HITLER SEEKS ADMISSION FOR JEWISH REFUGEES INTO SOUTH AMERICAN LANDS

Nazis Condemning Lima Conference, Sponsored by Washington

By EDWARD W. BEATTIE, JR. United Press Staff Correspondent

BERLIN, Nov. 21. (UP)—Germany is negotiating with several Central and South American nations for admission of large numbers of the Reich's 700,000 unwanted Jews, it was understood in well-informed quarters last night.

The negotiations were said to be progressing "favorably" with the Dominican Republic whose minister to Berlin last night was en route to Munich, perhaps for consultation with Chancellor Adolf Hitler.

Hitler is spending the week-end at his Berchtesgaden Alpine retreat, near Munich, but it could not be ascertained whether the Dominican envoy's journey was connected with the reported colonization plan.

Hitler's supposed efforts to find an outlet for thousands of German Jews, who are being eliminated from German economic and social life following the anti-Semitic disorders of 10 days ago, were significant in view of the forthcoming Pan-American conference at Lima.

While Hitler is reported to be attempting to "unload" many Jewish families in South and Central America, Nazi officials and newspapers are bitterly condemning the Lima meeting.

The press charges that President Roosevelt is using the Jewish issue as an argument for the establishment of a common front among the American nations against the totalitarian powers.

"The Lima conference is exclusively a Pan-American affair in which Germany has no political concern," an official German spokesman said, but it was admitted privately in high Nazi circles (Continued on page three)

COMMONS TOLD POLICY MADE MORE LIBERAL

Ready to Permit 1000 Jewish Children to Enter From Germany

TANGANYIKA MAY ACCEPT FAMILIES

LONDON, Nov. 21.—(UP)—Great Britain today was expected to announce in the house of commons a more liberal policy toward German Jewish immigration.

Through Home Secretary Sir Samuel Hoare, Prime Minister Chamberlain was prepared to announce that Britain is ready to permit 1,000 German Jewish children to enter the country, provided that British Jewish organizations accept responsibility for their welfare and future.

The Jewish agency last night received a cable from the Jewish National Council for Palestine advising that 10,000 German Jewish refugee children could be cared for in Palestine within four weeks if Britain would relax Palestine immigration restrictions.

"If the British government grants the necessary permission, 10,000 Jewish children from Nazi Germany will be placed in children's agricultural settlements, farms and private homes," said Dr. A. Katznelson, director of the health and education department of the National Council, who is in London to confer with Zionist leaders regarding refugee plans.

"The full cost of transport, maintenance, education and vocational training would be borne by the Palestine Jewish community and Zionists throughout the world," he said. "Jewish immigration experts say some 40,000 refugees can be settled in Palestine in six months—10,000 children up to the age of 14; 5,000 aged 14 to 17; 7,500 from 18 to 35. Ten thousand young men and women are now in training centers of central and eastern Europe and 7,000 are relatives of German Jews in Palestine. Such immigration is possible if the British government is willing to relax restrictions in view of the urgent need."

HOLDS CHILD IS NOT KILLER

Clerk Fletcher, Juvenile Judge, Decides in Etowah Case

Superior Court Clerk Geo. W. Fletcher, in his capacity of juvenile judge, ruled on Saturday that Charles Morgan, 12, of near Etowah, is not a delinquent child and that he did not kill Laura Fore, 11, daughter of Mr. and Mrs. F. A. Fore.

The case has been pending for some time before Mr. Fletcher after a coroner's inquest held the girl died as a result of gunshot wounds at the hands of Charles Morgan, and Coroner Bruce A. Cox turned the case over to the juvenile court.

The Fore child was shot and killed at the home of Mr. and Mrs. Dillard Morgan, parents of Charles, on September 10.

American Jewry Asked To Raise 100 Million To Aid in Resettlement

WASHINGTON, Nov. 21. (UP)—Jewish leaders called upon American Jewry today to levy upon itself a "voluntary fine" of \$100,000,000 for resettlement of Jews persecuted in Germany.

The proposal was made by Rabbi Edward L. Israel of Baltimore, at a one-day emergency conference of the Seaboard region of the United Palestine appeal. He suggested that the \$100,000,000 would contrast the \$400,000,000 "stolen from the Jews of Germany by the Nazi regime," and would create opportunities for Jews "now languishing in a no-man's land in Central Europe."

The conference climaxed a week-end of concern for oppressed minorities. Saturday, one of this country's most distinguished Jews, Supreme Court Justice Louis D. Brandeis, discussed the refugee problem with President Roosevelt. It was another of Brandeis' rare public appearances—the second this fall precipitated by his concern for members of his race.

Senator King, D., Utah, speaking at the Palestine conference yesterday, denounced the "sadistic" anti-Semitic policy of Germany and urged the United States and Great Britain jointly to promote mass settlement of Jewish refugees in Palestine. King's endorsement of the Palestine plan was interpreted in some quarters as indication that congress would not approve relaxation of immigration quotas permitting refugees to enter this country. Strong opposition to such a plan has been indicated by several influential congressmen.

But King caustically criticized "the so-called Christian nations which permit Jewish persecution and predicted that Poland soon would inaugurate a vigorous anti-Jewish drive. He deplored Germany's "lapse into a barbaric state . . . supporting cruel, inhuman and fiendish acts which characterized the Nazi regime." Rabbi Israel told the conference that if 700,000 Jews in Germany (Continued on page three)
