WHITE OAK AND YELLOW PINE PLANK STOCKS.

NAVY COMMISSIONERS' OFFICE, 8th July, 1836.

SEALED proposals, endorsed "Proposals for Timber," will be received at this office until three o'clock P. M. of the thirty-first of August next, for the following timber:

No 1. For 40,000 cub. ft. white oak plank stocks
" 40,000 do. yellow pine do.

To be delivered at the navy yard, Charlestown, Massachusetts.

No. 2. For 40,000 cub ft. white oak plank stocks
" 40,000 do. yellow pine do.

To be delivered at the navy yard, Brooklyn, New York.

No. 3. For 20,000 cub. ft. white oak plank stocks
" 20,000 do. yellow pine do.

To be delivered at the navy yard, Philadelphia.

No. 4. For 100,000 cub. ft. white oak plank stocks
" 100,000 do. yellow pine do.

To be delivered at the navy yard, Gosport, Virginia.

The plank stocks must average 45 feet in length, and none of them must be less than 35 feet long. The white oak plank stocks must square not less than 14 inches at the but, and may square one fourth less at the top. The yellow pine plank stocks must square not less than 14 nor more than 16 inches at the but, and may square one-fifth less at the top.

At least one-fourth of the quantities of each kind of timber embraced in any offer, and any contract predicated upon such offer, must be delivered on or before the first day of June, 1837, and the remainder on or before the first day of December, 1837.

Offers will not be received for a less quantity than 5000 cubic feet. The proposals must be separate for each navy yard, and the separate price per cubic foot must be stated for each kind of timber; and the Commissioners of the Navy reserve to themselves the right of accepting any one or more of several offers, should more than one be made by the same person.

The timber must have been felled or girdled between the 1st March of October and the twentieth of March next preceding the delivery at the respective navy yards. The white oak timber must have grown near to salt water or within the influence of the sea air, and the pine timber must be of the fine grained, long leafed, yellow pine variety; all of which must be proved to the satisfaction of the commandants of the respective navy yards.

The whole of the timber must be of the best quality, free from injuries or defects, subject to the inspection and measurement of such person, as the Commissioners of the Navy may direct, and to their entire approbation.

Two good and sufficient sureties will be required for the faithful performance and within the times specified, of the contracts to be made, and as additional security ten per centum will be withheld from all payments on account thereof, but to be paid until the contracts are complied with in all respects, and to be forfeited to the use and benefit of the United States, in the event of failures to complete the deliveries within the prescribed periods.

Ninety per centum will be paid on all bills for deliveries, agreeably to the stipulations of the contracts to be made, within thirty days after their approval by the commandants of the respective navy yards.

LIVE OAK TIMBER.

NAVY COMMISSIONERS' OFFICE, 8th July, 1836.

SEALED proposals, endorsed "Proposals for Live Oak Timber," will be received at this office until three o'clock P. M., of the thirty-first day of August next, for supplying the following Live Oak Timber, viz:

No. 1. For the frame timber, beam and keelson pieces, and for the promiscuous timber for one ship of the line, one frigate, one sloop of war, and one schooner, to be delivered at the navy yard near Portsmouth, N. Y.

No. 2 For the frame timber, beam and keelson pieces, and for the promiscuous timber for one steamer and one schooner, to be delivered at the navy yard Philadelphia.

The quantity and dimensions of the promiscuous timber for each vessel, of each class, is as follows:

For the ship of the line, 6,000 cubic feet which must be sided 15 inches, and be from 12 to 20 feet in length; six of the longest pieces to side 22 inches.

For the frigate, 3,000 cubic feet, which must be sided 15 inches, and be from 12 to 20 feet long; six of the longest pieces to side 19 inches.

For the sloop of war, 1,000 cubic feet, which must be sided 12 inches, and be from 12 to 18 feet long; six of the longest pieces to side 16 inches.

For the steamer, 1,000 cubic feet which must be sided 15 inches, and be from 12 to 18 feet long; six of the longest pieces to side 16 inches.

For each schooner, 300 cubic feet, which must be sided 8 inches, and be from 10 to 16 feet long; six of the longest pieces to side 12½ inches.

A part of the promiscuous timber may be got to larger dimensions, provided the pieces will answer for replacing defective hawse pieces, transoms, breast-hooks, or other valuable pieces.

Separate offers must be made for each of the preceding numbers, and each offer must embrace all the timber that is called for by the number to which it refers, the prices asked per cubic foot must be stated separately for each and every class of vessels embraced in the offer; and for the promiscuous timber of each class, separately from the other, which is considered moulded timber.

