The boys and girls of our schools have about all left us for their homes to spend the summer vacation. The Record wishes them all a pleasant vacation and hopes they will come back to us when our fall term opens, bringing back with them many others to enjoy the splendid advantages in school, morals and health offered them here in Warrenton, one of the best towns on the green earth.

Last Sunday in Warrenton was a day of big congregations. At 11 o'clock a. m., nearly everybody was in the Methodist church to hear the annual sermon by Rev. N. M. Watson, and at 4 o'clock p. m. a large congregation heard Rev. C. N. Wharton in the Presbyterian church. He preached to our soldier boys, who were out in a body in uniforms, and a most excellent and appropriate sermon it was. At 8:30 o'clock p. m., an immense congregation assembled in the Baptist church to hear Rev. N. M. Watson again, who filled Rev. T. J. Taylor's pulpit, and he preached another powerful sermon on the life and character of Absalom.

There not being a quorum of magistrates present, it was decided to call the magistrates and county commissioners together on Tuesday the 25th. day of June, 1901, for the purpose of levying the taxes for 1901.

Our town has been full of visitors the past week, attending the closing exercises of our two excellent schools. There is hardly a family in town that has not had visitors. The number of them is so large that we cannot begin to mention them by name. Suffice it to say that the town has been full of beautiful ladies and handsome gentlemen from all sections of the country, and the homes of hospitable old Warrenton have been thrown wide open to these charming ladies and nice gentlemen.

Commencement Exercises of Warrenton High School.

One of the very best and most highly appreciated and largely attended commencements of the W. H. School has just past.

Last Sunday, June 2nd., the annual sermon was preached in the Methodist church by Rev. N. M. Watson, of Chapel Hill. Mr. Watson preached an exceedingly appropriate sermon from 1st Kings 19-13. His theme was, "Purpose"—Have a purpose in life. Mr. Watson's sermon was delivered to an immense audience who were greatly edified by his easy delivery and brilliant language of Gospel truths.

Monday night, June 3rd., at 8:30 o'clock the younger boys and girls of the school held the boards. At this concert the large, handsome auditorium was full to overflowing, a large number not being able to get inside. We will not make special mention of any fear of offending some who may not think as we, but the little boys and girls did splendidly and attested the excellence of the training received from their teachers, and we wish to say that we are of the opinion that the little folks won the day. Everybody went away delighted and happy, full of praise for the pleasure the boys and girls had given them.

On Tuesday, June 4th at 10 o'clock, the large auditorium was full again. The exercises were opened by devotional services conducted by Rev. T. J. Taylor who read a portion of God's word and offered up a very sweet and tender prayer to our Father in heaven for the boys and girls and their instructors. Immediately followed a vocal quartet, "Come where the lilies bloom" rendered by Miss Ethel Allen, soprano, Mrs. E. J. Freeman, alto, Rev. C. N. Wharton, tenor, and Mr. W. B. Boyd, bass, with Miss Virginia Graham at the piano. This was par excellence. It was so well rendered and the people so much pleased with it that the demand was so great for it again that it was repeated at the night exercises with great pleasure. Then Prof. Graham followed naming the students who had gained distinction during the session. The list was a large one, and we wish we had the space to give their names and grades, but we cannot. Those entitled to certificates of proficiency and their oughtly prepared to enter the colleges were Miss Mary Hunter, Masters Gaston Foote and Norwood Boyd.

Before Prof. Graham took his seat he very handsomely introduced the orator of the day, Mr. Tasker Polk, who delivered the literary address. Our people have long since learned that when it is announced that our own Tasker Polk is to deliver an address that we are going to hear something very good. No one was disappointed this time. Mr. Polk's address was excellent. His theme, (not a subject) was school boy days and some lessons to be learned, warnings given. Mr. Polk was ornate, charming, delightful, uplifting. The writer of this heada lady say she felt lifted away up yonder by hearing this gifted brilliant son of Warren. We wish we had space to publish the speech in full, but we cannot.

A spelling match followed and it was splendid. The way those boys and girls spelled made us ashamed of the spelling constantly appearing in The Record.

Tuesday night, June 4th. at 8:30 o'clock was the closing exercises. The larger boys and girls held the boards. The programme was a most excellent one and most excellently executed. The recitations, orations, dialogues, music and drills were delightful. We shall not make any special mentions, however much we are tempted to do so, but we will be pardoned for saying that the drills by the beautiful young ladies and handsome gentlemen, under that most excellent calisthenic instructor, Mrs. C. C. Hunter, was superb and fascinated the audience which was simply enormous.

The session of this fine school, just closed, has been a very prosperous one, and good work has been done. This institution is the property of our people and they love the old institution and will stand by it, and see to it that the present able management shall be encouraged and sustained.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at his work." For sale by F. P. Hunter, druggist.
