## CINCINNATI, Oct. 13-P. M.

Nearly the whole State of Ohio has now been heard from, either officially or unofficially, omitting the first district in Hamilton county, and the following in the result :

House, 30 Whigs and 34 Democra ts, with six Free-Sollers. In the Senate there are 17 Whigs, 15 Democrats, and one Free-Soiler.

In speaking of General Taylor's proclamation forisidding the invasion of Cuba from the United States, the European Times says :

"We are glad to find that President Taylor is not disposed to sanction a mighty act of spoliation, to be committed by a band of mercenary and unprincipled adventurers. Throughout the whole of these doings, it is carefully kept out of view that a specific treaty exists, to which France, Spain, England, and the United States are parties, by which the dependency of Cuba to the mother country of Spain is especially guarantied."

TENSESSEE .- It is now stated that the Legislature of Tennessee is tied on joint ballet, instead of having a Locofoco majority. The political character of the two branches is as follows: Senate, 14 Whigs, 11 Locofocos; House, 36 Whigs, 39 Locos-which makes a tie on joint ballot.

The Charleston Mercury is making excuses, or if not excuses, apologies for the conduct of the Hunker Democracy in New York. It does not think that "the Hunkers have surrendered" to the Barnburners notwitstanding the union between the two, tainly satisfactory as a basis of political union, and seen both in the union ticket and the Union Mass which, in our judgment, will tend to give activity Convention. We begin to think that the Pro-Slavery party of the South are as great humbogs and agitators as the Barnburners of the North. Both are "hohnobing" together just now to obtain the spoils of office.

MRS. PARTINGTON AGAIN .- "Proposals for carrying the mails !" exclaimed Mrs. Partington, in a tone of virtuous indignation, as she happened to glance over an advertisement in one of the papers. "Has it come to this, that one of us poor unfortunate female critters are to be made beasts of burthen, and to carry about a pack of good for nothing males on our backs ?' She threw down the paper , and rose hastily from the chair, and took snuff at a prodigious rate, highly exicited at the degrading proposition.

It then gives a direct answer to the interrogatories of the Kepublican as follows:

"We say in reply to the first question that the Evening Post continues to entertain precisely the opinions it has always entertained and expressed of the Baltimore and Buffalo platforms, and will continue those opinions as it has always done, in the way best calculated, in the judgment of its editors, to secure their general adoption. To the second question we reply, that there is but one Democratic party in the State of N. York, and that embraces both of the late sections, now united in active opposition to the extension of slavery, by resolutions adopted at the mass convention held at Syracuse on the 14th instant. To the last question we answer, that we have no opinion whatever upon the subject, nor shall we attempt to form one until there is occasion for it."

What more can any Southern man desire, in order to be convinced that the greatest danger to another with the late King of Holland, and another, Southern institutions consists in the success of the still later, with Louis Napoleon, now president of Democratic party ? There are now two small Steamers plying in the Sacramento. The Convention for framing a State constitution

for California assembled at Monterey on the 31st of August.

The original number of delegates, as fixed by the proclamation of Genl. Riley was 37. To this the proclamation requested each district to add woch number of supernumeraries as might by them be deemed just by reason of their increased population.

The whole number of delegates will probably reach 56.

Mr. J. C. Fremont has received the appointment of United States Commissioner to survey the boundary of the Mexican territory acquired during the te war.

Annexed is the list of arrivals for the month ending August 29, of mules and females at San Fran-cisco by sea :

Males, 3806 Females, 87

Of which males, 3342 are Americans; ditto fenules, 42. Married Females 6 ; unmarried 81. In one day, there arrived in San Francisco by erchant vessels, 654 male and 27 female pastirers.

very good story about Deacon Havens. It appears that at last Harvest time the Deacon had a "mowing bee," and among the party were two interesting sons of Belial, who were more inclined to cut capers than clover. One of their tricks on the old man consisted in filling the tin horn with soft soap, and then slightly stopping the orifice with cotton. When 12 o'clock came, our venerable friend seizod the loaded instrument, and gave a blast which scattered the contents far and near. To say that the Deacon was displeased, would but slightly describe his feelings. He was enraged ; and for the first time in his life he swore. Says he-"Gentleman, I am an old man : I am the head of the Sunday School, and have preached the Gospel for five and thirty long years-but d-n me if I can't lick the man who soft-soaped that trumpet !"
