OPPORTUNITY

They do me wrong who say I come no more
When once I knock and fail to find you in
For every day I stand outside your door
And bid you wake and rise to fight and win
Wait not for precious chances passed away
Weep not for golden ages on the wane
Each night I burn the records of the day
At sunrise, every soul is born again
Laugh like a boy at splendors that have sped
To vanished boys be blind and deaf dumb
My judgments seal the dead past with his dead
But never find a moment yet to come
Though deep in mire, bring not your hands and weep
I lend my arm to all who say: "I can"
No shamefaced outcast ever sank so deep
But he might rise and be again a man.

Mrs. Lindsay Patterson Hostess To Monday Afternoon Book Club

A very delightful meeting of the Monday Afternoon Book Club was held on yesterday, when Mrs. Lindsay Patterson was hostess, complimentary to the president, Mrs. Neal L. Anderson, who leaves in September for Texas.

Before the meeting the guests gathered on the porch, where as a group, a picture was made for the program.

The subject for the afternoon was "National Parks," and it was most skillfully and interestingly handled by Mesdames Charles Plumly, who spoke of Crater Lake, Frank Fries, Grand Canyon, Wm. N. Reynolds, Yellow Stone Park, E. B. Jones, Yosemite, W. W. Stout, Glacier Park, H. S. Lott, Moorsavard, Misses Delphine Carter, Rocky Mountain, and Miss Barbour, Mr. Bauer.

Afterwards an animated discussion of the program followed.

Mrs. Neal Anderson then read a most touching note of farewell, to which Mrs. Patterson responded with a beautiful resolution of regret at her departure, and appreciation of her services to the club. These were signed by all the members.

At the conclusion of a pleasant afternoon, a delicious salad course was served.

Those present were: Mesdames Henry McVey, E. B. Jones, H. M. McArthur, Frank Fries, Charles Plumly, W. W. Stout, H. T. Bahnsen, H. S. Lott, George Maslin, Misses Delphine Carter and Barbour.

Welcome visitors were Mesdames J. T. Simpson, of Reynolds, E. J. Hewitt, of Wauchoot, and J. A. Morris, of Thomasville.

WIDENING OF THE WAR ZONE CAUSES BIG DROP IN WHEAT

(By The Associated Press.)
Chicago, Aug. 28.—Abrupt widening of the European war zone today sent wheat values tumbling almost as if the market had no bottom. The extreme fall in prices was 11-14 cents, an amount virtually a parallel to the extraordinary rise witnessed two years ago on the day that hostilities began. Transactions measured in millions of bushels.

It was the view that the end of the war had perhaps been greatly hastened which probably brought about today's drop. It is believed Russian wheat will reach western Europe through Lumania, and the end of actual fighting already had begun on the Rumanian frontier and the wheat pit here nearly frantic and was followed by a wild close at the lowest price of the day, \$1.46 1/2 to 1.49 3/4 for September, and \$1.43 3/4 to 1.44 3/8 for December as against Saturday's finish of respectively \$1.51 3/4 and \$1.53 3/4 to 1.54.

STRONG PROTEST AGAINST THE OYSTER BAY QUARANTINE

(By The Associated Press.)
Oyster Bay, N. Y., Aug. 28.—Strict quarantine rules against influenza patients enforced in this village were denounced today at a meeting of the town board. Angry residents protested with such vehemence that the members of the board left the meeting, which was continued by the villagers.

Resolutions were adopted which placed the blame for the condition on John D. Rockefeller, Andrew Carnegie and other medical pirates.

The villagers demanded of the town board that "the medical rangers be discharged and the officials return to a common sense view of the situation."

ADVANCE OF NORTH FRONTIER IS MAKING CHICAGO "SOUTHERN CITY"

THE PRIMITIVE ROUTE

ROAD GANG

HOME IN CLEARING

The shift on this continent of Chicago to the southward as the northern frontier is pushed north and further north amounts now to five degrees of latitude, according to economists' data, and the road building program in northern Ontario rapidly is adding to the mileage. The more northward is added, the nearer relatively is Chicago to the Gulf of Mexico.

