Mr. John A. Dameron advertises a wheat separator for sale in this issue. Look it up and read it.

Our editorial space is given to a communication from "Moss back" on the monetary question, although we do not fully concur with him in his views.

Special attention is called to our premium offers in another column. These are valuable premiums and worth any body's time and effort to secure them.

We have just received a spread eagle out and are fully prepared to print your campaign circulars as cheap as any one. Don't send off to have it done but give us a trial.

Our thanks are due and are hereby tendered to Mr. J. H. Kerr, Jr., attorney at law, and Rev. Cyrus Milam, for supplying our file with missing number of The Record, spoken of in last week's issue. Mr. J. B. Ellis also sent us a copy.

The Warren and Roanoke Unions will meet together at Roanoke Rapids on the fifth Sunday in this month. The programme is out and is a good one. A good meeting may be looked for if those on the programme will attend and take the part assigned them.

A lady, of Warrenton, one of the best in the world, sent us a treat in cream and cake one day this week. It was delightful, and greatly refreshed the innerman, and encouraged us to press onward in our labor. We were forbidden to publish her name, under the penalty of not being remembered again if we did so; ergo, *anon* is the word.

Next Tuesday, the 5th inst, there will be a meeting of the Northern settlers at Southern Pines. We wish we could be there but cannot. The meeting promises to be one of much interest and it properly managed can be made of great good to our section. It is to be hoped that those who are appointed to attend from Warren Co, will do so and bring before the meeting the wonderful resources and the great abundance of surplus lands we have here for sale, cheap to good men. The R. R. fare has been reduced for this special occasion and our people who can, should attend.

It is strange that all the virtue, integrity, honesty, truthfulness and independence has concentrated in one editor in Warren county. But such is the case, if we believe the *People's Paper* in its issue of its last week. "What has our Cosser fed on that he has grown so great?" Experience, observation and a close study of human nature has taught us that whenever you see a man who thinks he is the smartest and most honest man in his line of business, and that every one else who doesn't think and act like he does is a fool, or a trickster, or a slave to some one else; you may just mark it down that that man is the biggest fool, trickster or slave to other parties in the world. We are beholden to no man or set of men. We have opinions of our own and shall not hesitate to express them. We are no policy folks. Nor are we running a paper for the money that is in it alone. We will never run a paper just to catch the people, by playing upon their prejudices and misdirected enthusiasm; the dirty, low-down stings of the *People's Paper*, accusing us of being a tool of aristocracy and monopoly, to the contrary notwithstanding.

A Strange, Beautiful Bird. Daniel Carter reports a most beautiful strange fowl caught alive by Daniel Hill on a stream of water in River township. The fowl was about the size of a large muscovite duck, long bill, color dark green, with diamond figures around the neck, short legs and webbed feet. No one seems to know the species. It is said to be exceedingly beautiful and glossy. The neck and head were preserved and they now have it stuffed.

OUR CITY REPORTER.

Capt. N. L. Shaw is expected back home to-day.

Miss Ammie Twitty spent this week with her sister, Mrs. Horace Palmer.

Mr. Thomas Bailey of Raleigh registered at the Norwood house Tuesday.

Miss Tucker Massenburg, of Henderson, visited Mrs. Cayce, this week.

Miss Ida Allen, of Ridgeway, was in town the past week visiting relatives.

Mr. H. A. Boyd took a trip to Halifax town on legal business this week.

From the scarcity of country people this week, it must be a busy time with them.

Miss Mamie Watson, of Axtell, has been delighting her friends in town this week by her pleasant visits.

Mrs. Dr. Peete and son Charlie are back from a visit to their sick brother and uncle, Dr. Nicholson, in Va.

The Catholic Priest had a crowd to hear him lecture last Sunday, but we have heard of no convert yet.

"They say" there is a wolf around town every night. Has he been to your door yet? Better watch out.

Messrs. Ed. Edwards, and Robt Lee Westre, from Henderson, spent last Sunday in town, the guests of Mr. John Hudgins.

Several of our young ladies and gents went to Fleming's pond fishing last Monday, but they were too tired to give us any particulars.

Warrenton was full of colored people last Wednesday, they came to a Political meeting and some of them said they did not get half paid for the day they lost from their crops.

Dr. R. S. F. Peete, who has been South several months returned home Monday last. He had a stroke of paralysis some time ago, but stood the trip home very well.

