REQUEST OF PASTOR IS CONCURRED IN BY THE CONGREGATION

Orange Presbytery, Which Meets Here Today, Expected to Finish Formal Dissolution of the Pastoral Relation

DR. ANDERSON GOES TO WESTERN TEXAS

The congregation of the First Presbyterian church met immediately after the service Sunday morning and concurred with the Rev. Dr. Neal L. Anderson in his petition to the Orange Presbytery for a transfer to the Presbytery of Western Texas. Three parties are necessary to the formation and dissolution of the pastoral relations, the congregation, the pastor and the presbytery.

The congregation having concurred with the pastor it now remains with the presbytery, which will meet here today. A quorum of the Orange Presbytery is in Winston-Salem and as the meeting today can act only on the specific object of the call and on no other business it is likely that only two or three ministers from out of the city will be present at the meeting. The congregation of the first church having unanimously concurred in the request of their pastor for the dissolution of the pastoral relations and the call of Dr. Anderson representing the work of the church at large, the action of the presbytery today is merely formal.

Following is the letter of Dr. Anderson to the congregation:

"In accordance with my verbal statement to you I am writing to ask that you unite with me in requesting the Orange Presbytery to dissolve the pastoral relation in order that I may be free to accept the call to the Presidency of the Austin Theological Seminary, and the Chair of English Bible and Pastoral Theology in that institution.

"I have taken this step under what I believe to be the guidance of the spirit of God, and it is with a sad heart I make the request for the close of a happy pastorate.

"With sincere appreciation of your loving patience with my many short comings, and your devoted loyalty to my leadership as your pastor,

"Affectionately yours,
"Neal L. Anderson."

The following resolutions were adopted by the congregation Sunday morning after the reading of the letter:

"Whereas this congregation has by vote at this meeting, elected to join Rev. Neal L. Anderson, D. D., in requesting Orange Presbytery to sever the pastoral relations between him and this church—in order that he may accept the Presidency of Austin Theological Seminary at Austin, Tex., and

"Whereas our agreeing to join in said request is due to the feeling that the call to him is one from our church at large, and it is with a sad sense that we should not let our selfish preference control our acts in the matter, and

"Whereas we desire to express our love for, and confidence in our beloved pastor, as well as our regret at having him leave us after eight years of faithful and efficient service,

"Now therefore, he it resolved that we, the congregation of the First Presbyterian church of Winston, N. C., do hereby express our love for, confidence in, and appreciation of Rev. Neal L. Anderson, D. D., an ambassador of our Savior Jesus Christ, whose redeeming power and love he has faithfully proclaimed to us during his ministry; on which God the Father has set his approval as is evidenced by the many souls which have been brought into the communion and fellowship of this church; and he it further

"Resolved that we unite in the prayer that God will the more abundantly bless him in his new field of labor, and richly reward him by using him effectively in training young men for the ministry. And be it further

"Resolved that these resolutions be spread on the records of this church, and that a copy be furnished Dr. Anderson."

J. H. Suttenden, Clerk.

CORNER-STONE OF GRACE CHURCH LAID

Appropriate Exercises and Splendid Addresses Mark Important Event in the Building of New Church

The corner-stone of the new Grace church was laid Sunday with appropriate exercises. The services preliminary to the laying of the corner stone were held in the tent at the corner of Oakland avenue and East Fifth street which is now used by the congregation as a place of worship.

The following ministers were present and participated in the exercises: Rev. J. D. Williams, of the First Methodist Protestant church; Rev. C. E. Rounding, of First Memorial Moravian church; Rev. J. T. Byrum, of Broadwood Avenue Baptist church; Rev. W. M. Smith, of Salem Methodist Episcopal church, South; and Dr. H. K. Boyer, presiding elder of the Winston district, Methodist Episcopal church, South. Mr. Walter Thompson, superintendent of the Children's Home, was present and took part in the services.

History of Grace Church
Rev. J. S. Hiatt, pastor of the church, reviewed briefly the work of the church since its organization, 23 years ago. Only three charter members of the church are now living: Messrs. J. S. Lloyd and J. R. West, and Mrs. Mary Ann Walker.

The following pastors have served the church since its organization: Rev. W. H. Willis, Rev. J. H. Barnhardt, Rev. J. F. Kirk, Rev. W. M. Robbins, Rev. L. W. Collins, Rev. W. K. Boyer, and the present pastor, Rev. J. S. Hiatt.

Excellent music was rendered by the choir during the service. Immediately following the pastor's address they sang in a very effective manner, "We are Marching to Zion." The choir, under the direction of Mr. Hauser, Gwaltney and Spauldine sang beautifully "The Little Church in the Wildwood." Mr. V. M. Swain is the efficient choir director and Miss Annabelle Vingling is organist.

