Shaw said he was especially interested in member stores which would participate in the sales and added that buyers for Colonial Store and the A&P chain were expected to take part in the sales.

Both store chains, he continued, bought beef shown at fat stock shows in Ahoskie, Kinston, Goldsboro and Rocky Mount this year.

FOR MAYOR

VOTE FOR

EARL G. VANN

A 9 POINT PROGRAM WITH A PURPOSE

If I Am Elected As Your Mayor, I Pledge You My Word That I Will Work Faithfully And Diligently For The Following Things:

1. Continued support of the City-Manager Form of Government with the Board setting the policies and the city-manager administering the policies.
2. Cooperation and assistance with all law enforcement officers in upholding the laws of our State and the ordinances of our Town.
3. An equitable distribution of the approximately \$20,000 the Town of Dunn will get to spend on fixing its streets. The State Highway Commission will pay this amount in cash to the Town of Dunn as a result of the Powell Bill. As Street Commissioner of the Town of Dunn I have watched this bill with great interest until it became law. It now means that citizens with street complaints will be able to get some relief with new paving, curbstones and drainage pipes.
4. Support of the recommendations laid down by the State Board of Health in regard to Dunn's water filtering capacity. I will work in every way to see that plans are pushed, in order that Dunn's citizens will never worry about having their water rationed.
5. To work toward a city-wide recreation program which will provide wholesome outlets for our children, young people, and adults. This will mean better development of our park facilities, use of our Armory for indoor games, and planning for a Teen-Age Center for the youth of our Town. I have a personal interest in this project because I have teen-age daughter in my own home.
6. To continue looking for new ideas and better ways of giving the services of the town government to the people. I will continue to investigate the methods and plans used in other cities. Last fall I attended the Asheville meeting of the North Carolina League of Municipalities as a representative of Dunn—and I learned a great deal from the many Mayors and governing board officials there. I will continue to try to get new ideas so that Dunn may benefit from them.
7. A balanced budget—No tax increase.
8. An honest and impartial government.
9. Close cooperation with the Chamber of Commerce and other groups which are actively engaged in bringing new industry to the Town of Dunn.

Thank you,

Earl G. Vann
