

SENATE ENDS LONG FILIBUSTER TODAY

Japanese Deny Fortifying Islands In Pacific

SAY MANDATED ISLANDS ARE NOT DEFENDED

Islands Involved Lie Between Hawaii and the Philippines

ADMIT LARGE SUMS SPENT ON HARBORS

(Copyright, 1933, United Press) GENEVA, Jan. 19.—(UP).—Admission by Japan that appropriations for harbor construction in the Pacific ocean between the Philippines and Hawaii has been more than tripled since 1929, but flat denial that Japan constructed naval or military bases in violation of treaties is contained in the report of the League of Nations mandates commission to be published tomorrow, the United Press was informed today, in high diplomatic quarters. The United Press was informed that the report contains Japan's admission that since 1927 her appropriations for harbor construction in the Pacific have been more than tripled. The Japanese stoutly denied, however, that they had been building military or naval bases in violation of the treaty.

British Woman Flier Missing

Lady Bailey, the British flier, was still missing today, lost somewhere in the African wilds south of Oran, Algeria, and hope waned for her recovery, according to United Press despatches from there.

An Oran pilot, named Poulain, who knows the Sahara Desert well, flew in the route Lady Bailey was presumed to have taken when she started south Sunday on the second leg of her effort to see a new England-to-Cape town, Africa, record.

ABOLITION OF DEPARTMENTS NO BIG SAVING

House Measure Viewed as Political and Not Economic Measure

By J. C. BASKERVILL

RALEIGH, Jan. 19.—The bill to abolish some 16 state departments, bureaus, commissions or offices, introduced in the house Monday night by Representatives Taylor, Boyd and Garibaldi of Mecklenburg county, Randolph of Swain, and Stevens of Camden, would not bring about any where near the savings its advocates claim for it, according to an analysis of the bill.

According to Anderson, his plane, on which he has been working for the past 25 years and has been patented on 10 different claims, will travel at 10,000 feet altitude at 1000 M. P. H. and has a high efficiency factor over the present wimpy type plane. He said he had delayed announcement of his invention until he could obtain foreign rights.

TWO COUNTY BILLS NOT YET OFFERED

Walter E. Smith, who yesterday telegraphed Representative Taylor from Henderson county, asking for a hearing on two local bills drawn by M. M. Reelin, when they are introduced, dealing with county finances, has received a wire saying: "Have not yet received copies of bills mentioned; don't know when they will be introduced, if at all."

KEDRON LODGE WILL STAGE DEGREE WORK

Special communication of Kedron Lodge 387, A. F. and A. M., will be held Friday night, Jan. 20, at 7:30 o'clock for the conferring of the second degree, it was announced today. Any visiting members of the organization will be welcomed.

LATE NEWS

ATLANTA, Jan. 19.—(UP) Odell C. Boyles, parachute rigger, and his wife, Sue, were held to a federal grand jury here today on a charge of conspiracy to kidnap the son and granddaughter of Jos. F. Cannon, wealthy textile magnate. Boyles' bond was continued at \$25,000 and his wife's reduced, if counsel agree, to \$2,500.

WASHINGTON, Jan. 19.—(UP).—The house judiciary committee today voted to extend the benefits of the bankruptcy law revision bill to levee, sewer, paving, drainage and irrigation districts.

WASHINGTON, Jan. 19.—(UP).—Alabama today was granted an emergency relief loan by the Reconstruction Finance Corporation of \$12,146, for use in eight counties, from January 15 to February 28.

WASHINGTON, Jan. 19.—(UP).—Funds of the Reconstruction Finance Corporation available for business and unemployment relief purposes will be exhausted in the next six or eight months, Chairman Atlee Pomerene informed a senate committee today. He warned that if new relief measures are adopted by congress it will be necessary to have additional funds furnished.

ROOSEVELT IS DUE IN CAPITAL

Reaches There at 4 P. M. With Conference With Hoover Set Friday

By UNITED PRESS President-elect Franklin D. Roosevelt will arrive in Washington tomorrow for a crowded 22 hours of conferences which will cover the whole range of pressing problems that soon will become his responsibility.

With President Hoover, Secretary of State Stimson and Secretary of Treasury Mills he will discuss foreign affairs, particularly the World war debt problem, Far Eastern policy and the coming world economic conference. This meeting is scheduled for 11 o'clock Friday at the White House.

