

### Mrs. Dooney Paid Honor At Shower

Mrs. Tommy Johnson and Mrs. Billy Ray Matthews were joint hostesses at the home of Mrs. Johnson Thursday evening when they entertained for Mrs. Kenneth Dooney with a Bingo party and stork shower.

Pink and white carnations were beautifully arranged for the living room, and in the dining room a centerpiece for the table was a crystal bowl of pink and white carnations with tall tapers in crystal holders on either side.

Mrs. Dooney was presented a corsage of carnations by the hostesses.

Bingo was played at several tables with prizes going to Mrs. Winston Ester, Mrs. Jimmy Hatley, Mrs. Arthur Whittington, Mrs. Selwyn O'Quinn, Mrs. Ray Johnson and Miss Sara Turlington.

Gifts from the guests were presented in a bassinets by the hostesses.

The pink and white color scheme with a touch of blue was carried out in the refreshments. Angel food cake topped with a pink snowball in which a tiny blue burning candle stood, was served with coffee and salted nuts.

Those attending were the honoree, and Mrs. C. B. Allred, mother of Mrs. Dooney, and Mrs. Lee Searcy.

**MODERNIZE THE OIL FILTERING SYSTEM ON YOUR OLD TRACTOR**

REPLACING THESE... WITH THIS

**Keeps Engine Oil Clean Twice as Long**

Protect your tractor engine with the new International Harvester "umbrella" type filter element. It lasts twice as long as the familiar old-style cloth or metal strainers which had to be cleaned daily and is more efficient than the star-shaped cellulose element. Even under adverse operating conditions the "umbrella" element affords full protection for 120 hours of use (100 hours for Diesel engines).

This new element is made of special-cropped cellulose, resin-impregnated and baked to form a plastic-like material that withstands hot oil without collapsing. It keeps oil free from harmful material and filters out particles so small they can be measured only in microns.

For maximum protection use the new "umbrella" element and change regularly at the recommended time intervals. Take home a supply today.

COLONIAL OFFICIALS HERE—Pictured here are three high-ranking officials of the Colonial Stores, here today for the grand opening of Dunn's new Colonial Super Market. Left to right are: C. H. Campbell, manager of Raleigh operations, C. M. Tuttle of Durham, general superintendent; and H. W. McCullough of Columbia, S. C., division manager. (Daily Record Photo by T. M. Stewart.)

### Two Funerals

(Continued From Page One)

Willford.

The body was brought to Dunn last night and will remain at the Cromartie Funeral Home until Friday, when it will be taken to the home of her sister, Mrs. Ross Register.

Officiating at the services will be the Rev. C. H. Coats, pastor, the Rev. Joffrey Pope of Fuquay Springs, and the Rev. Joyce V. Early of Dunn. Burial will be in the Tew family cemetery. The body will lie in state at the church for one hour prior to the services.

Surviving are two sons, Theodore Willford of Portsmouth, Va., and Harold Willford of Godwin; three sisters, Mrs. Lula McNeill of Dunn, Rt. 5, Mrs. Ross Register of Dunn, Rt. 1, and Mrs. Evander Godwin of Jacksonville, N. C.; also 11 grandchildren.

### Cap Square

(Continued From Page One)

bills affecting governmental reorganization and other basic matters.

TRENDS—Although the General Assembly has been in session three weeks and has had in hand the Advisory Budget Commission report and proposed money bills for two and a half weeks, very little has been accomplished. In fact, it is difficult to discover any trends or indications of what course legislation will take. Experienced observers can detect increasing optimism among those recognized as advocates of larger spending than the budget proposed. There is rather general belief that the delay is working to the advantage of the heavy spenders.

BLOCS—There are no clearly defined blocs or groups, but there is evidence that advocates of additional tax levies are not so despondent as they were the first few days of the session. A former legislator who has been around Raleigh since Jan. 3 watching proceedings of this session remarked yesterday that the conservatives had organized both branches of the assembly, but were marking time so long the liberals were perfecting their organization and might well be in position to take the offensive in a few days.

### Coats Winner In FFA Event

The Harnett County Federation of Future Farmers of America met at Benhaven School. A Seed Identification and Crop Judging Contest was held. The following schools took part in the contest: Benhaven, Boone Trail, Anderson Creek, Coats, Dunn, Lillington, and Lafayette. Fifty seed samples which included weeds, grasses, clovers, small grains, and others were identified. Three samples of seed were judged: oats, wheat, and soybeans. The Contest was conducted by Mr. E. M. Meekins, District Supervisor of Agricultural Education for this area.

