PROSPECTUS FOR ENLARGING AND IMPROVING

The Raleigh Times, AND FOR PUBLISHING SEMI-WEEKLY AND WEEKLY

This proposed to enlarge and improve the Razzion Times, and publish the Paper Semi-Weekly and Weekly after the list of November next, if a sufficient number of subscribers can be obtained.

The object of the Editor will be mainly to sustain and defend Whio Paracieus—to oppose the leading Pennocratic Presses—and to endeavor to rally and re-unite the Whio Party or North Canolina. He

will devote his energies and abilities to this work, with fearless independence and zealous industry.

The Washle name, it will be seen by reference to tant readers.

The Weekly paper, it will be seen by reference to our terms, will therefore be the cheapest paper in the State. We design it shall be the best. Let the Whigs of North Cardina support this paper, and extend in circulation far and wide, as the strongest and

most fearless advocate of their cause.

To sum up all, The Times will be a strong and actions supporter of the Whig Party; and the active, fearless enamy of Locofocoism and Disunion.

Prospectus of THE NEWBERNIAN

AND NORTH CAROLINA ADVOCATE. WITH a view bexpress more fully the character and design of the paper, the subscriber proposes shortly to add to the little of the "Newberman," the words, "and North Caralina Advocate." He onceives that the press of the State is more, more emphatically than ever, called upon to advocate with zeal a fuller development of the resources of NorthCarolina—more reliance upon her own industryand skill in agriculture, commerce and ma-

marctures—and her consequent elevation to a more commanding position among her stater States.

The paper will of course preserve its character of a political Journal; and to the readers of the Newberman, it is scarcely necessity to say, its character as a zealous advocate of Whig principles. The late reverse which the Whig party has met in he State has not shaken, in the least, our firm canviction that the lasting prosperity of the country, and the maintenance of the conditation in its parity, are identified with the success of these principles. That defeat has only an arrived us to renew the conflict with more 2 all annexes a -to make us flint, take better aim, and trees, bernian and North Cambria. South from oppression and ruin. In these respects

the paper will continue to pursue its accustomed course, but as we hope with more zeal and energy. The chief improvement which we hope to effect, is the exercise of a greater influence on the agricultural, commercial and manufacturing litterests of the State in general, and of Eastern Caroliowin particular. As these interests are intimately con-nected with the growth and prosperity of our towns, we trust that the merchants, mechanics and other citizens interested in the prosperity of Kiaston, of Beaufirt, and other towns within the range of our circulation, and especially of Newbern, will afford us every facility in their power, in communicating information in respect to the markets, com-merce, manufactures, and shipping interests of those towns. There has been, and is still, too much indifference and backwardness in this respect for the mutual interests of all concerned. We will endeavor to do our part better to remedy this defeet, and hope to be seconded in our efforts by others. Should we succeed in rendering our sheet

tended circulation and a mere liberal support? TERMS, The Newbernian and North Carolina Advocate will be published in Newbern every Tuesday, at \$2 50 per annum, payable in advance-or \$3 00 per annum it not paid within six months.