This conference somewhat overshadows the talks Roosevelt will have with his party congressional leaders tomorrow and tomorrow night. Soon after he arrives here at 4 o'clock Democratic leaders will start their trek to his hotel suite to seek advice on such matters as farm relief, beer legislation and the 18th amendment repeal, now pending in the senate, and measures to balance the budget.

The leaders will tell him an extra session of congress will be necessary to put through this program because of the likely exercise of the veto power by President Hoover to stop enactment of some of the measures. Democratic leaders yesterday formally postponed tax legislation to balance the budget until the extra session. They will advise Roosevelt on the best date to call it, probably by the middle of April.

Out of the foreign affairs discussions at the White House is likely to come some agreement for handling the war debt problem on which the president and president-elect were unable to agree at their earlier meeting. A possible development is a plan for the present administration to begin direct negotiations with the debtor nations along lines approved by Roosevelt. President Hoover, it is understood, may draw up a sub-committee to draw up a bill providing for a flexible adjustment.

FIND BODY OF L. A. NORTH IN GARAGE TODAY

Coroner Believes War Veteran's Death Due to Gas Poisoning

The body of Louis A. North, age about 40, was found in the garage at his home in Laurel Park about noon today, and following an examination Coroner J. F. Brooks stated that his death was a suicide.

A letter left by his wife, who is visiting in New Jersey, explained that he was taking his life, and established ill health as a motive. The manner of his death had not been definitely established by Coroner Brooks this afternoon. The body was found seated in his automobile in the garage, the doors of which were partially closed. Coroner Brooks, however, was of the opinion that death was due to monoxide gas from the motor of the car, or to poisoning.

A smudge of soot on the floor of the garage in back of the car and beneath the exhaust pipe, lent weight to the theory that gas had caused his death, but the motor of the car was not running and there was gasoline in the tank. Coroner Brooks expressed the opinion that he had been dead possibly 24 or 30 hours.

The body was discovered by Hicks Jones, who was employed on the place, and Coroner Brooks was immediately notified. Mr. North was a native of Pennsylvania, and came here sometime ago for his health. He was a veteran of the World war, serving in the A. E. F. as a first lieutenant. He was twice wounded, lost a leg and suffered other injuries, and was a citation.

He is survived by a wife and two small children. A brother-in-law, C. S. McCarthy of Chattanooga, Tenn., was expected here tonight.

Dr. R. E. Sumner, Rock Hill, Dead

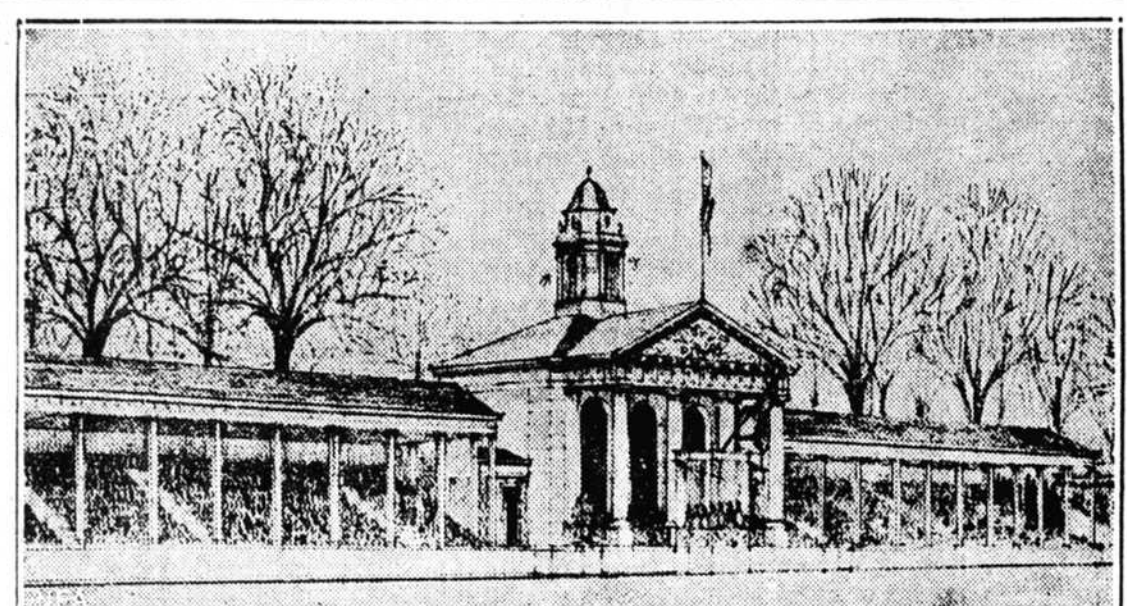

Is Brother of Dr. T. W. Sumner of Fletcher

ROCK HILL, S. C., Jan. 19.—Dr. R. E. Sumner, 48, well known physician and surgeon, died at his home here this morning following an illness of three weeks with pneumonia and influenza.

