

MOFFAT'S VEGETABLE LIFE PILLS AND PHOENIX BITTERS.

THESE medicines have long been known and appreciated, for their extraordinary and immediate powers of restoring perfect health, to persons suffering under nearly every kind of disease to which the human system is liable. In many hundreds of certified instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, is the amount of suffering which has been relieved, that it has appeared scarcely less than miraculous to those who were unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and ending them with renewed tone and vigor, that they were indebted for their success, which was by no means upon them at the spontaneous request of several individuals whose lives they had obviously saved.

The proprietor rejoices in the opportunity afforded by the universal diffusion of the daily press, for placing his VEGETABLE PILLS within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and solely vegetable, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and used by them for medicinal purposes, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind, as to produce costiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This fact is well known to all genuine anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against the quack medicines of the day. The second effect of the VEGETABLE PILLS is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases, to the which the Vegetable Life Pills are well known to be infallible: DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and restoring to the pure healthy bile, instead of the acid kind; Flatulency, Palpitation of the heart, Loss of Appetite, Heartburn and Headache, Restlessness, Intemper, Anxiety, Languor, and Melancholy, will vanish as a natural consequence of its cure. Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence, as it would produce by the bowels costive, within two days. Diarrhoea and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane, cures of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in some cases, and through a solution of intestinal obstructions in others. Life Pills have been known to cure Rheumatism permanently in three weeks, and the Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints. Dropsies of all kinds, by forcing and strengthening the kidneys and bladder, they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the most cases of Dropsy. All kinds of Dropsy, lodging from the turnings of the bowels, the slimy matter to which these creatures, *Ascites*, *Ascaris* and *Consumption*, by relieving the air vessels of the lungs from the mucus, which even slight colds will occasion, which if not removed becomes unaided and produces those dreadful diseases *Scarcy*, *Ulcera* and *intersterial Sores*, by the perfect purity which the Life Pills give to the blood, and all the humors. *Scorbatic eruptions* and *bad Complexions*, by their alterative effects upon the fluids that feed the skin, the morbid state of which occasions all Eruptive complaints, *Saltum*, *Cloudy*, and other disagreeable Complexions. The use of these Pills for a short time will effect an entire cure of *Salt Rheum*, *Erysipelas*, and a striking improvement in the *Clearness of the Skin*. Common *Cold* and *Fever* will always be cured by one dose, or by two, even in the worst cases. *Piles*—as a remedy for this most distressing and obstinate malady, the Vegetable Life Pills deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the proprietor of these invaluable Pills was himself afflicted with this complaint for upwards of thirty years, and that he has been able to gain every remedy prescribed within the whole compass of the Materia Medica. He however, at length tried the medicine which he now offers to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible by any human means.

DIRECTIONS FOR USE.—The Proprietor of the VEGETABLE LIFE PILLS does not follow the base and mercenary practice of the quacks of the day, in advising persons to take his pills in large quantities. No good medicine can possibly be so required. These Pills are to be taken at bed time every night, for a week or fortnight, according to the obstinacy of the disease. The usual dose is from three to five pills, according to the nature of the complaint. Persons should begin with two, and increase as the nature of the case may require. Those more robust, or of very costive habit, may begin with three, and increase to four, or even five pills, and they will effect a sufficiently rapid change to guide the patient in their further use. These Pills sometimes occasion sickness and vomiting, though very seldom, unless the stomach is very full. This, however, may be considered a favorable symptom, as the patient will find himself at once relieved, and by perseverance will soon recover. They usually operate within 10 or 12 hours, and never give pain, unless the bowels are very much encumbered. They may be taken by the most delicate females under any circumstances. It is, however, recommended that those in later periods of pregnancy should not take them at a time, and thus continue to keep the bowels open, and even two may be taken, where the patient is very costive. One pill in a solution of two table spoonfuls of water, may be given to an infant in the following doses—a tea spoonful every two hours till it operates; for a child from one to five years of age half a pill—and from five to ten, one pill.

