AT the request of some of the citizens, I hereby call a meeting of the citizens of Raleigh, to be held in the Town Hall, on Saturday the 2d of June, at 5 o'clock, P. M. for the purpose of making arrangements to celebrate the approaching Anniversary of our National Independence.

SELECT SCHOOL.

I will open a Select School, Providence permitting, in Pittsborough, on the lot occupied by me at present, to commence on the 2d day of July.

The terms of Tuition will be the following: The English branches will range from $7 50 to $12 50 per session—$7 50 for the lower branches, and $12 50 for the higher ones. For the classical, $18. The course of instruction will be very thorough and exact. Students prepared for any of our Universities. When once a Student enters the School, he will be considered bound to the close of the session.

To our country friends, I take the liberty of saying, that your sons will be entirely safe here—as safe, at least, as at any place in the country. Good board can be had here, where every thing will be found, at from 6 to 8 dollars per month.

I trust from the long experience which I have had in the important business of managing and instructing youth, that a liberal share of patronage will be extended to me. I shall spare no pains in rendering full service and exact attention to those placed under my care.

PROSPECTUS.

IF sufficiently supported, the subscriber intends to publish a monthly paper of eight pages, for the purpose of diffusing information on the subject of education—with the especial view of improving the character of our Common Schools.

It is intended to give an account, drawn from the public documents and other sources, of the origin and progress of our Common School system, to compare it with that of other States here and in Europe, thus noting our improvement over former years and suggesting the means of overcoming the defects and difficulties under which we still labor. This will lead us to investigate the sources from which school funds are derived, the modes of their application, the preservation of order in schools, the election of proper books for study, the recreation suitable for the pupils, the treatment necessary for different dispositions, &c.

And believing that the State which would improve its schools must first improve its teachers, a portion of our columns will be devoted to the questions—How are our schools to be supplied with competent teachers? How is the standard of education to be raised, and the services of a band secured who are well qualified to go forth and in the spirit of love, labor for the advancement of the children who are placed under their charge?

But Education is a word of very extensive meaning, and although the primary object of the publication may frequently take us into the school room, we do not intend to be always confined there. Our subject matter is the human mind and the influences—good and bad, with a view of preventing the one and strengthening the other—which can be brought to operate upon it. That this is a theme of the deepest moment none can deny. It grasps the interests not of this world only—it reaches through eternity. We shall not hesitate then as occasion may demand, to enter the family circle, to place ourselves on the streets or mingle in the busy crowd and there set forth the rules of life and principles of conduct which we believe will promote the good of our race here and redound to our everlasting welfare in the life which is to come.

The publication will be commenced in Greensboro', so soon as a sufficient number of subscribers can be obtained to defray the expenses of printing—to be printed on fair type, at 50 cents a year, payable on the receipt of the first number.

Letters relating to the paper may be directed (post paid) to Nereus Mendenhall, Jamestown, Guilford county, N. C.

Subscription also received at the Patriot Office.

The papers of the State, and others friendly to the cause of Education are requested to publish or notice the above. NEREUS MENDENHALL.

Dr. A. F. Cooper's Spino-Abdominal *SUPPORTERS.*

THE Subscriber has on hand, a supply of the above valuable Supporters, which are recommended for all persons, afflicted with muscular debility, round shoulders, or prolapsus Uteri.

Prof. Mott thinks they are very well adapted for some varieties of incipient spinal distortions, as they afford the useful combination of shoulder Brace and Abdominal Supporter, with very decided support to the spinal column.

The above Braces are recommended by Physicians generally, who have seen them, and I have sold a number to citizens of this place, who are highly pleased with them.

A gentleman observed a few days since, that he had been wearing a very celebrated body brace for some time, and that he would not give one of the above, for fifty such.

"They need no puffing, as they speak for themselves. P. F. PESCUD.

☞ The above Supporter is an improvement on Dr. E. Crane's Spino-Abdominal Supporter.

Beckwith's

Anti-Dyspeptic Pills.

THESE Pills have been now for more than ten years before the Public, and their just pretensions to the character claimed for them closely examined and tested, by a great number of persons, too intelligent to be deceived, and too deeply interested in the results, not to observe with care, and judge without favor.

Experience has not weakened these pretensions, but strengthened and confirmed them by a mass of testimony of such respectable character as has rarely sustained any article in this form in any country.

The subscriber has just received a supply of them, which have been recently made, and he being Dr. Beckwith's Agent for this part of the State, is prepared to furnish the wholesale trade at his price, in any quantity.

THE WIFE'S FRIEND.

Important to those about to become Mothers.

PROFESSOR *ALEXIS V. PAULITAN*, of the Paris Lying-in Hospital, member of the *Medical Academy of France*, Corresponding Secretary of the Paris Pharmaceutical College, respectfully begs leave to announce to the Ladies of America, that he has appointed DR. JEROME Y. C. ROPENHURTY, of New York, his sole American Agent, for the sale of his wonderful medicine, known in France as THE WIFE'S FRIEND, or MOTHER'S ASSISTANT, the most extraordinary medical discovery the world has ever seen. Its province is to LESSEN THE PAINS OF CHILD-BIRTH, and promote a safe, easy, and speedy delivery, which it does by *assisting nature*. It is perfectly Harmless, efficacious, pleasant to the taste, and never fails to promote an *easy and safe delivery*, and improves the general health of both mother and child. It has been tested for years in all the principal Lying-In Hospitals of Europe, and receives the sanction of nearly all the prominent Colleges and Medical men of the old world. It is the GREATEST MEDICINE IN THE WORLD; as all will admit that a medicine must be that will lessen the terrible pains usually attendant on child-birth. There is no mistake about this medicine doing all that is said of it.

IT NEVER FAILS. It is in the form of a fine, light powder, to be made into a drink, and used for a few weeks previous to the expected event, and its price is so low as to bring it within the reach of all. Surely no humane husband will suffer his wife to endure pain, when it can be so easily and cheaply avoided. For the small sum of only $1.00, sent postpaid to DR. JEROME Y. C. ROPENHURTY New York Post Office, a package will be sent by return mail, it being so light that it can be sent anywhere by mail, at a very trifling cost.

☞ No unpaid letters taken from the office.

☞ To prevent imposition, the U. S. Agent, Dr. Ropenhurty will write his name in full on the outside label of each package. No other genuine. *Remember this.*
