ROWAND'S TONIC MIXTURE: Or, Vegetable Febrifuge, A specific and lasting Cure for the Fever and Ague.

This worthy remedy earnestly repels the slur of being a quack medicine, it having been the result of many years' study, experience, and labour, in the medical practice and observation of Fever and Ague. It is composed of such medicinal principles as were considered most fit to restore the harmony of action between the Stomach, Liver, and the other important func-tions of the system, the loss of which harmony is evidently the immediate cause of the disease It speedify promotes a regular and healthy ap-petite, which is generally entirely destroyed or rendered very precarious; by which effect, vigour and strength is soon afforded to the whole system. It must be apparent to all, that a medicine possessing theat peculiar virtues, is useful in a great variety of complaints. By renewing the healthy action of the organization of gans, it has proved itself of remarkable benefit gans, it has proved itself of remarkable benefit in Dyspensia, Deprayed Appetite, Heart-burn, Water Brash, Flatulency, Jauudice, Night Sweats, Dysentery, Bowel Complaints, and many other affections of sincilar origin. But it is in the treatment of Fevers, and especially in Fever and Ague, or Intermittent Fever, that its powers have been principally tested, and with those who have seen its usefulness, it is pronounced sovereign to all remedies heretologies. nounced sovereign to all remedies heretofore discovered for those diseases. It has also been used as a preventive, by many who were subject to a periodical recurrence of the Chills and Fever, and it has always warded off the appre-

hended attack.

The above medicine can be had, wholesale or retail, at the Drug Store of WILLIAMS, HAYWOOD & Co. Agents.
