ery good paper that it has something HABIT IS EVERYTHING .- A city in it for every one. man, accustomed to lodge on one of

IMPURE DRINKING WATER .---- Now is the season when we should guard with the utmost care against every possible contamination of our wells and springs. During the winter, and early summer, the amount of water in the soil is sufficient to keep any slight impurity so far diluted as to be comparatively unimportant, but during this and the succeding months when the springs are low, when most of the water-bearing strata of the soil have run dry, the virus is so concentrated as to tell, with often fatal Beecher has written the best eulogy stronger than in bath, billiards or three hours refreshing sleep, though

hoped too, that he has half a dozen te law on my side, you see !" journals of one sort or another every month. But, however that may be,

when he reads them over he often savs:" Now I wish I could remember that item, and put it in practice next season. I believe I will cut it out and save it somewhere." He does

cut it out and puts it in his vest pocket, or between the leaves of a book, or in some out of the way place, where there is little chance of his ever seeing it again.

Now, when he cut it out he took a step in the right direction. Why did he not go on a little further, and paste it in a scrap book ? Then it would have been permanently saved and very convenient for reference .---Preserving papers in files would save all the articles, but few would take the trouble to look all through them for some point which they wished .o look over again. It would seem too much like loooking for the proverb-

ial "needle in the hay-mow." The scrap book gives you the very cream of your papers. There are

one which seem to have been written expressly for you, and you do not care to save those belonging to some-

body else. You do not care to read the columns on bee keeping, when you never owned a bee in your life; but probably your neighbor takes more interest in that than any other department. It is the beauty of ev-

usually only a few articles in each
