

RECONSTRUCTION.

The Radicals claim that Arkansas, South Carolina, North Carolina, Louisiana and Georgia, have adopted the negro supremacy Constitutions framed by their Conventions, and elected State officers and representatives to the two Houses of Congress in harmony therewith. These results are hailed as great victories by the Radicals.

40 Years Before the Public.

THE SOUTHERN HEPATIC PILLS. That old, long known and well tried remedy for all Bilious diseases, caused by a DISEASED LIVER. They are made and sold by G. W. DREMS, the discoverer, who has removed to Baltimore, Md., where he can have access to the purest and best medicines, on the most favorable terms. He will always keep on hand a large supply, and will sell to his customers, wholesale and retail, at the shortest notice.

IN the preparation of these very superior and excellent Pills, no cost or trouble is spared to insure the greatest possible degree of purification, in point of purity, excellence and comfort. They contain one article which has probably never before been used as a medicine, and which is a powerful agent in cleansing the Liver, (which gives them an advantage over every other Pill heretofore offered to the public.) The composition used in these Pills is carefully prepared by the hand of the discoverer, and may be used by the most feeble patient in the most delicate situation, either male or female; and from their peculiar combination are highly strengthening, mild in their action on the bowels, and indeed, in a climate like ours, where colds and coughs are almost an unending consequence of the sudden changes to which all are subject, every one at all liable to suffer from the influence of these causes, will find the greatest security in having his liver and bowels well cleansed by these invaluable Pills.

Where these Pills are known, especially in the Southern States, where they have been circulated so extensively, they need no recommendation—their merits are so well known by their results, which have given them a reputation that has brought them into great demand. They therefore are destined to be, at no distant day, the only remedy recognized and used by the people where bilious diseases are so prevalent. The advantages in this treatment therefore, is that a cure must be had, and complete without the necessity of breaking down the system in one part to remove a disease in another. They can be sent to any point in the United States by Mail or Express.
