**H. & N. TOBACCO OIL CURER**

CURES BETTER - MORE ECONOMICAL - SAFER - HELPS YOU GET THE HIGHEST DOLLAR AT THE WAREHOUSE WINDOW.  
 MANUFACTURED BY HARDY & NEWSOME, INC. LaGRANGE, N. C. - APPROVED BY THE STATE OF NORTH CAROLINA.

1. 30-inch heat spreader for safety and even leaving curers uneven.
2. Cast iron bottoms and tops for a life-time of service.
3. Cast iron legs, will not corrode or rust off if made in one piece.
4. Cast iron burner caps made separate to cause trouble that has to be adjusted.
5. No down drafts, gadgets or banjo strings or 12" flue arrangements on the market today.
7. The only curer that has individual 6" stacks

PICTURED HERE IS THE 6-INCH FLUE ARRANGEMENT

**SAFE AUTOMATIC CUT-OFF VALVE**  
 If because of negligence or any other reason the temperature in your barn should reach a dangerous point this valve automatically cuts off the flow of oil to all burners.

**DUAL SAFETY FLOAT CONTROL VALVES**  
 Heat that each burner puts out is easily controlled from outside of the barn. You can raise or lower the heat in any corner of the barn where more or less heat may be required, because of abnormal conditions. Valves are checked and tested for accurate metering of oil. Kerosene or No. 1 fuel oil is recommended for use with these carburetors and the "GIANT" curer.

**SEPARATE STACKS FOR EACH UNIT**  
 These curers can be installed with six or 12-inch flues. Your tobacco will not be graded down because of the presence of smoke or oil fumes. There has never been any damaged or smoked tobacco with this type of installation.

Mayo, Florida  
 We would like to have one of the H & N TOBACCO OIL CURERS as the curer we need and will use it.

O. A. WINBURN  
 Fairbluff, N. C.  
 I cured six bags of approximately 700 sticks of the barn with 120 gallons of oil per barn. My barn is 16'x26'.

K. E. MEARS  
 Day, Florida  
 I have a new frame barn 16x16x16. I cured 4 barns with approximately 115 gallons of fuel per barn. If properly installed, the H & N CURER is trouble free. It heat is what you want you can surely get it.

GEORGE W. PRINE  
 Faison, N. C.  
 I have one set of H & N TOBACCO OIL CURERS and I am purchasing most of this type curers. To my opinion, this curer is equal or better than any make of curers in my territory.

Glenaville, Ga.  
 Our good customer Mr. Banks was very much pleased with his H & N OIL TOBACCO CURERS and we are installing three more sets for him this season. Another good customer, Mr. Jones is carried away with H & N TOBACCO OIL CURERS also. He also tells me several of his neighbors have already told him they plan to put in the H & N TOBACCO OIL CURERS next season.

FOCH BREWTON  
 La Grange, N. C.  
 I have been using twenty-one sets of the H & N TOBACCO OIL CURERS for five years and I like them fine. They are the most fool-proof curer on the market.

E. L. CHOOM  
 La Grange, N. C.  
 The H & N TOBACCO OIL CURER will do the work. I have operated these curers for the past five years and they have given satisfaction.

J. W. FIELDS, Mayor  
 Day, Florida  
 I am well pleased with the H & N TOBACCO OIL CURER. The fuel cost is reasonable.

La Grange, N. C.  
 I have been selling the H & N TOBACCO OIL CURER for twelve years and have never had the first man to kick.

CASH SUPPLY STORE  
 ED WALTERS  
 La Grange, N. C.  
 I have been selling and supplying the H & N TOBACCO OIL CURERS for the past ten years. I am pleased with the way they operate and with the oil consumption.

ROBERT MOORING  
 La Grange, N. C.  
 I have been using the H & N TOBACCO OIL CURERS for five years and think they are one of the best on the market. I like them so much that I am putting in another set.

ROY L. ROUSE  
 Day, Florida  
 I am well pleased with the H & N TOBACCO OIL CURER. The fuel cost is reasonable.

**NO BARN OF TOBACCO HAS EVER BEEN DAMAGED BY SMOKE OR FUMES FROM AN H. & N. OIL CURER**