At least one fourth of the whole quantity of timber embraced in each offer, comprising a fair proportion of the most valuable pieces, must be delivered on or before the first of June, 1838, one half of the remainder on or before the first of June, 1839, and the whole quantity on or before the first day of June, 1840, and if the above proportions shall not be delivered at the respective times above specified, the Commissioners of the Navy reserve to themselves the right of cancelling any contract in the execution of which such failure may occur, and of entering into new contracts, holding the original contractors and their sureties liable for any excess of cost and other damages which may be thus incurred.

The said Live Oak Timber must have grown within twenty-five miles of the seaboard, (which must be proven to the satisfaction of the respective commandants,) must be got out by the moulds and written directions, and specifications of dimensions, &c., which will be furnished to the contractors for their government, and must be free from all injuries and defects which may impair the good quality of the said timber for the purposes for which it is required by contract, and be in all respects satisfactory to the commandants of the respective Navy Yards where it is delivered.

Bonds, with two good and responsible sureties, (whose names must be forwarded with the offers) in the amount of one-third the estimated value of the timber to be furnished under the respective contracts, will be required; and, as collateral security for the faithful compliance with the terms, stipulations, and conditions of the said contracts, ten per centum will be reserved from the actual amount of each payment which may be made from time to time, until the said contracts are completed and closed, which reservations, respectively, will be forfeited to the use and benefit of the United States, in the event of failure to deliver the timber within the respective periods prescribed.

The moulds will be furnished to the contractors at one of the Navy Yards, Brookly or Gosport.

Ninety per centum will be paid on all bills for deliveries, agreeably to the stipulations of the contracts to be made, within thirty days after their approval by the commandants of the respective navy yards.

To be published twice a week in the Globe; National Intelligencer; United States Telegraph; Army and Navy Chronicle; Eastern Argus; New Hampshire Patriot; Boston Advocate; Hartford Times; Republican Herald; New York Evening Post; New York Times; Trenton Emporium; American Sentinel; Pennsylvanian; Baltimore Republican; Norfolk Herald; Norfolk Beacon; Raleigh Star; Newbern Sentinel; Charleston Patriot; Georgian; Louisiana Advertiser; Mobile Register.

BEEF AND PORK FOR THE YEAR 1837.

NAVY COMMISSIONERS' OFFICE, July 7, 1836.

SEALED offers, endorsed "Offers for Beef," or "Offers for Pork," as the case may be, will be received at this office until 3 o'clock P. M. of the 29th day of August next, for furnishing and delivering, free of all cost and charge to the United States, 8,400 barrels of Navy Beef, and 8,400 barrels of Navy Pork, each barrel to contain 200 pounds nett weight of beef or of pork; 2 800 barrels of the beef, and 2,800 barrels of the pork must be delivered at each of the navy yards, Charlestown, Massachusetts, Brooklyn, New York, and Gosport, Virginia, respectively.

One-fourth of the quantity of beef and of pork delivereable at each of the said navy yards, must be delivered on or b fore the 15th day of December next, and the remainder must be delivered between the 15th day of December next and the 15th day of May, 1837.

The beef must be packed from well fattened cattle, weighing not less than six hundred pounds nett weight. All the legs and leg rounds of the hind quarters, and the clods, neck, or sticking pieces, shins, and cheeks of the fore quarters, must be wholly excluded from the barrel, and the remainder of the carsass must be cut in pieces of not less than eight pounds each.

The pork must be corn fed and well fattened. All the skulls, feet, and hind legs entire, must be excluded from the barrel, and the remainder of the hog must be cut in pieces weighing not less than six pounds each; not more than three shoulder pieces and one jowl and a half, or the jowls of a hog and a half, shall be allowed to a barrel.

The whole quantity of the said beef and pork must be slaughtered between the dates of the acceptance of the respective offers and the periods of delivery; must be thoroughly salted or struck with the best quality clean, coarse, Turk's Island, Isle of May, or St. Ubes salt, and no other, and after remaining a sufficient time for the salt to penetrate the meat in the most thorough manner, it is to be packed with a sufficient quantity of the same quality of salt and five ounces of pure salipetre, pulverized; the salt used in striking must be carefully separated from the pieces, and the pieces must be drained or placed on inclined boards, and suffered to remain in that state for some time before the pieces are put in the barrel.

The barrels must be made of the best seasoned heart of white oak, free from sap wood, and the staves must be at least three-fourths of an inch thick, and not more than four inches wide; they must be fully and substantially hooped and nailed, and an iron hoop at least one inch in width must be put upon each chine, for additional security against leakage, by, and at the expense of, the respective contractors. Each barrel must be branded on its head "Navy Beef," or "Navy Pork," as the case may be, with the "Contractor's name," and the "year when packed."