This year armies of men in a hundred summer camps are slashing open new roads through the timber by which the lumber crews, and their heels the settlers, are pushing northward in the Temishaming and Northern Ontario country, the remotest outposts of settlement in eastern North America. In the program of road building inaugurated by the province of Ontario in 1912 as many as seven thousand men have been employed.

Nowhere has the direct value to a region of good roads more plausibly been shown than in the north country since the road building program was inaugurated; the benefit to social life and economic progress of the settlers and to the encouragement of settlement.

NEGRO ASSAULTS WILSON PLANTER

Mr. Bruce Garden Probably Fatally Injured by Negro; Robbery the Motive; Negro Escapes

(Special To The Journal)
Rocky Mount, Aug. 28.—Victimized by a negro, who asked employment, but whose real purpose was that of robbery, Bruce Garden, a farmer of the Black Creek section of Wilson county, is seriously, if not fatally, injured and \$137.99, representing the proceeds from his day's sales of tobacco, are missing.

In the meantime, there is a large posse scouring that section of the county in search of the negro and there have been expressed fears of summary punishment if he is caught.

Mr. Garden was accosted at Wilson by a negro, who asked him for a job "pulling fodder," and the negro was carrying with the planter to his home. He asked to stop at a country store and buy a soda, and when reaching a secluded spot along the road he seized the soda bottle and dealt the farmer a severe blow and then beating him into insensibility, rifled his pockets and fled.

The injured man was found in his wagon in an insensible state 2 hours later, and for some time it was believed that he would not rally, owing to the heavy loss of blood and the fact that a fractured skull was feared. The man regained consciousness after several hours, however, and it is now thought that he has an equal chance at recovery.

SERIOUS TROUBLE PROBABLY AVERTED

Mob Sought Negro Who Murderously Assaulted Nash County Planters; Removed to Raleigh

(Special To The Journal)
Rocky Mount, Aug. 28.—Prompt action by the authorities and a speedy removal of Larry Hooks, a young negro, from Nashville jail at an early hour Sunday afternoon to Lenoir and thence to Raleigh later, probably averted serious trouble for the negro being sought by a mob and posse of several hundred citizens for the serious crime of murderous assault on Clarence Short and for entering his home and making himself objectionable to Mr. Short's wife and mother.

Mr. Short, who is a prosperous planter of the Nashville section, had trouble with Hooks at the tobacco barn about 2 o'clock Sunday morning and the negro went off, but a short time later went to Short's house, and demanding entrance on a plea that he wanted to know about his account, assaulted Mrs. Short and her mother and he was being very loudly and disrespectfully when Mr. Short arrived. A fight followed, the negro declining to leave the house when told to do so by Mr. Short and the negro brought a knife and razor into play, giving Mr. Short a number of stabs about the body, two entering his lungs and otherwise giving him injuries which, it is now believed, are fatal. The injured man was brought to the Rocky Mount Sanatorium and a report of his condition today indicates that it is extreme.

Following the altercation, the negro did not stay in making his way towards Wilson county, where bloodhounds were placed on his trail and he was found within a few miles of the city of Wilson. He was returned to Nashville about the noon hour yesterday and by that time a great number of citizens from the vicinity, in which the trouble had occurred had gathered about the jail and it was thought best to remove him to the Franklin county jail. This was done, but developments during the afternoon, as the report of the injured man's condition was received, indicated that it was advisable that the prisoner be removed to Raleigh, and this was done.

NORTH CAROLINA PRESS ASSO. JOINT COMMISSION WILL MEET IN GREENSBORO TODAY MEET AT PORTSMOUTH, N. H.

(Special To The Journal)
Greensboro, Aug. 28.—There will be a meeting here tomorrow of members of the North Carolina Press Association called by Edward E. Britton, of the News and Observer, who is president of the Association. The purpose of this gathering is to discuss the increasing cost of white paper, and see if there is not some way in which the cost can be reduced.

It is probable that the daily papers of the State will decide to cut down the size of their papers until paper is cheaper. At a recent meeting of afternoon newspapers, the matter was discussed, but no definite action taken.