Dr. H. K. Boyer and Mr. Thompson, short talks were made by Dr. H. K. Boyer, Superintendent Walter Thompson of the Children's Home, Dr. Boyer talked on church building and showed that the building of beautiful and costly churches was of divine origin. Dr. Boyer said that Grace church was a very busy church which had a good deal of work to do. Mr. Thompson expressed his appreciation to the Grace congregation for their loyalty to the Children's Home. He said that the best thing a church could do was to build a suitable place of worship and that a handsome church was a good deal more to a community than a jail house.

Laying of Corner-Stone

At the close of Mr. Thompson's talk the congregation, led by the ministers, marched to the site of the new church where the corner stone laying exercises took place. The church present took part in this service. The regular prescribed order of service, in the ritual of the church, was used. The following articles were deposited in the corner stone: A copy of the New Testament; a copy of The Winston-Salem Journal; a copy of The Twin-City Sentinel; the North Carolina Christian Advocate and the Union Republican; the official roll of the church; names of the building committee; Sunday school scholars, officers and teachers; and Ladies Aid Society; the names of J. A. Wall, who contributed the pretty white granite stone; the names of the contractors, Messrs. D. K. and D. R. Ceil of Lexington; a picture of Mr. J. S. Lloyd, one of the charter members of the church, and a kodak picture of the pastor and family.

The contractors are pushing the work on the new church rapidly. The walls are taking the form of a building, being several feet high. If material can be had promptly the church will be ready for occupancy before Christmas.

FUNERAL SERVICES OF MR. W. C. LASSITER HELD YESTERDAY

The funeral services of Mr. William C. Lassiter, who died Saturday night, was conducted from the home, 301 Banner avenue, Southside, yesterday morning at 10 o'clock. Rev. Dr. C. H. Durham and Rev. H. A. M. Holshouser were in charge.

Interment was in Salem cemetery. The pall-bearers were Messrs. T. E. Landquist, F. G. Rogers, W. J. Spauld, J. E. Peterson, W. C. Wells and Dr. J. C. Watkins.

WINSTON-SALEM ISSUES CHALLENGE

Board of Trade Offers \$100 Reward to City Showing Better Record of Industrial Growth Than This

The Winston-Salem Board of Trade has sent out the following record of the city's industrial growth and a challenge, under the heading, "A Challenge to Industrial Cities."

"The recently published report of the Federal Census Bureau shows the value of the manufactured products of this city to be \$37,238,000 for 1914, the year of which the industrial survey of the country was made. This is equivalent to \$1,286 per capita for the entire population of the city. The increase in annual value of factory products from 1909 to 1914 was 212 per cent. Since that time there has been a further increase of about 130 per cent over the 1914 figures.

The Board of Trade believes these to be record figures of industrial increase and per capita value of factory products for the cities of the United States. But before making the claim, wants it verified or corrected if in error. So the various industrial cities of the country are challenged to show a better record. A prize of \$100 is offered by the Board of Trade to the first authentic claim to a better record for any city in the United States. The comparisons are to be based on the data compiled by the Federal Census Bureau and now being published for the several cities of the country.

The latest figures of the United States Internal Revenue Department show that the value of tobacco manufactured in this city exceeds that of any other city in the United States. St. Louis has been the leader for a number of years, but after a decade of very rapid growth this city has now taken the lead. In addition to the large output of tobacco products this city has a large factory production in furniture, woolen blankets, knit underwear, hosiery and other textiles, and a wide line of diversified products. It is the second largest furniture manufacturing center in the South and has the largest men's cotton knit winter underwear factory in the United States. It is located outside the zone of the Southern iron industry but among its industrial plants is one producing a high-grade iron ore for blast furnaces from the products of the sulfur and acid plants of the fertilizer factories.

Recapture the Old Joy Of Living

HAS life lost its zest? Do you suffer pretty constantly from nervous depression—"the blues?"

Very often this state of things is brought on by poor elimination. Constipation is the underlying cause of many a case of "nerves" as any doctor will tell you.

Once get rid of constipation *permanently* and you will be amazed at the transformation in your health and spirits.

Laxatives and cathartics won't cure you of constipation. They give only temporary relief and tend to form a habit which is exceedingly dangerous.

But you will find in Nujol a rational means of restoring normal, healthful bowel activity. Nujol is a pure white mineral oil conforming to all the requirements of the Lane treatment for constipation, which physicians everywhere are now prescribing as the safest and most effective means of restoring normal bowel activity.

It is not a laxative but a lubricant. Being entirely mechanical in its action it may be taken in any quantity without harm.

Nujol is colorless, odorless, and tasteless.

Write for booklet, "The Rational Treatment of Constipation." If your druggist hasn't it, we will send a pint bottle of Nujol prepaid to any point in the United States on receipt of 75c—money order or stamps.
