Colored Teachers' Association.

The colored teachers of the county have organized a teachers' Association. This is a step in the right direction and we are glad that they have done so. We hope to meet with them some time and talk over the most important matter now confronting us—the education of the great masses of the children in our county.

The white teachers of the county should organize also. The meetings are conducive to good in many ways. Bringing the teachers of the county together where they can learn each other, learn of each other and become more efficient in the exceedingly responsible work they are called upon to do. These meetings are good, not only because of their social nature and the means and opportunities afforded by coming in contact with each other and learning from each other, but they give the teachers power to make their ideas felt and recognized by the public, by boards, committees and Legislatures. "In union there is strength," is as applicable to the teaching fraternity as to any other profession or calling of mankind. Let us have a white teachers' Association by all means, and let every colored teacher in the county join the colored teachers' Association.

THE ONLY True Blood Purifier prominently in the public eye today is Hood's Sarsaparilla. Therefore get Hood's and **ONLY HOOD'S.**

We did not intend to slight Rev. T. J. Taylor's paper the *Bible Reader*, last week, when we said that THE RECORD was practically the only paper published in the county. We meant strictly a county paper. The *Bible Reader* is what its name indicates, and is an exceedingly good paper.

Mr. W. H. Pridgen, of Creek, N. C., the best posted man we ever knew on bee-culture, remembered "ye poor editor" last week and sent us in a lot of his delicious honey. It was beautiful and especially good. In fact the best, neatest, nicest, cleanest honey we ever saw. It just cannot be beaten by any one on this mundane sphere.

A little colored boy wished to raise a quarter of a dollar the other day, and in order to do so, took one of the toy-chairs in front of Capt. Shaw's store, walked into the store and told the Capt. that his father told him to bring the chair back that he bought from him early in the morning, and that he desired him to take the chair back and give him the quarter he paid for it, but the Capt. was not so easily caught.

Miss Katie F. Terrell, the beautiful and accomplished daughter of Capt. Thos. B. Terrell, formerly of this county, was married to Mr. R. Lee Landsay, a prominent young citizen of Durham, last Wednesday in the first Baptist church in Raleigh. We notice that Miss Olivia Perkinson, of Wise, this county, one of our loveliest young ladies, was one of the attendants.

A good many of our public schools have opened for the winter term. They will teach upto Christmas and then finish the term soon after Christmas. We believe this to be for the best. More of the children will get the benefit of the entire term by this method than it was possible under the old method of teaching the entire term after Christmas, which would run the school into the busy Spring months and a large number of our boys and girls would have to stop for farm work. The teachers who start before Christmas will not draw any pay until after the apportionment shall have been made by the board of commissioners in July, unless the committees have held over a part of their last apportionment; in that case the teachers can draw their salaries monthly.

Our Tobacco Market.

Large breaks during the past week. Much interest manifested by buyers and sellers. Prices decidedly better and steady, holding their own. Many thousands of dollars paid out for tobacco the past week.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass, was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottle Free at Dr. C. A. Thomas' Drug Store.

A Card of Thanks.

I take this method of thanking the entire town of Ridgeway for the great interest and kindness extended to my wife during her last illness. Words fail me, so I will only say, my heart warms to every one of you and the Ridgeway people will always be loved by me for their deeds of kindness in my time of sorrow. I am
Yours truly,
J. L. HENDERSON.

The RECORD of remarkable cures effected enables us truthfully to say that Hood's Sarsaparilla is the only true blood purifier prominent in the public eye today. Get only Hood's. Hood's Pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

A Worthy Example.

Rev. W. R. Callum, Prof. of the chair of the Bible at Wake Forest College, was in our midst last Sunday and preached in the Baptist church here last Sunday night to a large audience on "The need of prayer, from a survey of the field."

Prof. Callum made a splendid talk and delighted his audience. He is always received here with open arms. We look upon him as one of our boys, though born in Halifax county, yet he spent a large number of his boyhood days in our midst. His success and rise in life is a source of pride to his many friends and admirers here, and should be an incentive to our boys and young men.

Ten short years ago Prof. Callum was a poor, uncultured country lad; he felt called to preach the gospel and in these short ten years he has by indomitable energy, perseverance and hard study thoroughly educated himself, graduating at Wake Forest College and then at the Southern Baptist Theological Seminary at Louisville, Ky., and the trustees of Wake Forest College recognizing the worth of the man called Prof. Callum to the chair of the Bible of that Institution and to day he occupies one of the most important positions of any man in the State of North Carolina.

What an inspiration his life so far should be to every young man and boy in our county who desires to make something of himself!

How To Prevent Croup.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by F. P. Hunter, Druggist.
