No paper discontinued until all arrearages are paid, unless at the option of the Editor.  
OFFICE on the South side of Market Street, below the Court House.

RICHMOND AND PETERSBURG RAILROAD.

Office of the Richmond & Petersburg Railroad Company, May 16th, 1838.  
The completion of this Railroad (from Petersburg to Manchester, opposite to Richmond) makes the chain of Railroads through the State of Virginia continuous, with the exception of only nine miles; and adds important advantages to the inland Route for Northern and Southern travelling.  
There are established on it two DAILY TRAINS, one of which is in connection with the North and South Mail line, and a TRI WEEKLY TRAIN, connecting with the Halifax, Wilmington, & Charleston Railroad, Stage & Steamboat line.  
Passengers who leave Charleston for Wilmington, on Sunday or Tuesday evening, will, if they arrive in Halifax by 5 o'clock on Tuesday or Thursday evening, be brought to Richmond, by the tri-weekly line, in time for the Wednesday or Friday morning's Cars for Washington, whereby they will reach Baltimore the same evening, and can proceed to Philadelphia the same night, and arrive in New York before dinner on Thursday or Saturday; being less than four days from Charleston to New York. The connection is equally good and expeditious with the extra line from Wilmington, and with all the lines from North to South.  
The route through Petersburg and Richmond will be found also to be one of the best routes from the South to the Virginia Springs. The Passengers can arrive at Charlottesville, having only 44 miles stage travelling, after reaching the Railroads in Virginia, in 3 days from Charleston, and 2 days from Raleigh.  
All possible arrangements are made on this Railroad for the comfortable and safe transportation of passengers. 132 10w

## WILMINGTON & RALEIGH RAILROAD, AND

## PETERSBURG RAILROAD.

TRAVELLERS are informed that an Engine connecting from the North and South, with the Wilmington Railroad Company's Line of Stages leaves Blakely every Sunday, Monday, Wednesday, and Friday, and always arrives in time at Petersburg to connect with the daily lines of Railroads and Steamboats passing through Richmond, Washington, Baltimore, &c. This line leaves Petersburg for the South on Tuesdays, Thursdays, and Saturdays, in time to connect with the Wilmington Railroad Company's Line of Stages.  
Travellers may rely upon finding on this Line careful and experienced Engineers, attentive Captains of Train, and comfortable Coaches.  
Petersburg, December 15th, 1837. 101 ft

## Great Central Route

BETWEEN THE NORTH AND SOUTH,  
Via the Portsmouth and Roanoke Railroad, and the Chesapeake Bay Steamboats.

THROUGH from Halifax, N. C. to New York, by the GREAT CENTRAL ROUTE, BEING THREE HOURS IN ADVANCE OF ANY OTHER LINE, and this without a moment's night travelling on railroad south of Philadelphia, and WITHOUT THE LOSS OF SLEEP.—Thus:  
From Halifax to Portsmouth, 6 hours.  
" Portsmouth to Baltimore, 14 " "  
" Baltimore to Philadelphia, 8 " "  
" Philadelphia to New York, 8 " "  
Stoppages, 5  
41

Leaves Halifax every Sunday, Wednesday and Friday, Baltimore every Monday, Wednesday and Friday, and Washington City every Wednesday. Fare from Halifax to Philadelphia, including every expense, (meals, portage, &c.) \$18.  
To be published until Friday in the Augusta Chronicle, and the following papers: Charleston Courier, Norfolk Herald, Baltimore Patriot & American, National Intelligencer, U. S. Gazette, Pennsylvania, and New York Star, and accounts sent to the Office of the Portsmouth & Roanoke Railroad Company. 125 ft

## NOTICE TO MERCHANTS.

ALL Merchandise, &c. intended to be forwarded on the Railroad, must be sent before sunrise and eight o'clock, A. M. Any thing sent after that time cannot be taken on that day. Nothing will be received, unless it is put up in the most substantial manner. Every thing must have the owner's name marked distinctly on it, and a bill accompanying it, specifying the weight, stating who it is for, who it is for, and where it is to be left.  
The merchants will be held responsible in every case, for the freight on every thing sent by them. Merchants having consignments of produce, and other articles from the country, must take them away the day that they arrive, as the Company will not be responsible for any thing suffered to remain at the Depot all night.  
Articles will be delivered at, and taken from the following points on the road, viz. Rocky Point Depot, Water Station, near Burgaw Swamp, and the Depot, near South Washington. L. L. H. SAUNDERS, Agent of Transportation. 132 ft

