

Red Troops Jab At Allied Lines Below Kumsong

8TH ARMY HQ, Korea (AP) — Communist troops jabbed repeatedly today at United Nations positions below Kumsong. Red buildup below the central front, but failed to shift the Allied line.

At least three such minor probing attacks were repulsed in the pre-dawn darkness and others followed during the day.

Further east, a Communist squad engaged a U. N. patrol north of Hwachon on the east-entrance front Thursday night. The Reds were thrown into retreat and the U. N. patrol gave chase until it ran into Communist reinforcements.

CHALLENGE AIR FORCE

Communist jet fighter planes challenged U. N. jets over North Korea Thursday for the first time since July 29, but fled north across the Yalu River into Manchuria after a few exchanges of gunfire.

One flight of Russian-built MIG-15s attacked eight Allied F-80 Shooting Stars after the U. N. planes had bombed a bridge near Chongju.

Twenty-four other enemy jets clashed briefly with 31 F-80 Sabres over the Sinuju area just across the Yalu from Manchuria.

A Communist jet night fighter also was reported in action. It attacked an American plane, but failed to damage it.

Fifteen B-29 Superfortresses dropped more than 2,000 100-pound bombs on two important railway marshalling yards in western Korea. The bombers ran into considerable anti-aircraft fire and some were damaged, but all returned safely to their Okinawa bases.

Rollback Hopes Nearly Vanished

WASHINGTON (AP) — Price officials admitted today that their hopes of rolling back prices on everything from shoes to sofas had all but vanished.

One of the last government attempts to roll back factory prices floundered when the Office of Price Stabilization late yesterday indefinitely postponed some \$2,500,000,000 in rollbacks on manufacturers' prices.

The postponement was made to give the government time to formulate a policy for price ceilings under the new controls law. But OPS officials admitted that chances for many future manufacturing price rollbacks were slim.

COMPLIANCE UNNECESSARY

The rollbacks—and some increases—were due to go into effect next week on clothing, furniture, machinery, cotton and wool textiles and thousands of other products. Manufacturers now may go ahead with increases provided by the regulations, but they do not have to comply with rollback provisions.

OPS had drawn up its rollback regulations under the old controls law which permitted only part of a manufacturer's direct cost increases to be added to his pre-Korean prices. The new law requires OPS to let ceiling prices reflect all "reasonable" cost increases through July 26.

Prison Escapees Sought Near Sylva

SYLVA (AP) — State and local officers intensified their search today for six escaped convicts still at large after the State Highway Patrol captured two of their buddies.

Patrol headquarters at Asheville said James Lankford, 38, of Canton was taken at Bryson City and Earl Brigman, 20, of East Lumberton was captured near Franklin.

Lankford was serving 25 to 30 years for robbery. Brigman was arrested when a car he was riding in was stopped by a Highway Patrol blockade. He ran but was captured by Patrolman C. M. Byrd.

The chase for the other six was made more difficult because they apparently split up, officers said. Bloodhounds were put on the trail of two men seen with Lankford at Bryson City.

The Highway Patrol said two others were spotted at Cherokee in the parking lot used by patrons of the drama "Unto These Hills."

Meanwhile, prison authorities at Jackson County prison camp near here said they had found a large wrench used by the escapees to wrench their cell bars apart.

Heavy Damage Done In Wreck

A collision between an Army pick-up truck and a truck load of hogs last night on Highway 210 east of the Anderson Creek school damaged both vehicles extensively. The hogs escaped injury.

The soldier, James A. Vito, 23, of the 416th Ordnance Company, was driving a 1943 Dodge pick-up loaded with hogs and started to make a right turn when he crashed into the rear of a trailer load of hogs pulled by a diesel-powered truck.

The driver of the hog truck was Wallace Sullivan, 38, of Smithfield. Damage totaled about \$600 to the Army and about \$400 to the Army.

In addition, the driver of the Army truck was injured.

LOCAL ENTRY — Local as well as out-of-town horses will vie for prizes Friday and Saturday night in the horse show staged here by the Dunn Lions' Club. This nine-year-old mount, "Pete," owned by Joe Wilkins, is being ridden by Lib Raynor, 15, daughter of Mr. and Mrs. R. R. Raynor. The equestrienne is a junior at Dunn High School (Daily Record photo by T. M. Stewart.)

Family Life Head Resigns From Post

RALEIGH (AP) — Resignation of Mrs. Virginia Sloan Swain, who organized and for the past seven years has directed the Family Life Program for North Carolina's 67,000 home demonstration club members, was announced Friday by Miss Ruth Current, State home demonstration agent for the State College Extension Service.

