FIRE - About 12 o'clock last night the barn of John I. Shaver, Esq, of this city, was discovered to be on fice. The flames had already made such headway that it was impossible to arrest their progress. -The whole barn with its contents, including four valuable horses and mules, was entirely consumed. The fire was undoubtedly the work of an incendiary.

Stringent , State," police regulations were adopted, and for some time past there had been no further attempts of incendiarism. Our people had County, on or before the sixth day of No-begun to hope that the incendiary had de-vember next. One roll will be kept by parted for other regions, or that he had the Colonel and the duplicate returned at shandoned his wicked designs. There is one feature in the Standard's article that does not seem to have attracted general attention. That portion of lt In which the writer says that if he were going to canvass he would purchase the old mule that Bro. Pell used to ride, &c., can only be construed as a direct assault upon the virtue of the female members of that very numerous and highly respectable denomination of Christians, the Methodists, and upon the Methodists generally. There are, doubtless, many members of that church who have honestly united themselves with the Radical party. What say they, will they continue to act with a party which, through its organ, thus assails them generally, and the virtue of
