CIGARETTE GIUS GET MORE MONEY AHEAD AT WORK

Danville, July 22.—The strike of the young women, employed in the packing department of the Lorillard Company, maker of little cigars, has been settled and the plant is in full operation again and running smoothly. About two weeks ago between 50 and 60 threatened to quit unless they received an increase and lived up to their threats this being on Tuesday, July 13. They have been out since but on yesterday when the time they had set expired, they were notified of an increase of three cents on a thousand and returned to their duties. During the time the girls were out, the company was greatly handicapped for the reason that many other employees were thrown out of work by the absence of the packers.

MINISTER SWEARS TO GRAHAM MOB'S ATTACK

Sergeant Price, of Durham, Declares Attempt Was Made To Storm Jail

(By Associated Press)

Durham, July 23.—Rev. Robert M. Price, pastor of the Lakewood Methodist church, and a sergeant in the Durham machine gun company, last night issued a sworn statement, in which he declares emphatically that a masked mob attempted to storm the Alamance county jail Monday night and fired upon the machine gunners guarding the jail before the soldiers fired a shot.

Sergeant Price says that he was in command of the machine gun that fired first, and that before ordering his men to fire, had narrowly escaped injury or death from bullets which whizzed by his head. His affidavit follows:

"In view of the fact that statements have been made to the effect that the firing on the night of July 19 by the machine gunners which I was to have charge in case of an attack. Upon arrival I found that the corporal and two men manned the gun pointing toward the cornfield in rear of the jail and that the corporal was on the point of leaving to shoot out a street light which I placed in a disadvantage if attacked. I placed myself in position to protect him in the event that he was fired upon from the flank of the cornfield nearest the street.

"While he was going, I heard something pass over his head and turned to see what was the trouble. I saw three men in the cornfield and heard more bullets pass over my head. One struck near the steps and almost hit the sentry who had given the alarm. Then I distinctly saw the flash of a gun fired from near the rear corner of the jail and saw the dirt spattered by the bullet when it struck scarcely two feet in front of one of the men at the gun. I immediately ordered the machine gunner to open fire which he did with good effect. As soon as the machine gun commenced firing the corporal returned, and he and the other man at the gun, together with four or five men on the small porch of the jail at that side, began shooting into the cornfield. About 25 shots were fired from the gun when the command to cease was given. Then the corporal saw more men advancing thru the corn and he fired every shot that I could hear of the place where Mr. James Ray fell was about 50 yards, almost directly in the rear of the machine gun and immediately in line of the fire coming from the direction of the cornfield. I am absolutely positive that Mr. Ray could not have been killed by a bullet from my machine gun nor from the pistols of any of the men under my immediate command for at no time were they trained in the direction where Mr. Ray fell.

"As to the statement that no one attacked the jail, that is absolutely false. A entry on the rear of the cornfield state that about 15 men advanced toward him. When ordered to halt, they charged on the run. The sentry retreated to the jail to give the alarm and was barely missed by a bullet after he reached the steps of the porch. The corporal who went to shoot out the street light stated that several shots passed over his head from the direction of the town as well as from the cornfield.

"I wish to state positively that no man on my side of the jail fired until I ordered the machine gun to open fire and I did not give such order until I saw the flash of the gun referred to above and the dirt spattered in front of one of my men.

"There was also some shooting by snipers on other sides of the jail, but I personally know nothing of activities on any except my own side."

"CHAP" PARDUE KILLS HORT ELLER IN WILKES

Party Who Did The Shooting Surrenders To Sheriff, Alleging Self-Defense

Elkin, July 23.—On last Saturday night near Elkin, Crook county, Wilkes county, H. E. Eller went to the home of "Chap" Pardue and awakened the family by calling for Pardue's son. The elder Pardue went out and tried to quiet Eller and get him to go home. Eller fired at Pardue but missed, and Pardue ran into the house and closed the door. Eller again fired thru the closed door. Pardue got his gun and fired on Eller, the entire load of shot passing thru his abdomen. Dr. Chast, of Ronda, was called and rendered what aid he could, but death resulted in a few hours. Pardue called up the sheriff at Wilkesboro and told him what he had done and that he was ready to surrender. Family troubles, in which Pardue's son and Eller's daughter were the principals, seems to have been the cause that led to the tragedy.

Mrs. E. J. Bray went to Raleigh last Saturday to attend the funeral of her little grandson, John Guy Berry, son of Mr. and Mrs. John D. Berry, who died Saturday morning with spinal meningitis.

James O. Harrington returned yesterday from a visit to relatives and friends at Lewiston.

Miss Jennie Mays, of 14 Twenty-sixth avenue, Nashville, Tenn., writes: "In the spring, I was run down with malaria, and as I did not take anything, I went on for a week or so, and could hardly walk or do any work. I did not have an appetite, and my head and back hurt all the time. And then I took typhoid fever! After I got up, I was so weak and nervous I could hardly walk around. I saw ZIRON advertised in the papers, and thought I would try it. When I had taken it, I felt better than in a good while. My appetite came back, and my back and head felt a great deal better. It certainly did wonders for me. I am getting along just fine. I have told my friends about it, and they say it is the best medicine ever taken. Certainly ZIRON Iron Tonic has helped me."