Dr. Sumner was a native of Fletcher, N. C., but had been a resident of Rock Hill for a number of years.

Among surviving relatives is Dr. T. W. Sumner, of Fletcher. Funeral services will be held here on Friday. The immediate objective is relief of railroads which soon must meet large maturities. It reaches out also to include the hard-pressed farmer who is struggling to meet mortgage payments. Hundreds of thousands who are in difficulties would be aided by this measure, it was said at the White House. It will check destructive forced liquidations and thus help both the creditor and the debtor.

COURT OF HONOR FOR INAUGURAL PROCESSION

From this court of honor Franklin D. Roosevelt will review the inaugural parade just prior to his inauguration as president of the United States. The above is the architect's design of the "Court of Honor" which will be a reproduction of Federal Hall where George Washington took the oath of office in New York.

DEBT RELIEF BILL DRAFTED

Measure Permitting Readjustment by Courts Ready To Be Reported

WASHINGTON, Jan. 19. (UP). Broad legislation to relieve both private and corporate debtors was whipped into final shape yesterday by the house judiciary committee as President Hoover's desire for prompt action was reiterated at the White House.

The McKeown bill, which Speaker John N. Garner has assured early consideration, will be reported formally to the house today. It was completed after a week devoted to perfecting it. President Hoover sees in the measure which he endorsed in a recent message, a means of staying off a wave of threatened bankruptcies. In his opinion it goes to the very roots of the depression problem and represents the longest step yet taken in the legal relations between debtors and creditors.

CHEVALIER IS GIVEN DIVORCE

Reciprocal Decree Ends Perfect Marriage to Yvonne Vallee

PARIS, Jan. 19.—(UP)—A reciprocal divorce decree handed down in court yesterday ended the "perfect marriage" of Maurice Chevalier, the actor, and Yvonne Vallee, his former dancing partner of the Paris Music Hall days—the days before he won fame and fortune on the screen.

The judge based his verdict on temperamental incompatibility. He found in his decree that the little dancer was extremely jealous of her popular husband, while on the other hand Chevalier was charged with having deserted his wife and refused to live with her when he returned from his successes in (Continued on page three)

45,000 Cossacks Are Ordered Into Far North Exile

Punishment Follows Failure to Co-operate in Grain Collectivization

MOSCOW, Jan. 19.—(UP).—The entire population of three Cossack settlements in Kuban region, totaling 45,000 persons, according to the 1929 census, was exiled into the far north today as the first move in the government's plans for wholesale shifting of populations. Mass deportation is considered as exemplary punishment. Grain collections have been slow in this region.

ARE ROUNDING UP INAUGURATION PLANS

WASHINGTON, Jan. 19. (UP) General John J. Pershing will be grand marshal of the Roosevelt inaugural parade on March 4, it was announced today. Admiral Cary T. Grayson, chairman of the inaugural committee, said Pershing had accepted an invitation urged on him by Roosevelt.

PROPERTY REVALUATION TO BE AMONG FIRST OF LARGE PROBLEMS SOLONS ACT UPON

Finance Sub-Committee Is Named to Draw up Flexible Adjustment Provisions; Night Hearings on Proposals Thought Likely

The Times-News Bureau Sir Walter Hotel RALEIGH, Jan. 19.—The controversial issue of property revaluation is expected to be one of the first big problems disposed of by the joint house and senate finance committee which has just begun its task of framing the new revenue act within an allotted time of three weeks. This was indicated when the committee named a sub-committee to draw up a bill providing for a flexible adjustment.

The North Carolina Association of County Commissioners, which has a membership of 75 per cent of the commissioners in the state, and which has gone on record as being opposed to a general revaluation, presented its views to the committee yesterday, recommending a horizontal cut in valuation and equalization according to local requirements. The association pleaded against a general revaluation, which it estimated would cost \$500,000 and would do little to equalize matters further. It was indicated that the com-

NEW TARHEEL CONSTITUTION IS SUBMITTED

Sent to Both Houses With Message From Governor Ehringhaus

RALEIGH, Jan. 19.—(UP).—The senate today killed the house bill requiring motions for new trials in criminal cases be made within 60 days before the original trial judge, designed to prevent delay. A bill was introduced today providing blind persons may be exempt from license taxes. Both houses received the special message of the governor submitting the new constitution prepared by a commission. It was referred to committee.

