FOR THE OLD NORTH STATE. The Safety Lamp, OR LIGHT FOR THE NARROW WAY.

BY REV. A. W. MANGUM.

This admirable little volume was brought out some time since by its accomplished author, and a copy of it was placed in our hands. Such was its excellence that we had designed before this to ask the attention of the public to it; but a press of business hindered our doing so at the time we in-

The work is a comprehensive and practical elucidation of that most interesting of all themes—the way of Salvation by Christ. It contains most striking and satisfactory proofs of the truth of Revelation, and of yellow. Christianity as therein set forth. But its greatest excellence is its clear explanation of the means to be used in order to realize the benefits of the plan of Salvation in a man's own individual case. Tais is in fact its main object. It comes to the troubled inquirer after the road in Heaven and points out clearly the course he must take. It does not deal in doubtful or speculative doctrine, but endeavors simply to make the way of life so plain "that the way-faring man need not err therein."

The prospects of our people as regards this world's affairs is dark and gloomy enough. Fo much the more propriety, therefore, in our cherishing and attending to our interests in the better world We have found out that no treasure exists here thieves break through and steal." It becomes us then to lay up our treasure where is will be secure from all contingencies. In day, of a sad character. these troublous times
