

Four Teams Still Unbeaten As Aggies, Columbia Win

NEW YORK, Jan. 18 — (UP) — Oklahoma A. and M. and Columbia renewed their membership cards in the exclusive "unbeaten Club" today and, what's more, took title to first place in their respective conferences.

The list of major unbeaten basketball teams was reduced to just four last night when Niagara ended St. Bonaventure's 10-game string, 72 to 57, but the Aggies and the Lions picked up new laurels.

The Aggies, ranked by the United Press board of coaches as the top team in the nation, scored one of its most impressive and important victories of the season by a 58 to 44 count over St. Louis University at Stillwater, Okla.

That gave them 16 straight wins this season, first place in the rough and rugged Missouri Valley Conference, and increased prestige all over the nation.

Columbia became the gem of the Ivy League with a 68 to 50 triumph over Pennsylvania at New York City. It was the Lion's 11th victory in a perfect season and it shattered the first-place tie which had existed between these two teams.

ALL-GIRLS GAME IN COLISEUM

It is my guess that this addition of teams from four to eight in the All-girl play in the Coliseum is a provoker. I don't know if it is intentional or not, but I believe after the teams have met and four winners are decided that there will be a clamor for the winners to meet. The reason for doubling the number may be to increase the attendance, or it may be the result of the strong demand from so many schools and communities for their teams to be included. The reason for the increase in the number is really secondary; the important thing is, will there be a follow?

There is a post-season all-state girls tourney played in Southern Pines to decide the best teams in the state. May be that this is the beginning of a replacement of the Southern Pines location . . . or it may be just to make more folks happy, who knows?

Incidentally, it seems that the times that have been set for the night games are rather late for high school ball games. The last game begins at 10:00, will probably end at 11:00, and the girls will be as late as 12:30 to 1:00 getting home . . . with school the next morning and a school bus to catch at 7:45. Just a thought or two.

THE HEAVYWEIGHT BOXING SITUATION

Sport fans and sport writers all over the country were hoping for one of two results from last Friday night's Charles-oma heavyweight championship fight. They were for a good close battle that would prove that Lee Oma was a formidable foe and challenger, or a one-sided, impressive win for Ezzard Charles that would prove that he is truly a champion and top notch boxer. Neither case resulted.

Anyone who heard, saw, or read about the last Friday bout knows that it was a poor substitute for a high-grade championship fight and that it has only tended to further degrade the boxing situation.

To many people who see boxing as a brutal, uncivilized, and non-sporting, a satisfying turn of events has come to pass; and yet, those who see boxing as a contest of cleverness, speed, and endurance are disgusted and unhappy to see this exciting and action-packed sport hit such a terrible slump. When will it end?

MAKE-BELIEVE FOE BENHAVEN FRIEND

It seems that most of the players, students, and rabid basketball fans at Benhaven school like to read between the lines or imagine things. Which ever it is that they did the other day while reading this column they misinterpreted, and I think if they will just read this article again only for what is there, they will find no remark which slanderous or detrimental to their girls' basketball team.

There was only one referer intended, and I think, only one referer was in evidence—this being that it is very possible that the weak guarding on the part of the opposition is a factor in the overwhelming showing in, and the dominance of, the Harnett County Conference.

I believe that if the fine people of the Benhaven community will think this over and watch for it in the next few ball games that they will (reluctantly) agree with me.

If you will remember, I have called your team the "Court Queens" on numerous occasions. I have said that they can coast through conference play, and used other superlatives in referring to Benhaven's fine girls' team. Furthermore, I will be at the Coliseum pulling for them and I would like to go up with them Sunday to watch their workout.

The high school boys won over the Coats All-stars, a team which included three of the high school teachers, 38-22.

The Coats high girls were led by Doris Johnson who scored 15 points and Josephine Johnson who made 7. Rosie Gilchrist scored 11 points for the Lillington women.

Resolution

—probably 60 per cent of materials going into autos and trucks will be going to the government."

He explained that the State replaces 10 per cent of its school buses each year and an appropriation of \$2,121,000 for buses and service equipment was recommended for the 1951-52 fiscal year in the proposed budget.

"We are unable to place any order without an appropriation," he added.

"This resolution is to tell them to go ahead and order and the State will back them up," Moore explained.

STUDY GENERAL FUND

The committee returned to its painstaking page-by-page study of the General Fund section of the budget that was expected to consume at least two afternoons next week.

Moore pointed out that requests for special consideration already had been made and warned that others probably would be made before the committee finished its preliminary budget study.

But he vetoed King's proposal to make cuts on the way.

"But Larry," protested King, "A fellow has just gone out of here with 600 buses. We're going to have to get up earlier than we've been getting up if we're going to beat those fellows in here."

At a meeting of the Joint Finance Committee, House Chairman E. T. Bost, Jr., urged members to get into the hoppers as quickly as possible any bills they had in mind to make changes in the Revenue Act so "we'll have something to work on." Only one minor amendment is before the committee now.