A very interesting quarrel occurred here the other day between two little ladies, one three years old, the other two, about a doll baby, and one of them concluded if the other didn't let her baby alone, she would put her in a big bag, and did send down town for one. The last we saw, was the little Miss of three walking up and down the neighbor's fence holding a crocus bag under her arm, and making such threats as would have amused you, if you could have heard it.

WOOD'S Sarsaparilla has over and over again proved by its cures, when all other preparations failed, that it is the One True BLOOD Purifier.

A Supposed Foul Murder in Littleton. Last Sunday morning some one discovered the dead body of a colored man in Mr. J. L. Shaw's gin well.

Dr. B. Ray Browning was appointed special coroner by W. A. White, C. S. C., and summoned a jury and held an inquest over the body. The testimony all tended to show that the body was that of a colored man who was seen in Littleton on March 20th, 1896, with the circus which exhibited there that day.

From papers found upon his body he was supposed to be Willie Johnson, of Washington, D. C. The examination of the body showed that a severe blow had been dealt upon the side of the head and face.

The verdict of the jury was, that the said supposed Willie Johnson came to his death from a blow on the left side of his head delivered at the hand of a party or parties unknown to the jury.

A \$35.00 Bicycle At Last. Ever since the introduction of the Bicycle, predictions have been freely made that it was only a question of time when a high grade wheel could be purchased at a low price consistent with the actual cost of manufacture. It is a well known fact that the original manufacturers of Bicycles have become enormously rich from the large profits in the business, and have been able to maintain high prices by constant advertising. High salaried racers paid to win on their wheels, expensive time, and numerous other expedients are resorted to, to keep the name of the wheel before the public, all of which the user pays for, and gets no better wheel than one under a less-known name could be bought for at half price.

In another column is shown a cut and full description of the "Maywood"—a first class, high grade wheel in every respect, at the low price of \$35.00. If one will read the specifications carefully he will be readily convinced that this particular wheel has many points of superiority over any other on the market, and as the manufacturers are a responsible well-known firm, and guarantee the wheel in every particular, we can unhesitatingly recommend the "Maywood".

Death Of Mrs. Mary Cole.

In Smith Creek township, this county, at the home of her husband, Mr. Robt. B. Cole, Mrs. Mary Cole departed this life Sunday morning. Mrs. Cole has been a great sufferer for a number of years but passed quietly and peacefully away last Sunday morning. She was a member of Mt. Auburn Church. Her body was interred in the Cole family burying ground, with a simple burial service, conducted by Mr. Stephen Reed. To the bereaved husband, children and relatives the condolence of THE RECORD is extended.

The Town Mass-Meeting.

The citizens of town met in mass-meeting in the court house last Monday night to nominate town officers for the ensuing year, to be voted for next Monday.

Dr. Geo. A. Foote was elected chairman and Mr. W. R. Watson secretary of the meeting.

Messrs. H. J. White, H. J. Burwell, W. P. Massenburg, J. Willie White, Aaron Hendrick, Julius W. Harris and James M. Ransom were nominated for commissioners without opposition.

Messrs. Tasker Polk and John L. Henderson were both placed in nomination for Mayor. Mr. Polk's name was placed before the convention and received a flattering vote whereupon the chair declared him the nominee of the convention.

Mr. Henderson's name was never placed before the convention and therefore his friends were not allowed to vote for him. Some confusion arose just here, Mr. Henderson withdrew his name and would not allow his name to go before the convention after the treatment he had received, whereupon Mr. Polk withdrew his name and desired that both should go before the convention in regular order.

Without any further voting upon this question the convention adjourned, and now some claim that Mr. Polk is the nominee and others that there was no nomination for Mayor. We suppose the matter will be settled at the polls next Monday.

Republican County Convention.

The Republicans held their county convention here yesterday. Mr. C. A. Cook was elected permanent Chairman and B. Thornton, seaty. The nominations were as follows:

A. Hendrick and J. H. Wright, delegates to the Congressional convention; C. A. Cook and Albert Spruill, delegates to the State convention, and Reuben Palmer and Geo. W. Suit, delegates to the Senatorial convention.

Rev. M. E. Hall was nominated for county commissioner, M. F. Thornton, for Register of Deeds; C. A. Cook, for member of the Legislature, and Reuben Palmer, for Coroner.

The nomination of a candidate for Surveyor was left to be supplied by the executive committees of the Republican and Populist parties.

Resolutions endorsing McKinley for President, Russell for Governor, Pritchard for U. S. Senator and White for Congress were passed unanimously. The convention was one of the most orderly we ever knew the Republicans to hold here.
