ASSOCIATED PRESS REPORTS

TRADING IN STOCKS LIGHT AND NARROW

Only Active Issues Were Marine Preferred and United States Steel; Coppers and Oils Strong

New York, Jan. 18.—Trading in stocks today was exceedingly light and narrow even for a week-end session. *Active issues Marine preferred and United States Steel made up almost one third of the total turnover.

Marine was heavy throughout at an extreme reaction of two points without recovery while steel made up its initial fractional decline on what seemed to be substantial buying.

Coppers and oils were the strongest features, gaining one to three points on reports of an early and satisfactory price adjustment by the war board. Specialties were featured by Wilson Packing at a gross gain of almost five points most of which was later forfeited.

Italy just about held their ground with moderate pressure upon low priced issues. Short covering contributed measurably to the firm closing.

General developments bearing upon the financial situation were unchanged. Foreign exchange was irregular, francs yielding slightly and rupees hardening.

Minor changes were disclosed by the bank statement, actual loans decreasing by \$32,500,000, with a decrease of almost \$11,000,000 in reserves.

A new minimum for Liberty first 4's at 95.65 was the only feature of the bond market, second four's selling at 95.18 to 95.12 and the 1-2's at 95.54 to 95.52. Total bond sales for value aggregated \$13,250,000. United States 2's at 93.45 and Panama gained 4 points on call during the week.

RECESSIONS

THREE WIRE BOXES

Unusual Activity and Splendid Results Mark Work During Past Week; List of Articles

Unusual activity and splendid results have marked the work of the past week at the Red Cross rooms of the Winston-Salem chapter, many of the ladies of the city having spent much time in the sewing and surgical dressing departments, resulting in three boxes for the headquarters.

The work has been very gratifying to the ladies in charge and they are very appreciative of the work of the numbers of ladies who respond to the coming indirectly from the boys from a number of homes in this city.

The daughters of the American Revolution are working as an organization for the Red Cross and much has already been accomplished. During the past week the members have completed 564 pieces in the sewing department.

The sewing department is open every morning and afternoon in the Red Cross building, and the surgical dressing department, under the direction of Mrs. Fred Hanes, is open the same hours, except on Saturday afternoons.

The first two from the sewing department and the last from the surgical dressing department, contained the following articles:

Box No. 27

- 15 pillow cases
- 25 sheets
- 2 operating gowns
- 12 shoulder straps
- 29 Turkish towels
- 12 pairs of socks
- 36 tube napkins
- 30 handkerchiefs

Box No. 28

- 70 sweaters
- 30 mufflers
- 40 pairs of socks
- 40 pairs of socks
- 1 comfort robe

Box No. 29

- 128 gauze rolls
- 840 folded gauze strips
- 425 gauze bandages
- 500 four-tail wipes

THEATERS AND AMUSEMENT PLACES WIN THEIR FIGHT

(By The Associated Press)

Washington, Jan. 19.—Theaters and other places of public amusement won their fight today for an amendment to the Fuel Administration's closing order and got permission to close on Tuesdays instead. The change was made after strong pressure was brought to bear on the Fuel Administration by New York theatrical interests.

All places of amusement are covered in the exception, including theaters, moving picture houses, bowling alleys, billiard rooms and private dance halls.

Places having cabaret shows occupy a peculiar position under the best interpretation of today's regulation that is to be had tonight. It says as amusement places they can operate on Monday, but under a section of the order governing hotels and restaurants, they will not be permitted to have heat if liquor is sold. On Tuesdays they can operate as restaurants and sell liquor, but if they furnish amusement they cannot have heat.

The change in ruling regarding amusement places, according to a statement given out by the Fuel Administration, was made to accommodate holiday crowds who will be in the city on Monday. The change was made to accommodate holiday crowds who will be in the city on Monday.