The beef and the pork will be inspected by the inspecting officers at the respective navy yards, and by some "sworn inspector of salt provisions," who will be selected by the respective commanding officers; but their charges for such inspections must be paid by the respective contractors, who must likewise have the barrels put in good shipping order, to the satisfaction of the commandants of the respective yards, after the inspections, and at their own expense.

Bidders must specify their prices separately and distinctly in separate offers for the beef and for the pork, and for each of the places of delivery, covering all their expenses and charges; the names and residences of the sureties offered must be specified, and sufficient and competent evidence of the willingness of the individuals named to become sureties, and of their responsibility as such, must be furnished, and must accompany the respective offers.

Bonds in one third the amount of the respective contracts will be required, and ten per centum in addition will be withheld from the amount of each payment to be made, as collateral security for the due and faithful performance of the respective contracts; which will, on no account, be paid, until the contracts are complied with in all respects. After deducting ten per centum, payment will be made by the United States within thirty days after the provisions shall have been inspected and received, and bills for the same, approved by the commandants of the respective navy yards, according to the terms of the contracts.

The parts of the beef to be excluded from the barrel are particularly disignated in the engravings to be attached to the contracts. Persons interested, who have not heretofore seen the engravings, can obtain them on application at this office.

NOTICE TO CONTRACTORS.

JAMES RIVER & KANAWHA CANAL.

Proposals will be received at the Office of the James River and Kanawha Company, in the City of Richmond, from the 15th to the 23rd day of August, for the construction of all the Excavation, Embankment and Walling not now under contract, together with nearly all the Culverts and the greater portion of the Locks between Lynchburg and Maidens' Adventure.

The work now advertised embraces the twenty miles between Columbia and the head of Maidens' Adventure Pond, the eight miles between Seven Island Falls and Scottsville, and about twenty isolated sections, reserved at the former letting, between Scottsville and Lynchburg.

The quantity of masonry offered is very great,—consisting of about two hundred Culverts of from three to thirty feet span; nine Aqueducts, thirty-five Locks, a number of Wastes, with several farm and road Bridges.

General plans and specifications of all the work, and special plans of the most important Culverts and Aqueducts, will be found at the offices of the several Principal Assistant Engineers on the line of the Canal.

The work will be prepared for examination by the 25th July; but mechanics, well recommended, desirous of immediate employment, can obtain contracts for the construction of a number of culverts at private letting.

Persons offering to contract, who are unknown to the subscriber, or any of the Assistant Engineers, will be expected to accompany their proposals by the usual certificates of character and ability.

CHARLES ELLET, Jr.

Chief Engineer of the James River and Kanawha Company.

Note.—The Dams, Guard-Locks, most of the Bridges, and a number of Locks and Culverts, are reserved for a future letting. Persons visiting the line for the purpose of obtaining work, would do well to call at the office of the Company in the city of Richmond, where any information which they may desire will be cheerfully communicated.

The valley of James River, between Lynchburg and Richmond is healthy. C. E. Jr.

One Hundred Dollars Reward.

RANAWAY from the subscriber, on the 1st of May last, a Negro man by the name of *Will*, about 41 years of age, dark complected, 5 feet 10 or 11 inches high, well built, has lost some of his jaw teeth, and carried off sundry clothing, among which were a coarse gray cloth roundabout coat and pantaloons, a pale blue satinet frock coat, home-made pantaloons, cotton shirts and wool hat. I expect he has made for the Roanoke, as I purchased him some years ago from Doctor Simmons Baker of Martin county. I will give the above reward of One Hundred Dollars for the apprehension and securing the said Negro in Jail, if taken out of this State, or Fifty Dollars if taken in this State, so that I get him again.

OFFICE OF THE PETERSBURG RAIL ROAD CO.

Great Northern and Southern Daily Mail Route.

The Petersburg Rail Road Company inform the public that their Road, extending from Petersburg, Va., to Blakeley, North Carolina, on the Roanoke, a distance of 60 miles, and constituting a part of the *GREAT DAILY MAIL ROUTE* North and South, is now amply provided with superior Locomotives and Cars, to accommodate all the travel that may offer. The Cars leave each end of the road daily, on the arrival of the respective Mails. Travellers with their own equipages, can have their horses and carriages transported on this road, with perfect safety and convenience; and thus, perform in 5 or 6 hours—while resting their horses, a journey which would otherwise require two days to accomplish.

