

ORIGINAL POETRY.

FOR THE RALEIGH TIMES.

LINES

On the death of Mrs. ANNA C. NELSON, by her Sister, who she had never seen, Mrs. L. N. HARBERT, of Greensborough, Alabama.

They tell me that my sister dear Is sleeping with the dead; That in the grave so dark and drear, They have made her narrow bed; And is it so? and shall it be? That I can never see, That tuneful voice?—nor ever see, That face so loved and dear?

EXCESSIVE POLITENESS.

Rowland Hill was always annoyed when there happened to be any noise in the chapel, or when any thing occurred to divert the attention of his hearers from what he was saying. On one occasion, a few days before his death, he was preaching to one of the most crowded congregations that ever assembled to hear him.

PROSPECTUS.

I sufficiently supported, the subscriber intends to publish a monthly paper of eight pages, for the purpose of diffusing information on the subject of education—with the special view of improving the character of our Common Schools.

It is intended to give an account, drawn from the public documents and other sources, of the origin and progress of our Common School system to compare it with that of other States here and in Europe, thus noting our improvement over former years and suggesting the means of overcoming the defects and difficulties under which we still labor. This will lead us to investigate the sources from which school funds are derived, the modes of their application, the preservation of order in schools, the election of proper books for study, the recreation suitable for the pupils, the treatment necessary for different dispositions, &c.

And believing that the State which would improve its schools must first improve its teachers, a portion of our columns will be devoted to the questions—How are our schools to be supplied with competent teachers? How is the standard of education to be raised, and the services of a hand secured who are well qualified to go forth and in the spirit of love, labor for the advancement of the children who are placed under their charge?

But Education is a word of very extensive meaning, and although the primary object of the publication may frequently take us into the school room, we do not intend to be always confined there. Our subject matter is the human mind and the influences—good and bad, with a view of preventing the one and strengthening the other—which can be brought to operate upon it. That this is a theme of the deepest moment none can deny. It grasps the interests of this world only—it reaches through eternity. We shall not hesitate then as occasion may demand, to enter the family circle, to place ourselves on the streets or mingle in the busy crowd and there set forth the rules of life and principles of conduct which we believe will promote the everlasting welfare in the life which is to come.

The publication will be commenced in Greensboro, so soon as a sufficient number of subscribers can be obtained to defray the expenses of printing—to be printed on fair type, at 50 cents a year, payable on the receipt of the first number.

Letters relating to the paper may be directed (post paid) to Nereus Mendenhall, Jamestown, Guilford county, N. C.

Subscription also received at the Patriot Office. The papers of the State, and others friendly to the cause of Education are requested to publish or notice the above. NEREUS MENDENHALL. 2d mo. 7, 1848.

GARDEN SEEDS.

THE Subscriber has just received his supply of Garden and Grass Seeds, which he warrants to be fresh and genuine, consisting in part of the usual varieties of the following kind, viz:

- Asparagus, Beans, Beets, Broccoli, Cabbage, Carrots, Cauliflower, Celery, Cress, Cucumber, Egg Plant, Corn, Lettuce, Nasturtium, Okra, Mustard, Parsley, Parsnip, Onion, Peas, Pumpkin, Radish, Rhubarb, Salsify, Spinage, Squash, Tomato, Turnip, Aromatic herbs, Grass Seed, and Fruit Trees.

Also a lot of Flower Seed, which will be sold at three cents a paper, as they are not of last year's growth. P. F. PESCU D. Feb. 23. Apothecary and Druggist.

Dr. A. F. Cooper's Spino-Abdominal SUPPORTERS.

THE Subscriber has on hand, a supply of the above valuable Supporters, which are recommended for all persons, afflicted with muscular debility, round shoulders, or prostrated Uteri.

Prof. Mott thinks they are very well adapted for some varieties of incipient spinal distortions, as they afford the useful combination of shoulder Braces and Abdominal Supporters, with very decided support to the spinal column.

The above Braces are recommended by Physicians generally, who have seen them, and I have sold a number to citizens of this place, who are highly pleased with them.

A gentleman observed a few days since, that he had been wearing a very celebrated boy brace for some time, and that he would not give one of the above, for fifty such.
