset in the American. The close of the inter-sectional campaign found in the first division of the National League the four teams that it was predicted would finish three-and-a-half positions ahead of the second four were the same four as predicted, but not in the positions assigned them. In the American League, at the close of the inter-sectional meeting, were two teams in the first division that were not supposed to belong there, with their places in the second division filled by teams that had been picked as strong pennant contenders. References are made to the Chicago and New York in the top set and Cleveland and Detroit in the lower.

And that is as far as the Lee Fohls. Don't depend on it.

The present facts are that the Western teams in both leagues, beyond the single exception of Cleveland, are making a sorry showing, and it behooves the managers who are supposed to guard the interests of the fans of the Cleveland to find out why and then remedy the fault. There are but two good reasons for it.

In the first, perhaps three, there are six in the West, and the Cleveland has more than second division teams.

We would suggest that the fault with the western teams in both leagues is not in the weakness of the playing talent, but in the way it is handled. The White Sox have an all-star team, the Cubs and Braves have the cream of the Federal League added to their forces, and their supporters have availed, the Tigers have a mighty team, Cincinnati has a lot of class and Pittsburgh also. Then why shouldn't these teams win?

Are there any more Lee Fohls in the making in the jobbers' with their lights under a bushel? It is for the western club owners to find out.

ALLEGHANY BOND ELECTION CARRIES BY GOOD MAJORITY

(Special To The Journal)
Cherry Lane, June 13.—The bond election held in Alleghany Saturday carried by a large majority, every township in the county giving a majority for it and only 300 cast against it in the county.

The proposition was for alleghany county to subscribe \$50,000 in 20 year bonds, to the capital stock of the E. K. R. and Alleghany Railway Co. provided the railroad be built through the county by the way of Sparta, prior to December 31, 1920.

HUGE SILK MILL WILL BE ERECTED NEAR ROANOKE, VA.

Roanoke, Va., June 13.—A duplicate of the silk mill of the Maroon Company at Slocum Brook, Pa., will be established in the outskirts of the city at an early date and will employ between 2,500 and 3,000 persons, according to information received by the Roanoke chamber of commerce here today. A large power plant will be erected on Roanoke river for the mill, it is understood.

Construction work on the first unit of the factory, which will employ about 500 men, it is said, will begin at once. Half of the employees, it is understood, will be women.