The Blakeley Hotel at the southern termination of the Rail Road, has been re-built of brick on an enlarged scale, and no pains will be spared to render its accommodations such as will give satisfaction to passengers and travellers generally.

Besides the daily line of Mail Coaches from Blakely for the South, via Raleigh, Fayetteville, &c. there is a *line via Tarborough* three times a week, connected with the Mail Line at Fayetteville, and also a line from the Rail Road at BELFIELD to CLARKSVILLE, MILTON and DANVILLE.

Another tri-weekly Line from Blakeley, passes through WARRENTON, OXFORD, &c. and connects with a line to SALISBURY, N. C.

In the course of the present season, a branch will be opened from the Petersburg Rail Road at Belfield, to Wilkins' Ferry at GASTON, on the ROANOKE, from whence a Rail Road to cross the river by a bridge, is now about to be constructed to Raleigh.

The Rail Road from Baltimore to Washington is now in operation, thence to Potomac landing, the line is continued by Steamboats; thence via FREDERICKSBURG to RICHMOND, a considerable portion of the Rail Road is finished—and the remainder is in a rapid course to completion. The line continues from Richmond to Petersburg, by a turnpike road—and thence to the Petersburg Rail Road to Blakeley, as before mentioned, is the *most* and *only* DAILY MAIL ROUTE BETWEEN BOSTON AND NEW ORLEANS.

BECKWITH'S ANTI-DYSPEPTIC PILLS,

For the cure of almost every variety of functional disorder of the Stomach, Bowels, Liver and Spleen; such as heart-burn, acid eructations, nausea, head-ach, pain and distention of the Stomach and bowels, incipient Diarrhœa, Colic, Jaundice, Flatulence, habitual costiveness, loss of appetite, sick head-ach, *sea sick-ness, &c &c.* They are a safe and comfortable Aperient for Females during pregnancy and subsequent confinement, relieving sickness at the stomach, head-ach, heart-burn and many of the incidental nervous affections. Literary men, students and most other persons of sedentary habits, find them very convenient. Those who indulge too freely in the pleasures of the Table find speedy relief from the sense of oppression and distention which follow, by taking the Pills. As a *dinner Pill* they are invaluable. Those who are drinking mineral waters and particularly those from Southern climates and ague and fever districts, will find them a valuable adjunct. Those who are exposed to the vicissitudes of weather, on voyages or journeys, can take them at all times with perfect safety. *In fact doses,* they are a highly efficacious and safe Anti-bilious Medicine. They seldom or never produce sickness at the stomach or griping.

Their efficacy is strongly attested by certificates signed by the following gentlemen, viz—Bishop Ives, Rev. Dr. M'Elheriers, Rev. C. F. Freeman, Rev. B. T. Blake, Gov. Iredell, Hon. Henry Potter, Hon. G. E. Badger, Hon. Rich'd Hines, Thos. P. Devereux, Esq., Professor Anderson, Wm. Hill, Esq. Sec'y. of State, Wm. S. Mason, Esq. late Treasurer, Jas. Grant, Esq. late Comptroller, W. H. Gales, Esq. of the Register, Capt. Gaines, Gaines' Hotel, Doct. R. G. Read, Doct. E. Crosby, Rect. J. V. Young, &c. &c. Ample directions accompanying each Box. These pills are for sale by appointment in almost every Town in the United States, and at *wholesale* and retail by the Subscribers, to whom applications for Agencies may be made.

Patent Soapstone Paint.

W. H. MEAD has on hand a full assortment of the PATENT SOAPSTONE PAINT, (of various colors) which is now used at the North with great success on Shingle, Tin and Zinc Roofs. It is also used for Painting the outside of buildings. One coat of the Soapstone Paint finished with one of White Lead, makes a beautiful white, and will preserve its beauty double the length of time of that of Lead. The Soapstone Paint possesses cementing qualities which forms a lasting and durable body—it is a sure preventative for leaky roofs; it is also a safeguard against fire from sparks falling on the roof from chimnies, neighboring fires, &c. and it can be applied for half the expense of white lead, or fish oil answers every purpose.

N. B. All orders from the country will be punctually attended to.

TO PHYSICIANS.

DR. SAM'L C. BELLAMY having removed to Florida, would respectfully call the attention of the faculty to the location he formerly occupied in the town of Kinston, in Lenoir county, N. C.

There is not a situation in the State at which a *regular-bred* physician will be more needed, or one at which he who would devote himself assiduously to his profession would do a finer business.

His medicines, if desired, can be had, at the place, for less than the Philadelphia cost. They are in the care of W. Wilcox, Esq. to whom, or to Col. I. Croom or to Geo. T. Levis, reference may be made concerning the locality.
