Pittsboro' Academy, N. C.

The Trustees of this Institution take great pleasure in announcing to the friends of education throughout the State, that they have engaged the valuable services of Mr. J. M. Lovejoy to take charge of this Academy. The Trustees have received very flattering testimonials (both as regards his qualifications as a teacher and his habits as a gentleman,) from several gentlemen of Greenville, N. C. where, in consequence of the sickliness of the climate, Mr. Lovejoy has been compelled to abandon a very flourishing school, numbering about seventy boys; which, in addition to letters received from Greenville, are an evidence of the high estimation in which this gentleman was held as an instructor. Mr. Lovejoy is a graduate, is said to be a first rate mathematician and linguist, and (what is of great importance) is said to possess the rare faculty of imparting knowledge with very great facility. The course of instruction in the Pittsboro' Academy will embrace all the lower and higher branches of education, including Latin, Greek & French. It is designed to make this, as it is believed it will become, a first rate Preparatory School for such as are desirous of entering either of the classes of the University. The first session of the school will commence on the 4th Monday of July inst. Board can be had in respectable families at $10 per month. Tuition at the ordinary rates.

It is unnecessary to speak of the great advantages Pittsborough offers in point of health and society, as it is believed they are superior to those of any town in North Carolina.

M. Q. WADDELL, Sec. to Trustees.

BUFFALO SPRING for SALE.

This valuable property the subscriber now offers for sale, and will sell on good terms, if application be made by the 25th of next December. This Spring is situated in a healthy and fertile section of country, in the county of Mecklenburg, Va., seven miles from Clarksville, a flourishing village on the Roanoke River, 17 miles from Boydton, at which place Randolph Macon College is located, and 25 miles from Oxford, N. C. The medicinal properties of this water are Epsom Salts, Iron, Sulphur, Nitre and Magnesia.

The many cures effected by this water warrant me in saying that it is not inferior to any mineral water in the State. Its effects are prompt and certain in cutaneous diseases, diseases of the stomach, bowels, kidneys, bladder, sore eyes, and uterine diseases, and a prompt restorer of health and strength to convalescents from fever. Hundreds of testimonials might be furnished of its efficacy in the above and many other diseases, if necessary, and among them those of eminent physicians both in North Carolina & Virginia.

There is attached to this Spring 120 acres of land: part of which is first rate bottom land, extremely well suited for meadows. The buildings are nearly new, most of which have been built within the last three or four years, and for comfort are not surpassed by buildings at any watering place in Virginia. One hundred and fifty people can be comfortably accommodated at this place. A line of stages continue to run from Belfield to Danville, by this Spring, and visiters coming by Stage will meet with conveyance from either of those places.

Pleasant Hill Academy

Will open its first session on the 15th of August on the following terms:

TUITION (PER SESSION, IN ADVANCE.)

For Latin and Greek Languages	$15 00
Algebra, Geometry, Surveying &c.	12 50
English Grammar, Modern Geography and Arithmetick	10 00

Board including bedding and washing can be obtained in private families for six dollars per month in advance.

This Academy, located six miles south of Pittsborough, possesses advantages from its healthy situation, cheapness of board, and the high moral character of the surrounding neighborhood, which, in the opinion of the subscriber fully entitle it to the confidence of such of his fellow citizens as desire to secure for their sons the benefit of a thorough Academical Education, or a preparation for any of our Colleges.

The school will be opened under the direction of Baxter Clegg, late a graduate of Randolph Macon College, on whose literary and moral qualifications, he thinks, from intimate acquaintance, a confiding public may firmly rely for such a line of conduct as will merit for the school extensive patronage.

1st. *THEIR ANTI-BILLIOUS TOMATO PILLS.*

These pills supply the place of calomel and are a certain cure for all diseases of the liver, the different varieties of fever, all chronic affections, and every other malady requiring a cathartic or brisk operation and the aid of alterative medicines.

2d. *THEIR ANTIDISPEPTIC SLIPPERY ELM PILLS.*

These pills are a sure and certain remedy for indigestion. They gently open and give strength to the bowels, restore the appetite by imparting tone to the stomach; and by their timely use serious attacks are prevented. They are a fine dinner pill and are invaluable in diseases peculiar to females and children.

The above preparations are now patronized by the profession and others of the highest respectability, and are giving daily proofs of their superior intrinsic virtues. These considerations, therefore, give them a claim to the confidence & patronage of the public and physicians generally.

The respectable certificates of the following gentlemen are given as testimonials in their favor:

To all whom it may concern.—This is to certify, that I have witnessed the most salutary effects produced by A. & J. Harrell's Anti-Dyspeptic Slippery Elm Pills, especially in dyspepsia, and that without pain or uneasiness; and do not hesitate to recommend them to the public as an uncommonly pleasant and useful medicine. In testimony of that confidence, gentlemen, I wish you to forward me a thousand forthwith.

Doctors A. & J. Harrell:—I have the past year made frequent use of your Anti-Dyspeptic Slippery Elm Pills, and find them a most valuable medicine: they produce the most beneficial effects on my system, whenever I have had occasion to use them.

Elizabeth City, N. C. 1838.