Mrs. Swain, extension specialist in family relations since 1944, will become vocational home economics teacher at Needham Broughton High School in Raleigh Sept. 1. She is making the change to enable her to travel less and spend more time with her family.

"We're losing one of our finest workers," commented Miss Current. "Mrs. Swain has done an outstanding job and we hate to see her go. But we understand her desire to be with her family, and we wish her much success in her new work."

LEADERS TRAINED

The State Family Life Program was started in 1944 in five counties — Sampson, Macon, Calhoun, Stary and Pitt. During the first year, seven home agents and 72 leaders were trained. The program is now conducted in all 109 counties, there are more than 2,000 active local leaders, and in many counties it is carried as a joint program of farm and home agents, both white and Negro. All of the Negro agents have been given training during the past two years.

Mrs. Swain, who holds B. S. and M. S. degrees in home economics from the Woman's College in Greensboro, has served as home agent in Carteret, Iredell, and Rutherford counties. Just prior to coming to State College, she taught home economics at Furman University, Greenville, S. C., for nine years, and was acting head of the department when she left.

She is president of the Alumnae Association of Woman's College and a member of the Alumnae Advisory Committee to the Chancellor. She also is a member of the Raleigh Woman's Club, Raleigh Parent-Teacher Association, Christ Church in Raleigh, North Carolina Home Economics Association, and American Home Economics Association. She has just completed a term as a member of the board of directors of the National Committee for Parent Education.

At 7:30 a "Youth for Christ" service will be held under the direction of Mrs. Aster Ray of Erwin.

The Church is this year observing its 75 anniversary and also the 20 anniversary of the Pastor of the Church. The events marking the birthday of the Church will be observed October 14.

STATE VET TO SPEAK

Dr. Hal J. Robbins of Raleigh, State veterinarian, will address the Dunn Rotary Club tonight at 8:30. President A. B. Johnson announced this morning.

Dr. Robbins will speak on the effect of the veterinary profession on livestock of the state. Dr. Belmont Kirtrell, local veterinarian, has charge of the program and will introduce the speaker.

Maggie and Nellie are names of towns in North Carolina near the Cherokee Indian Reservation at the eastern gate to the Great Smoky Mountains National Park.

There was one passenger in each vehicle, but the passengers escaped injury. John Mottley of Smithfield was the truck passenger and G. Adams was the passenger in the Army vehicle.

State Patrolman R. B. Leonard said no charges have been preferred, but that investigation is still underway.

SET NEW RECORD

WICHITA, Kan. (AP) — A B-47 jet bomber that sped from Fairbanks, Alaska, to Wichita on a record-breaking 2,800-mile flight was just out to collect research information, the Air Force said today.

The Stratofortress averaged 501.78 miles per hour and took only five hours and 36 minutes to make the longest flight by a B-47 in history yesterday.

The city of Seltzer, Germany, long famous for the seltzer water which it gave to the world, this year celebrates the 1,200th anniversary of the first mention of the familiar liquid.

Mrs. Swain has prepared or helped prepare 14 publications in her field. She is a regular contributor to Farm and Ranch-Southern Agriculturist. Her husband, L. H. Swain, who taught at Furman, is a member of the English Department faculty at State College. The family, who reside on Circle Drive in the Hayes Barton section of Raleigh, includes two daughters—Betsy Ann, 17, a senior at Needham-Broughton, and Ginger, 11, a sixth grader at Ravenscroft School.

DUNN BUSINESS FIRM FOR SALE

Well-established, progressive and growing Dunn mercantile business for sale. Located in heart of city on Broad Street in one of town's best business blocks. Will sell for 70 cents on the dollar and will give \$2,000 worth of fixtures free to purchaser.

Owner is selling to devote his full time to other business interests.

This is a business opportunity with a future for a good, enterprising person.

School-Hospital Merger Is Urged

THOMASVILLE (AP) — A state Baptist committee recommended today that the board of trustees of the Baptist Hospital in Winston-Salem merge with that of Wake Forest College.

The report was made by the committee of 19 appointed by the state Baptist Convention to make recommendations for a nine-year program for the church's work in North Carolina.

Such a merger could mean that the hospital would be recognized as a part of Wake Forest College, the report said.

The report, which will be submitted to the state convention in Asheville in November, also recommended changes in allotment of church funds to various activities.