THE PHOENIX BITTERS are so called because they possess the power of restoring the expiring embers of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life from the ashes of its own dissolution. The Phoenix Bitters are entirely vegetable, composed of roots found only in certain parts of the western country, which will infallibly cure PEVERS AND AGUES of all kinds; will not fail to eradicate entirely all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla, and will immediately cure the determination of BLOOD TO THE HEAD; never fail in the sickness in which is attendant on young females; and will be found a

contain remedy in all cases of nervous debility and weakness of the most impaired constitutions. As a remedy for Chronic and Inflammatory Rheumatism, the efficacy of the Phoenix Bitters will be demonstrated by the use of a single bottle. The usual dose of these Bitters is half a wine glass full in water or wine, and this quantity may be taken two or three times a day, about half an hour before meals, or a less quantity may be taken at all times. To those who are afflicted with indigestion after meals, these Bitters will prove invaluable, as they greatly increase the action of the principal viscera, help them to perform their functions, and enable the stomach to discharge into the bowels, whatever is offensive. Thus indigestion is easily and speedily removed, appetite restored, and the mouths of the absorbent vessels being cleansed, nutrition is facilitated, and strength of body and energy of mind are the happy results. For further particulars of MOFFAT'S LIFE PILLS AND PHOENIX BITTERS, apply at Mr. Moffat's office, No. 546, Broadway, New York; where the Pills can be obtained for 25 cents, 50 cents, or \$1 per box; and the Bitters for \$1 or \$2 per bottle. Numerous certificates of the wonderful efficacy of both may be had on application.

In some obstinate and complicated cases of chronic and inflammatory Rheumatism, Liver Complaint, Fever and Ague, Dyspepsia, Palsy, Piles, injuries from the use of mercury, quinine, and other diseases of long standing, it may be necessary to take both the Life Pills and Phoenix Bitters, in the doses before recommended.

N. B. The Pills and the Bitters will get all mercury out of the system infinitely faster than the best preparations of Sarsaparilla, and are a certain remedy for the racking of blood to the head, or all violent headaches, *le douleur aux yeux*, &c. All persons who are predisposed to apoplexy, &c., should never be without the Life Pills in the house, for one dose in time will save life. They equalize the circulation of the blood, draw all pressure from the head, restore perspiration, and throw off every impurity by the pores of the skin.

Montague's Balm,

An Indian Remedy for the Tooth-Ache
THE established reputation and constantly increasing demand for this effectual remedy of pain, and preservative of the teeth, has induced the subscriber to offer it to the American public. Arrangements have been made to supply Agents in all the principal cities and towns of the United States, so as to place it within the reach of those suffering and likely to suffer, with the most painful of all ailments, tooth-ache. It will save life, applied according to directions given on the bottle; it has never failed to afford immediate and permanent relief. It also arrests the decay in defective teeth, and relieves that soreness which so frequently renders a strong tooth useless.

The application and remedy are simple, innocent, and not unpleasant; and the large number of persons in various sections of the country, who have already experienced such delightful and salutary benefits from the use of the balm, are ready to bear (for the public good) their testimony to its unrivalled qualities. It is an Indian remedy, obtained singularly and unexpectedly, and may be regarded by the civilized world, as the most remarkable discovery of the Red Man of the woods.

To the Afflicted.

HADLOCK'S Vegetable Powder and Syrup,
For Diseases of the Lungs, Liver Complaints, Dyspepsia, Coughs, Colds, &c.
THE operation of this Medicine is particularly mild and safe. It promotes a gentle and healthful perspiration, and checks morbid and pernicious sweats; relieves chronic affections and congestions of the lungs; assuages the most distressing coughs; and the expectoration it removes pains from the chest; relieves asthmatic or difficult respiration; corrects obstinate costiveness, and leaves the bowels in a regular and healthy state. Those painful symptoms which indicate diseased lungs readily yield to this certain remedy, when seasonably resorted to; and restores the patient to the bodily vigor which that exhausting disorder, the consumption, if left to its natural operation, so surely destroys.

TO THE PUBLIC.
We have had frequent opportunities, of consulting with our acquaintances at the south, who have used Hadlock's VEGETABLE MEDICINE, many of whose names are attached to this certificate, and from our knowledge of their respectability, and the benefits which they appeared to have derived from its use, we have no hesitation in expressing our belief that it is a valuable medicine for the purpose for which it is offered to the public, and as such we cheerfully recommend it.

