Hospitalization - Oscar R. Ewing's proposal to give limited free hospital care to persons 65 and older got a cool reception on Capitol Hill. The Federal Security Administration estimated the program would cost about \$200,000,000 a year, but could be paid out of present Social Security funds with new taxes. However, Chairman Robert L. Doughton of the House Ways and Means Committee said he doubted whether the group would want "to wade into" the program right now. The Senate Democrats met in caucus to discuss the program. Sen. Joseph C. O'Mahoney, D., Wyo., wanted the members to pass a pay-as-you-go tax bill before any summer recess. But Chairman Walter F. George of the Senate Finance Committee has said it may take until late August before the House-passed \$7,200,000,000 tax bill is ready for the Senate floor.
