Gentlemen:—It affords me great pleasure to state that the Kingsbury Pianos used in the Louisburg Female College for several years have proven eminently satisfactory in every respect. The pianos are magnificently made and improve in richness and sweetness of tone with use. The fine wearing quality of the Kingsbury in use in the College for several years influenced me in selecting this make a few weeks ago, which is now in use in the college, and we are all highly delighted with the instrument. Wishing you continued success in the sale of Kingsbury, we beg to remain, Yours truly,
I. ALLEN, Sec'y.