Late Pastor of the Presbyterian Church, Wilmington, N. C.
H. A. ROWLAND,
Pastor of the Pearl-street Church, N. Y.
The efficacy of this Medicine has been so fully tested, that a list of certificates (which might be published) is deemed unnecessary. It may be obtained of the subscriber.

LAND AND MILLS FOR SALE.

IN consequence of the intended removal to the west of one of the joint owners, the subscriber proposes to sell the valuable SAW AND GRIST MILLS, situated on Lower Lule River, fourteen miles from Fayetteville, to which is attached upwards of 7,000 acres of TIMBERED LAND, lying on each side of the river, and convenient thereto.

The Mills are now in good repair, carrying three single saws, which saw on an average three thousand feet of lumber in a week, though this quantity has been increased greatly above this. The lumber is readily conveyed by water to the Wilmington market, and attended with little expense. The stream is sufficient to carry a gang of saws, affording at all seasons abundant water, on which may be erected a factory, there being an excellent site for that purpose. To persons wishing to invest capital in property of this kind, this place holds out inducements superior to none in this country. There is a good dwelling house on the premises, together with other necessary outhouses. The situation is healthy and water pure. A person from the low country, wishing a healthy retreat, would do well to call and examine.

We will sell on accommodating terms, giving liberal credit, the purchaser securing the same with approved notes.

For further information, refer to David Reid, Esq. Fayetteville, or to the subscribers.

\$180 Reward.

THE subscribers will give a REWARD of 180 DOLLARS for any person who will apprehend, and deliver to them in the town of Wilmington, or lodge in any jail of the State, the following NEGROES, viz. Nancy and her children, named Roger, William, James, Kitty Ann, Hannah, Julius, Philip, Morris, Job, and Nancy's youngest child, name not known. Also, twenty five dollars for Margaret, twenty five dollars for Sam, and thirty dollars for James. Said negroes are the property of the heirs of Elkanah Allen, sen. deceased, and are supposed to be going at large in the counties of New Hanover, Brunswick, Bladen, and Cumberland, and in the town of Newbern, as free negroes. There are many others that belong to the same heirs, whose names are not known. Any person who will apprehend any of said negroes, and deliver them to the subscribers, will be amply rewarded. All persons are forewarned from buying, or carrying any of said negroes out of the State, as the law will be enforced to its utmost extent against any person or persons who may attempt to do so.

Runaways.

RAN away from the subscriber on the 2d of June last, my negro man RICHARD, about twenty eight years of age. He is dark complexioned, rather low and well set, limps a little when walking, and has a small scar over one of his eyes. He is probably lurking about the Sound and Wilmington, where most of his relatives reside. He is legally outlawed. And a reward of TWENTY FIVE DOLLARS will be paid for his apprehension dead or alive. Satisfactory proof will only be required of his being killed. If taken alive, and confined in jail, or delivered to me at Richlands, Onslow county, all reasonable expenses will be paid in addition to the reward.—He has with him in all probability, his wife ELIZA, who ran away from Col. Thompson, now a resident of Alabama. She eloped from her master about the time he commenced his journey to that State. I will give a reward of FIFTEEN DOLLARS for her apprehension and delivery to me, or for having her safely confined in any jail, so I get her.

STEAMBOAT AND TOWBOATS FOR SALE.

THE Steamboat CLARENCE, and her two Towboats will be sold at auction on the 15th day of March.

The steamer was built in 1832, of best Southern materials, live oak, red cedar, and yellow pine. She is 103 feet long, 18 feet beam, and 7 1/2 feet hold. Her engine is high pressure, vertical, of 40 to 50 horse power. Her speed is fair, and for strength and durability, she is not surpassed by many boats.

The Tow Boats are of the best construction for river navigation, new, of great capacity for carrying light draft of water, &c. The sale will be positive, and without reserve. Terms, 6, 12, and 18 months, with approved paper. Any further information may be had on application to John P. Brown or W. O. Jeffreys.
