I did not drink the water more than a fortuight, hefore I had so far recov-ered my health as to be able to walk alone all over the yard, and, in a very short time after-wards, to the atomishment of my friends, I re-tured home entirely well. From John Beckweth, M. D. Raleigh, May 10, 1837. Dear Mailan — You not nureasonably conclude that one who, like myself, has been an occasion al visier at Sheeco Springs for more than five and twenty rears, should be able to form a just estimate of their medicinal effects. It gives me pleasure to be able, from much observation, and no small personal experience, to say that the waters are well adapted to cases of convalescence from billions and intermittent Ferers, that they correct a vitigated or deficient action of the Livert Susan Warren

My information in relation to its medicinal properies has been derived from no little per-tonal experience. It will readily occur to in-telligent medical men, to what class of diseases a remedy basing such affects an described above. a remedy having such effects as described above, will be applicable, who will likely be consulted by invalids wishing to avail themselves of its benefits before leaving their respective homes.

Respectfully, yours, &c. ELLIS MALONE. To Mrs. Ann Johnson.
