Suffered Years.

DO YOU DRIVE TO TOWN?

This farmer telephoned and stayed at home.

This farmer went to market.

And find the market unfavorable for your produce? The farmer who has a telephone in his home can telephone first. The useless trips thus saved are worth the cost of service.

Under our plan the service costs but a trifle; the farmer owns the instrument and the equipment.

Some Advice to the Farmer.

I would like to make a few suggestions to the farmer as to how he can help in big and little ways to make his wife, as she ought to be, the happiest and best contented woman on earth.

If there is a telephone line in reach of you, have a phone put in your house. If there is none, get together with your neighbors and build one. It will pay you as well as give pleasure to your family.

Get to work on good roads in your community, if you haven't them already. Then get a gentle horse your wife can drive and see that it is at her disposal at least once a week. Get a buggy for her to ride in instead of having to use the old heavy farm wagon.

Subscribe for one or two good magazines for her.

Make her your business partner and consult with her about everything. The chances are she has just as much sense and business judgement as you have and she may have more.

And remember that anything you can do to increase your wife's health and happiness will increase our own and that of the whole family.—Mrs. Lillian Brooks Gattin, in Progressive Farmer.

ARCOLA ITEMS.

The 4th passed off all right with the biggest picnic, the most dinner and three of the best speeches that could have been gotten up. There was a large crowd present and every body had a good time.

We expect soon to commence on the new \$1000 school building. It will be quite an addition to our town both as a school building and a town hall.

Crops are beautiful in this section but we still have lots of grass.

Mrs. Robert Shearin, of Rocky Mount is visiting her father, Mr. John Gupton near here.

Master Clarence Capps has returned home from a visit to Rocky Mt.

Mr. Linnie Gupton is visiting Asheville for the next two weeks.

Mrs. R. J. Davis and Mrs. Scull visited Brinkleyville and Ringwood this week.

Quite a crowd from here attended Harris' Chapel Sunday and heard a good sermon by Rev. Mr. Mustain.

Mr. Robt. McCroden is visiting friends in our town.

To the farmer of middle life, or beyond, who contemplates moving to the city, we suggest careful thought before making the change. If he is poor, he can make a better living on the farm, if he will study his business and make his fields more productive. than he can in the city. If he is rich and able to live without work in the city, he can live better, if he will try, on the farm than in the city. But these are not the chief reasons why the man who has lived on the farm until middle life should think twice before moving to town. His habits are fixed and the chances are ten to one that city ways will not be found as agreeable as they now appear to him. Moreover, many men leave the farm and go to the village or town because of their children. This is also a mistake. The best place to raise children is in a well equipped, well managed country home.—The Progressive Farmer.