**LILLINGTON SECOND**

Coats won first place, Lillington second, and Dunn third. The high scorers were Delano Whittington of Coats with 730 out of a possible 800 points, Charles Gilchrist of Lillington with 708, and Jesse E. Tart of Dunn with 690. Coats' team had a total score of 2050 out of a possible 2400. Lillington's team 1835, and Dunn's team 1750.

The first and second place winners, Coats and Lillington, will compete in the State Contest on January 28, 1951, at National Guard Armory on the campus of State College, at the North Carolina State Crop Improvement and Seed Growers Association's State Convention.

### Alvis Stewart Dies At Bunnlevel Home

Alvis G. Stewart, 52, died early Thursday morning at his home in Bunnlevel. Funeral arrangements will be announced by Cromartie Funeral Home.

Surviving are his wife, Mrs. Althea Byrd Stewart, Bunnlevel; two sons, A. G. Stewart Jr. and Eugene Stewart, both of Bunnlevel; his mother, Mrs. C. M. Stewart, Apex; three sisters, Mrs. Fred Sitterson of Florence, S. C.; Mrs. Marvin Dean and Mrs. Floyd Jones, both of Durham; two brothers, Fred Stewart of Coats and Clyde Stewart of Durham.

### Casualties

Panic is the worst feature of the irradiation aspect, with fear killing more people than the irradiation itself.

Irradiation is of two types, the major explained. The external radiation is caused by the release of gamma and neutron rays. These rays, given off in 90 seconds, have great penetrating power, and the effect is worst in an air burst. The only protection is to get behind something which will halt some of the rays. An inch of steel, three inches of concrete, or five inches of earth will cut out half the rays. Range of the rays from blast center is one-half to three-quarters of a mile.

Internal irradiation is caused by alpha and beta particles which get inside the body. Danger of this is worse in a ground or underwater burst, since the particles are trapped in dust or water and inhaled into the lungs or taken with food or water. Inside the body, these particles upset the digestive system and destroy the ability to produce new blood. Transfusions will be helpful, if irradiation has not been too great.

### DUNN NOT A TARGET

Sterility and mutations, much publicized since the dropping of the first bombs in Japan, have been much less than was expected. Sterility proved to be temporary in most cases, and the mutations have been minor.

If Dunn were hit by an atomic bomb, it would be an accident or a mistake, the major said. Bombs are expensive, and their use would be on "closely packed cities, with large industrial plants, of 250,000 population or more. However, other types of bombs would still be used.

### NEWCOMERS TO LILLINGTON

Lt. and Mrs. Norman D. Masters and two children have an apartment in the home of Mrs. Mack Johnson.

Sgt. and Mrs. Lee and little son are occupying the Frank Lewis' apartment.

Sgt. and Mrs. Rex Heller have rented Mrs. Hoyle Secrest's new apartment.

Sgt. and Mrs. John J. Matternas have the Will Morris apartment.

The people of Lillington are pleased to have these fine people making their home here, and hope they will enjoy their stay with us.

### WAC Quota Is Doubled Here

An increase in the size of the Womens Army Corps to double its present strength has been authorized by Department of the Army officials, Sgt. Winfield Pickett, recruiting sergeant for the army and Air Force here, announced today.

As a result, Army-Air Force recruiting stations in the Third Army area, which includes the local station, are launching a new drive for WACS.

In order to be acceptable, applicants must be between 18 and 35 years of age, inclusive, must have a high school education or its equivalent, must be single and have no dependents under 18 years of age.

Women accepted will undergo basic training at Fort Lee, Va., and are usually sent to appropriate schools for further training in the type of work to which they are assigned, following their basic training.

He was employed by Steinberg and Company of Erwin.

and a civil defense program set up to take care of atomic casualties would be useful for other kinds of bomb victims as well.

In setting up a civil defense program, the surgeon recommended use of the churches as aid stations. These structures are usually well built and well located, he said. He suggested that plans be made locally, because local people know better than officials in Washington what they are able to provide.

**FASE IS GREAT**

The task of doctors and nurses will be overwhelming in atomic attack, with thousands of casualties in a matter of a few seconds. The speaker predicted that casualties would run higher in American cities than in the Japanese blasts, because of the use American make of glass in their buildings. Because of the large number of victims, doctors must use their supplies with economy, and some sorting of casualties will be necessary.
