

self sufficient to hurry the develop-ment of the situation. Goods Pilling Up

Preliminary reports began coming to government departments showing the pilling up along the Atlantic ser-board of goods destined for export to European ports. No serious effect from this condition will be feit, how-ever, until lapse of sufficient ime for ships remaining in American ports gone to Europe While only approximately 10 cent of American commerce with En-rope is carried on American ships the sallings of vessels of other nationsalities in many instances have either been cancelled or postponed and therefore he results of the ruthless submarine compaign in time will re-sult in far reaching disturbances of industrial life of the United States. Preparations by the government for any eventuality still are going forward wi hout interruption. Much importance is attached to the work of the council of national deferice. which is holding daily seations for the purpose of learning at first houd from Americans of experience what provision must be made to co-ordi-nate American resources. E. S. Stetof J. P. Morgan & Company thrus of J. P. Morgan & Company, New York, was again before the council today furnishing information gained from experience as head of his firm's hore transactions in war orders for the Extents Allies. It was stated during the dat that it was entirely possible the dat that it was entirely possible the govern-ment would lake no scope toward ac-tually furnishing arms to American phine unless and until the President decides he should go before Congress.