## One Cent Reward.

RAN away from the subscriber, on the 13th inst. an indentured Apprentice to the tanning and currying business, named WILLIAM BARR. He is about 14 or 15 years of age, light complexioned, and of thin visage. All persons are cautioned against harboring or trading with said boy, as they will be dealt with according to law. JOHN T. HEWETT, 137 ft

## Railroad Notice.

Office of the Wilmington & Raleigh R. R. Co. June 16th, 1838.  
THE President & Directors of the Wilmington & Raleigh Railroad Company give notice, that they will, on the 30th day of July next, advertise for sale by public auction, on the 30th day of September following, the Stock of all delinquent Stockholders; in which advertisement they will be under the necessity of publishing the names of the delinquents, with the number of shares, and amount of instalments now due thereon;—and, for any deficiencies thereafter, judgment will be taken at the ensuing Court. 127 6w JAMES OWEN, President.

## THE LOCOMOTIVE AND TRAIN

WILL leave the depot at Wilmington, every day, (except Sunday and Tuesday,) precisely at half past eight o'clock, A. M. until further notice. May 18th, 1838. 122 ft

IN presence of a Resolution of the Stockholders, passed at their late meeting, the President & Directors do hereby give notice, that an instalment of FIVE dollars per share on the stock of this Company, is hereby required to be paid on the 1st day of July next, in lieu of the 1st of November, as heretofore ordered. 125 ft JAMES OWEN, President.

## HICKORY SPRING.

SITUATED 18 miles south west of Petersburg, in Chatham County, N. C. so well known for its medical virtues, is now in good repair; and the proprietor is ready for the reception of visitors. He takes pleasure in returning thanks to those who have favored him with their patronage, and will say that he still solicits a portion of public favor. He will use every exertion in his power to make the situation of those who may call on him comfortable; and his table will be furnished with the best of the country affords. He has made arrangements since the last season, for the accommodation of visitors. Warm and cold baths always ready. TERMS FOR BOARD.  
Twenty dollars per month; one dollar per day; children and servants half price.  
Bathing, Washing, &c. separate charges. The subscriber deems it unnecessary to say more, but will add the following certificates.  
Professor Olmsted in his certificate, says: "The spring contains: 1st, a small portion of Iron; 2d, sulphate of Lime; 3d, sulphate of Magnesia, in a large proportion. It does not contain any sulphur or muriatic salts, nor alkaline carbonates. The spring when concentrated by dry weather may possibly exhibit appearances of sulphurated hydrogen, but does not when fresh."  
"Living within eight miles of Hickory Spring, and its medicinal properties, I was induced to send a negro man to it, who had to me the appearance of being far advanced in consumption, evinced by pain in the breast, cough, and profuse and offensive expectoration. He had used the water but a short time, before he was enabled to return to his daily labour. An aggraving of his symptoms has been successfully removed since, by a second visit to the waters of the said Hickory Spring. I furthermore certify, that I have no idea that he would otherwise have recovered." (Signed,) JOS. JNO. ALSTON.  
"Farmer's View, Chatham Co. 13th April, 1838."

"MR. WM. BOWEN, Sir,  
I received yours of the 8th inst. requesting me to send you a certificate of the benefit my family had received from your Spring, which I have much pleasure to state to the public what I know about it.  
I attended Hickory Spring, near the property of Mr. Wm. Bowen, in Chatham county, N. C. in the year 1817, with one of my children, about three years old, then labouring under a bowel complaint, which had been following for five or six weeks. She was regularly attended by a regular medical physician, who pronounced her case incurable. In less than twelve hours after arriving at the Spring, she began to mend, and in eight days was in perfect health. My wife attended at the same time, labouring under a chronic affection of the liver. She was much benefited by drinking the water, has frequently visited the Spring since, and has always been much benefited—has never staid longer than eight days at a time.  
Respectfully, yours, &c. THOMAS FARISH."  
P. S. Those persons visiting the Spring, and wishing extra services, would do well to bring servants with them.  
The subscriber takes this opportunity of saying THE HICKORY SPRING, and Premises attached thereto, are FOR SALE. WM. BOWEN. June 9th, 1838. 125 3w

