## Harvard And Simmons College Students Demonstrate

BOSTON, Nov. 17. (UP)-Condemnation of the "bestiality" of "the Pagan Hitler" was expressed yesterday by the Massachusetts Governor's Council.

Against Terrorism

The attack was made in a resolution recommended by Governor Charles F. Hurley and adopted by his council of one Jew and seven Gentiles. Simultaneously, Harvard and Simmons college students at mass demonstrations wired resolutions to President Roosevelt supporting his criticism of the anti-Semitic drive in Germany.

Praising President Roosevelt for championing the cause of the German Jews, the resolution of the governor's council read: "The world must rally to the

side of our noble president . who demands justice and fair play for the victims of Nazi barbarism and an opportunity for them to resettle elsewhere with the help of the great nations of every continent."

The resolution, copies of which were sent to the president and Fuehrer Adolf Hitler, expressed the hope that "the former will find inspiration in it to go forward in his plans to solve the plight of unfortunate Jews, while the latter will see in it the discrespect and disdain rightfully heaped upon The student demonstrations
