With Planters disposed to make shipments for pounding and sale, an arrangement can be made, if desired, for advances on the same. The whole advantages of the New York Market, and the reputation of the Mill, whose Rice stands among the first are thus offered to the Wilmington Planters. All shippers may find their own barrels or casks, if they please. Arrangements may be made with the subscribers for shipping. For further particulars, apply to R. W. BROWN, & SON. N. B. Rough Rice purchased as above. Wilmington, N. C. 20th Nov. 1835. 46-3t.

PROSPECTUS OF THE CONGRESSIONAL GLOBE. The success of the experiment we have made to furnish a succinct history of the proceedings of Congress, from day to day, with sketches of the debates, induces the undersigned to persevere in their plan to extend and perfect it. They have resolved that the Congressional Globe shall not only embody the parliamentary annals of the country, but shall also furnish an Appendix, which will contain the finished speeches of the prominent speakers, on the most important subjects, written out by the members themselves, from the notes and printed sketches of the Reporter. The Congressional Globe, with an Index, will be published weekly, upon double royal paper, in octavo form, as heretofore, at one dollar, for the session. It may be subscribed for separately. The Appendix of finished speeches will, also, be published for one dollar. It is probable that the next session of Congress will continue nearly seven months; if so, the work will contain between four and five hundred pages, and will be the cheapest publication perhaps in the world. The next session of Congress will probably be the most eventful one which has occurred for many years, and will certainly be replete with interest, as its course will have great influence in fixing the destiny of the Republic for years to come. Immediately preceding, as it does the next Presidential election, and containing the leading minds of all the contending parties in the country, deep and abiding interests will attend the debates. The whole drama will be faithfully exhibited in the Congressional Globe and the Appendix. We have already provided for our reporting corps, and we expect to obtain an adequate reinforcement of capable persons in the other, by the time it meets, to fulfil our own wishes, and the expectations of the Members. No pains or cost on our part will be spared to accomplish it. As the work will be continued regularly, and be made permanent, authentic, and therefore highly useful, all who take an interest in the political affairs of the country will do well to begin their subscription the next session. TERMS. CONGRESSIONAL GLOBE-1 copy during the Session, \$1 00 Do. do. 12 copies during the Session, \$10 00 Appendix. Same price. The Congressional Globe will be sent to those persons that copy this Prospectus, if our attention shall be directed to it by a mark with a pen. Our Exchange List is so large that we would not observe it, probably, unless this be done. Payment may be made by mail, postage paid, at our risk. The notes of any specie-paying Bank will be received. No attention will be paid to any order, unless the money accompany it, or unless some responsible person, known to us to be so, shall agree to pay it before the session expires. WASHINGTON CITY, Oct. 14, 1835. BEAR & RIVES. 46-5t.

Look Here! I WISH to sell the HOUSES and other Fixtures by me possessed, in ELIZABETH TOWN, and kept as a place of Public Entertainment. Any description of the property is needless, as it is pretty generally known, and no person choosing to buy, would be likely to do so without first reviewing the premises. One peculiarity, however, that may not be at all times apparent; is, that it has been for years the place of rest and refreshment for the most respectable class of Travellers, and for which I beg leave to offer them my grateful acknowledgments: and nothing more is required than clean beds and good provisions for man and horse, to ensure success in the calling. My principal reason for wishing to sell is, great want of money, that I cannot have suitable assistance in managing the business; and having to sustain the burden of ordering and directing about house affairs, my attention is too much diverted from my mercantile concerns, which I am also desirous of bringing to a close. ELIZABETH TOWN, is clearly indicated by the present state of the River on which it is situated, and surrounded as it is by fine streams of water, suited for purposes of machinery, is destined to become a place of considerable importance, and with a small capital employed in Trade, much may be done, and for which purpose there are Houses already connected with the establishment. Many good BUILDING LOTS in the town, and several Thousand Acres of LAND, can be sold in connexion with the above, or otherwise. LOUIS SHERIDAN. Oct. 30. 43-ff.