Will Call Cases Against Lea and Son on Monday

ASHEVILLE, Jan. 19.—Luke Lea, Nashville, Tenn., publisher and his son, Luke Lea, Jr., must appear in Buncombe county superior court Monday morning or Solicitor Zeb V. Nettles will ask that their bonds, aggregating \$50,000, be forfeited.

WOODMAN CIRCLE PLANS GATHERING

Announcement was made today that the Woodman circle, Pine Grove No. 66, will hold its regular meeting Friday night at 7:30 o'clock in Woodman Hall, when several new members will be added.

TWO FIRE CALLS

The fire department answered two calls this morning at the residence of T. C. Gentry, 517 Justus street. A small flame of undetermined origin burned a sill beneath the floor in the front of the house. Damage was slight.

SOUTHERN GREATLY INTERESTED IN THE 5 AND 10 PROGRAM

Roland Turner, of Atlanta, agricultural agent of the Southern Railway, was in Hendersonville yesterday. In a conversation with a representative of The Times-News, Mr. Turner said that the Southern is greatly interested in movements for farm development in this section; and that he is watching with particular interest the outcome of the Five-Ten plan in Western North Carolina.

EDNEYVILLE TO GIVE MINSTREL TONIGHT

A negro minstrel will be given tonight by pupils of the Edneyville high school, at the school auditorium, under the direction of Miss Charlotte Turner and M. E. Mallard. Music, choruses and skits will make up the entertainment. A small admission will be charged.

CLOTURE MOVE FAILS, DEBATE IS CUT SHORT

Discussion of Glass Bill To Be Limited, One Hour to Speaker

SENATE HARRASSED BY FILIBUSTERS

WASHINGTON, Jan. 19. (UP). The senate voluntarily ended its own filibuster today by accepting an agreement to limit debate on the Glass bank reform bill which binds them to a schedule limiting all senators to one hour debate on the bill and a half hour on amendments.

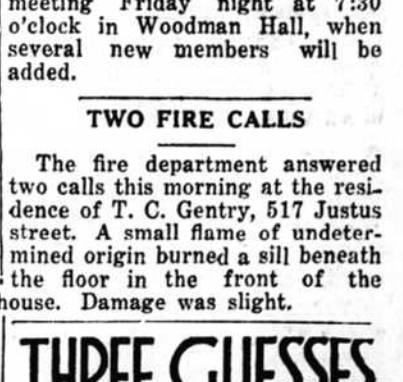

WASHINGTON, Jan. 19. (UP). The filibuster-harrassed senate failed to stifle "Kingfish" Long and his cohorts today when the cloture rule to limit debate failed of passage. The vote was 58 to 30. The cloture measure was backed by Democrats and a failure of some Republicans to support it caused defeat.

WASHINGTON, Jan. 19. (UP). A showdown on the gag rule proposed by senate Democratic leaders to silence Senator Huey Long was scheduled today, with Republican leaders under charge of having conspired in the Louisiana "Kingfish's" persistent filibuster. The vote was due at 1 p. m. in an angry senate. Senator Robinson, Democrat, Arkansas, leader of the minority, repeatedly sought yesterday to avoid the roll call test upon which he and others are convinced the cloture proposal will be defeated. His efforts failed.

Robinson said he expected either Long or Senator Thomas, Democrat, Oklahoma, might propose before 1 p. m., today a limitation of debate agreement identical with that offered several times and rejected yesterday. But unless Senator Couzens, Republican, Michigan, relents, there can be no truce. He insists on a vote. Couzens scuttled all hope of compromise in the last moments of yesterday's session with his indictment of the "Lame Duck" Republican leadership. No one doubted the Michigan millionaire was directing his fire at President Pro Tem Moses and Senate Majority Leader Watson.

Frequent floor conferences between Long and the sarcastic, witty Moses, had previously suggested to gallery observers that the "Kingfish" may have had some inspiration from that quarter. And it is no secret on Capitol Hill that during part of his protracted filibuster Long has made a headquarters of a capitol office usually utilized by Watson.

THREE GUESSES

WHAT COLLEGE ADMITS ORPHANS ONLY? WHAT KIND OF A BIRD IS THIS? WHO DISCOVERED THE SOUTH POLE? For correct answers to these questions, please turn to page 5.
