FRENCH BROAD AREA RICH IN POSSIBILITIES

Challenges Comparison With Any Similar Section In World

Editor's note. Discussing the natural wealth of the Upper French Broad valley and its outstanding value as an area for the promotion of agricultural and husbandry in contrast to the possible loss that may come to it through its use as the site of a vast upland lake for the impoundment of water in connection with the federal government's Tennessee River Basin development plan, S. P. Verner contributes this, the third of a series of articles which he is writing for The Times-News under the general title of "Our Valley."