In testifying to the virtues of Doctor A. & J. Harrell's Anti-Dyspeptic Slippery Elm Pills, I feel free to say, that I have used them in several instances with considerable benefit. They operate pleasantly without nauseating the stomach, and in my own case, they have been entirely successful in removing the symptoms of dyspepsia. I regard these pills an excellent medicine, and should be kept in the house of every family.

Gentlemen—This is to certify, that I believe your Anti-Billious Tomato Pills to be a good and genuine medicine, and that they contain all the qualities for which they are recommended. I have used them in my family in several cases, and they have proved effectual in every instance.

From a respectable citizen of Pasquotank co.

Gentlemen—This is to certify to the efficacy of your Anti-Bilious Tomato Pills. In a recent attack of liver affection connected with derangement of the lungs their use was attended with the most salutary results. They operated promptly yet with peculiar mildness, reducing fever and clearing the stomach and bowels of their morbid matters. I think them a superior medicine and recommend them without hesitation to public notice and patronage.

JOSIAH PRITCHARD.

From Mr. Charles Bright, farmer, Pasquotank county, N. C., 1838

To all whom it may concern.—This is to certify that I have taken Doctors A. & J. Harrell's Anti-Bilious Tomato Pills with great benefit. I have been always subject to sick headache and have found but little relief by the remedies I have resorted to. By the use of your pills, however, I have realized much advantage, and I think by their further use that I shall be permanently cured. They merit universal confidence.

GREAT EXPEDITION.

The Raleigh and Gaston Rail Road Company have the pleasure to announce to the public that the Bridge over the Roanoke and twelve miles of their Road being finished and in daily use, for the transportation of persons and produce, they now form, since the completion of the Rail Road between Richmond and Petersburg, a continuous line of railway communication from Littleton to the North. In the course of a few weeks, about 30 miles more of their Rail Road will be ready, when a Locomotive will daily leave Chalk Level (Henderson Depot) for the North, instead of Littleton as at present.

This is the Great mail route, and the different Rail Road Companies now run their daily mail line from Littleton to New York in 39 hours running time, or including all stoppages in less than 48 hours, without the loss of a single night's sleep.

Travellers from Greensborough, Salisbury and the West are informed that, by taking this route, they will reach Washington City 24 hours ahead of any other line, avoiding at the same time about 200 miles of Staging and the loss of two night's sleep.

This is the pleasantest and most expeditious route to the Virginia Springs. A first rate line of Coaches is kept up from Littleton through to Raleigh, where the main Western line intersects it and where it unites with the great Southern mail line to Fayetteville, Columbia, Augusta and Charleston.

☞ The Raleigh Register, Salisbury Watchman, Greensborough Patriot, Fayetteville Observer, Knoxville Register, Cheraw Gazette, Columbia Telescope, Augusta Courier, and Milledgeville Journal will insert once a week until 1st of August, and forward their accounts to the office, of the Raleigh Register.

DR. W. W. MARSHALL'S Ointment for the Blind Piles.

This invaluable remedy has been several years before the public; its virtue and efficacy have been well tested, and, in numerous instances, in the most aggravated forms of the disease. In not a solitary case has it been known to fail in effecting a cure. Many very respectable persons have borne testimony to its efficacy; among whom is the Rev. Wm. A. Smith, of the M. E. Church, and Editor of the Conference Journal, who, from his own experience, confidently recommends it to the public as "A SAFE, AGREEABLE, AND EFFICIENT REMEDY."

It may be had at the Store of R. TUCKER, Agent, Raleigh, N. C.

$25 REWARD.

Ranaway from the subscriber, on the 4th January, 1838, a negro man named *ALFRED*, formerly the property of Charles A. Hill, deceased. The above reward of Twenty-five dollars will be given to any person who will deliver the said boy Alfred to me at my residence, six miles west of Louisburg, or confine him in Louisburg Jail so that I get him again.

☞ I would give a description of the boy—but I have not had him a sufficient length of time to observe or recollect any particular marks.

The celebrated English Race Horse

FLEXIBLE,

(Bred by the Earl of Egremont) by Whalebone, dam Themis by Sorcerer, (purchased of the Earl of Egremont for the King of Prussia) her dam Hanna by Gohanna, Humming Bird (sister to Catharina, Colibrie and young Camilla the dam of Mandane and Allegretta) by Woodpecker, Camilla by Trentham, Coquette by the Compton Barb; sister to Regulus by the Godolphin Arabian.

Whalebone, the sire of Flexible, is brother to Whisker, Woful, and Web, by Waxy—dam Penelope by Trumpeter, Prunella by Highflyer, Promise by Snap, Spectator's dam by Partner. In Flexible is thus united the best blood of Matchem, Herod and Eclipse.

FLEXIBLE won nine races when three years old (including a cup of 4 miles) and has beaten Longwairt, Dr. Faustus, Arachne, General Mina, Signorina, Whittington, Oswertry, Luxborough, Muzame, &c. Flexible stood in England at eleven sovereigns (equal to 55 dollars.) He is full 15 hands 3 inches high, with great muscular powers; and for nice proportions is equalled by few. He is one of the best sons of Whalebone, descended from the two best Arabians, without an unfashionable cross. His speed, bottom, and temper is equal to any horse of his day. He is now at his stables. The season will commence the 14th day of February, or earlier, if required. For the particulars of his running out of his colts in England, see hand bills; at which shall be liberal.