## THE HICKORY SPRING.

THE subscriber informs the public and her friends, that her Establishment at Shocco Springs was opened for the reception and accommodation of visitors on the first day of June instant. She deems it almost unnecessary to say anything as regards the healthfulness of the waters of the Springs, as they have been so frequently the means of restoring to health many of the most valuable members of society, and their medicinal properties have been so frequently tested by gentlemen and physicians of first rate talents in the country.  
The Raleigh & Gaston Railroad runs within ten miles of the Springs, and the cars will pass daily by the fourth of July next, and for the accommodation of visitors, the subscriber will regularly run a hack from the Depot at Twitty's to the Springs. ANN JOHNSON. 125 6w

## ANN JOHNSON.

WARREN Co. N. C. June 3d, 1838. 125 6w  
P. S. There will be a BALL and PARTY at the Springs, on the 6th and 7th of July, commemorative of the passage of the Train on the first fifty miles of the Raleigh & Gaston Railroad. The Star, Tarborough Press, Edenton Gazette, Elizabeth City Phoenix, Washington Whig, Newbern Spectator, Fayetteville Observer, Norfolk Herald, Petersburg Intelligencer, and Charleston Courier, will each insert the foregoing six times, weekly, and forward their bills as above. A. J.

## One Cent Reward.

RAN away from the subscriber, on the 13th inst. an indentured Apprentice to the tanning and currying business, named WILLIAM BARR. He is about 14 or 15 years of age, light complexioned, and of thin visage. All persons are cautioned against harboring or trading with said boy, as they will be dealt with according to law. JOHN T. HEWETT, 137 ft

" \$100, " \$200, 6 " " \$200, " 9 " Notes payable at the Bank, with approved endorsements. WM. O. JEFFREYS, Auctioneer. June 29th, 1838. 128 2w

## NOTICE.

PICKED up at sea, near Little River, a SEAMAN'S CHEST, containing Clothes, a Quilt, Money, &c. A seaman's protection was in the chest, belonging to Gideon H. West. The owner can have the same, by applying to SAMUEL DAVIS, At Swatville, N. C. June 28th, 1838. 128 2w

## L. W. GLENN'S Saponaceous Compound, FOR SHAVING.

THE subscriber offers this SOAP, in perfect confidence, as being equal, if not superior, to any shaving Soap ever offered to the public. The smallest quantity on the brush, with warm or cold water, forms on the face, a rich, permanent, and emollient lather, entirely free from any thing pungent, and leaving the face soft and pleasant. It is neatly done up in white covered boxes, answering all the purposes of a shaving box.  
FOR BEAUTIFYING THE COMPLEXION.  
There is no eunomy to personal beauty more annoying than pimples, freckles, and the various other affections of the skin, which so frequently attend upon early life. To find a remedy for them, has been a matter of considerable trouble, but has been happily accomplished by the production of this Kalydor, which will, without fail, remove the most obstinate Pimples, Freckles, Tan, Sunburn, and other temporary cutaneous affections, and give that desideratum to those who, with Lord Chesterfield, think a good appearance a letter of recommendation on all occasions.  
MICHAUX'S FRECKLE WASH.  
This is a certain remedy not only for Freckles, but for Tan, Morpoh, Sunburn, Pimples, Redness of the face, and other temporary cutaneous affections—even for Tetter, it has been found an excellent cure. The sale of this article has constantly increased, and will continue to increase as its merits are made known. Numerous instances of its great efficacy have come under the proprietor's notice, and he has no hesitation in recommending it to the public as an excellent article.  
L. W. GLENN'S AROMATIC ROSE TOOTH PASTE.  
This preparation is made from the same ingredients as the celebrated "Opiate pour les dents." "Cherry Paste," articles in great repute in Europe, for giving a pearly whiteness to the teeth, stopping the progress of decay, hardening the gums, and sweetening the breath—so innocent is it, that it may be used without the least caution.  
L. W. GLENN'S INDIAN HAIR DYE.  
For coloring Red, Light, or Grey Hair a beautiful Brown or Jet Black, in eight or ten hours, without staining the skin, or injuring the texture of the hair in the least. This important discovery is of exceeding value to those who have become prematurely grey, or those wishing to change the color of their hair, or the Indian Dye is warranted, in one application, and with very little trouble, to color the hair a permanent Brown, or Jet Black, as may be desired.  
"Gentlemen's" whiskers died with equal facility.  
L. W. GLENN'S INDIAN HAIR OIL.  
This elegant article has the peculiar quality of gradually changing the color of the hair, from Red or Light, to a Brown or Black, and prevent the hair from turning grey. It also gives a fine gloss to the hair, softens and improves the general appearance, keeps it from coming out, and restores it when lost. Being very pleasantly perfumed, it will be found admirable for dressing the hair in general, for which purpose, it is extensively used.  
PERSIAN SCENT BAG.  
For laying in drawers, wardrobes, trunks, &c. communicating to every thing around them a delightful perfume, and effectually preventing the ravage of the moth. This combination of odoriferous flowers is nearly done up in small bags of various sizes, and forms an acceptable present to a female friend.  
The above articles are for sale by R. F. PURNELL, agent for the sole proprietor, L. W. GLENN. Wilmington, June 22d, 1838. 137 ft

