This is the most magnificent Scheme that has ever been offered for the patronage of the friends of Lottery adventure in America. The small number of Tickets, and the unexampled demand for them, is a sufficient warrant, that there will not be a chance left, for weeks before the day fixed for the drawing, and that the price of Tickets will shortly rise to \$60.

Gentlemen are therefore requested to be early in their application, as all Orders actually mailed before the rise will be entitled to be supplied at the present rates.

\*\* Notes of the Bank of the United States and its Branches, and, generally, the Notes of all Banks that pay specie, received at par.

Also Mercantile Drafts at sight, on any of the large Cities, and Prize Tickets received freely in payment.

All letters to be post paid. The Mails may be relied on as being perfectly safe for all remittances.

### LATEST FROM LIVERPOOL.

By the ship George Cinton, from Liverpool, the Editors of the Nat. Advocate has received English papers containing London dates of the evening of the 25th August, also a Liverpool Circular of the 27th, which will be found below.

From our Correspondent.

LIVERPOOL, Aug. 27.

Cotton.—In the early part of the week the market was dull, and prices rather on the decline, but since Wednesday there has been more inquiry both from the trade and for export; and although prices generally are 1d to 1 1/2d per lb. lower, yet the market closed with a greater degree of firmness; 1000 bags of American, 1000 Brazil, and 500 Egyptian, have been taken on speculation and 2000 American for export.—The import is 6612 bags, and the sales amount to 11,706 bags, Upland do ord. to mid. 7 1/2 a 8 1/2; fair to good, 9 1/2 a 10 7/8.

Tobacco. The sales of the week, consist principally of Virginia Leaf and a few stemmed, to the trade, amounting altogether to about 500 hhds. The sales of the month are 435 hhds. Virginia Leaf and 151 Stemmied, 50 Kentucky Leaf and 84 Stemmied; and 106 Virginia Leaf to London; total 875 hhds. The imports 737 hhds, and the deliveries 458 hhds. The demand has been rather dull during the latter part of the month, the purchasers waiting the arrival of the new crop. The prices are however, very steady, and are 1 1/2d per lb. higher than at the close of last month.

LONDON, Aug. 25.

The Spaniards of Catalonia have taken up arms in expectation of a new French army crossing the Pyrenees.—The Etoile states that a new French army is about to enter Spain—2000 to occupy the Basque provinces, 4000 to be stationed in Arragon, and 2000 in Madrid.

Mr. Owen, since his return to Britain has published one of his American Lectures in the Glasgow Chronicle.—He denies that the people of the United States enjoy real liberty; and reverence for Christianity he calls the despotism of weak minds. This sort of cant is much older than Mr. Owen.

We have before noticed the continual exportation of the precious metals from the country. We hear that there has been exported to the continent, from the port of Dover alone, very near £800,000 in gold and silver, within the last three months! Within the same brief space, there has been exported hence the enormous sum of £2,830,000. If this continue, and there is every probability of it, the sight of a sovereign will soon be as great a curiosity as a guinea was in 1812. As the gold disappears, our will come the paper money, and up will go the prices of agricultural produce, to the ruin of the manufacturers.

Hamburg papers received on Friday, to the 12th, and Dutch to the 16th inst. bring a variety of miscellaneous intelligence. Under date of Hanover, Aug. 10; we find an account of a remarkable earthquake which occurred in that city. On the 29th July, at three in the afternoon, the earth sunk in and left a large opening in the district of Barlis, in