## NOTICE.

THE subscriber begs leave to inform the public, that he has sold his entire stock of Dry Goods and Groceries to Mr. David D. Allen, and having changed his line of business, to this method of calling on all persons who are indebted to him by note or account, to come forward and make settlements, so that he may be enabled thereby to meet the demands of his creditors. Otherwise, they need not be surprised to find their notes and accounts in the hands of an officer for collection. SAMUEL R. JOHNSTON. Wilmington, June 22d, 1838. 127 ft

## BLANKS

FOR SALE.

## MORFAT'S VEGETABLE LIFE PILLS

## PHENIX BITTERS.

THESE medicines have long been known and appreciated, for their extraordinary and immediate powers of restoring perfect health, to persons suffering under nearly every kind of disease to which the human frame is liable. In many hundreds of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and invariably proved, that it has appeared scarcely less than miracles to those who were unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and ending their wasting, nervous tone and vigor, that they were indebted for their name, which was bestowed upon them at the spontaneous request of several individuals whose lives they had obviously saved.  
The proprietor rejoices in the opportunity afforded by the universal diffusion of the daily press, for placing his VEGETABLE PILLS within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and solely VEGETABLE, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form or quantity. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.  
The first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind, as to produce costiveness, with its train of evils, or sudden diarrhoea, with its imminent danger. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against the quick medicines of the age. The second effect of the VEGETABLE PILLS is to cleanse the kidneys, and to remove the morbid matter from the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified from them, and arising by food coming from a clean stomach, courses freely through the veins every part of the system, and triumphantly mounts the banner of health in the blooming cheek.  
The following are among the distressing varieties of human diseases, to which the Vegetable Life Pills will be found to be most applicable:—DYSPESIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind:—Palpitation, Palpitation of the heart, Loss of Appetite, Heartburn, and Headache, Restlessness, Insomnia, Anxiety, Langour, and Melancholy, will vanish as naturally as the dew from the morning, by relieving the air vessels of the lungs from the mucus, which even slight colds will occasion, which if not removed becomes hardened and produces those dreadful diseases Scurvy, Ulcers, and Invertebrate Sores, by the perfect cleansing of the blood, and the removal of all the humors, Scorbutic Eruptions, the blood, and all the humors, Scorbutic Eruptions, and bad Complexions, by their salutary effects upon the fluids that feed the skin, the morbid state of which occasions all Eruptive complaints, Sallow, Cloudy, and other disagreeable Complexions. The use of these Pills for a short time will effect an entire cure of Rheumatism, Gout, Gravel, Striking improvement in the texture of the skin. Common Colds and Influenza will always be cured by one dose, or by two, even in the worst cases. Piles—as a remedy for this most distressing and obstinate malady, the Vegetable Life Pills deserve a distinct and emphatic recommendation. It is well known to hundreds in this very city, that the lubricating operation of the medicine, will vanquish all the morbid matter from the muscles and ligaments of the joints. Dropsical swellings, by freeing and strengthening the kidneys and bladder, they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel, also, Worms, by dissolving the concretions of these verminous animals, which these creatures adhere to, and from which these creatures adhere. Asthma and Consumption, by relieving the air vessels of the lungs from the mucus, which even slight colds will occasion, which if not removed becomes hardened and produces those dreadful diseases Scurvy, Ulcers, and Invertebrate Sores, by the perfect cleansing of the blood, and the removal of all the humors, Scorbutic Eruptions, the blood, and all the humors, Scorbutic Eruptions, and bad Complexions, by their salutary effects upon the fluids that feed the skin, the morbid state of which occasions all Eruptive complaints, Sallow, Cloudy, and other disagreeable Complexions. The use of these Pills for a short time will effect an entire cure of Rheumatism, Gout, Gravel, Striking improvement in the texture of the skin.