During the last 10 years the denomination's revenue of \$12,497,413 was divided among: colleges 33.6 per cent; orphanage 22.6; state missions 17.6 and hospital 15.9. The committee recommends that income through 1960 be split: colleges 45 per cent; orphanage 23.23; state missions 18.62 and hospital 13.1.

Heavy Sleeper

ERWIN, Tenn. (AP) — Ernest Britt slept peacefully while a 17-car freight train thundered over his body, but woke up in a bad humor when trainmen, who went back to pick up the pieces, disturbed his slumber.

Engineer B. F. Stultz said he applied the emergency brakes when he spotted Britt laying face down. Britt still snoring away. They said he "growled" at them for waking him.

Average Rises On Border Belt Marts

By UNITED PRESS

Averages were steady to slightly higher yesterday for most grades of Border Belt tobacco, with the few increases ranging 1/2 to 3/4 per hundred pounds.

Volume was somewhat heavier but few markets reported full sales. The percentage of nondescript increased but was offset by an increase of better quality offerings. The bulk of sales was made up of low to good lugs, low and fair primings, nondescript and low cutters.

Complete reports for Wednesday's sales showed a total of 3,298,590 pounds brought an average of \$49.89 per hundred, an increase of 40 cents over Tuesday's average. The sales brought the season's total to 26,323,241 pounds, averaging \$49.

Prices Still Firm

VALDOSTA, Ga. (AP) — Poorer grades of blue-cured tobacco began showing up in larger quantities at Georgia-Florida markets yesterday but prices generally held firm. Common and low leaf and nondescript made up about 60 per cent of the offerings, which continued heavy. Only a small number of grades brought lower prices while others were steady to slightly higher.

Heavy Docket Tried In Recorder's Court

With the prospect of a five-day vacation ahead of him, Judge H. Paul Strickland dashed through a heavy Recorder's Court docket containing nearly 30 cases Thursday.

The judge and Mrs. Strickland leave Saturday to spend a few days in the mountains of western North Carolina. Consequently, the judge said, the usual Monday court session will not be held next week. The next sitting will be Thursday.

Before heading into his own vacation, the judge gave Earl J. Parker of Benson, Rt. 2, a 60-day, all-expense tour of the State's roads, then suspended the sentence on payment of \$100 and costs. Parker was convicted of drunken driving, careless and reckless driving and speeding.

CHARGES DROPPED

Three charges against Pvt. William R. Parker, late of the 877th Quartermaster Service Company in Dunn, were dropped when the court learned that Parker had been sentenced to two years at hard labor by an Army court.

Parker was charged with breaking and entering the Ideal Grocery on E. Johnson St., and attempting to steal goods valued at about \$25. The State took a nol pro on the case.

Clyde U. Jones of Fayetteville, booked for careless and reckless driving, damage to personal property and inflicting personal injuries in a wreck here Monday, paid \$20 and costs after conviction on the first count.

Other cases tried included: Cpl. Charles E. Williams, Baltimore, careless and reckless driving, costs; Fletcher C. Thomas, E. Fayetteville, improper lights, costs; Frank R. Halre, Erwin, reckless driving and driving without a license, nol pro with leave; Loumas Lee, Dunn, Rt. 3, possession of illegal whiskey for sale, nol pro;

Earl Parker, Benson, Rt. 2, carrying concealed weapon in his automobile, nol guilty. Also tried were nine cases of public drunkenness. Six motorists paid costs and waived appearance in court.

Alabama Pastor Will Deliver Sermon Here

The Rev. W. W. Glass, pastor of the First Presbyterian Church of Decatur, Ala., will preach at the First Presbyterian Church here Sunday morning.

The Rev. Mr. Glass, a graduate of Washington Lee University and Union Theological Seminary, is now working toward a doctor of theology degree at the latter institution.

The Waynesboro, Va., native was moderator of the Synod of Alabama in 1949.

The Yukon River is navigable by shallow-draft steamers for 1,777 miles.

Cities Will Get Street Aid Funds

RALEIGH (AP) — The State Highway Commission reported today that 396 towns and cities will split \$4,543,000 in State street aid under terms of the Powell Act passed by the 1951 General Assembly.

Individual shares will range from \$253 for Harrelville in Hertford County to \$365,107 for Charlotte.

Of the eligible towns, statistics engineer James Burch said, only Burke, Orrum and Preotsville failed to submit information needed to qualify for a share in the fund.

The money was allotted on a basis of population and city street mileage. Winston-Salem will get the second largest amount, \$235,001. Greensboro will receive \$204,448, Durham \$190,014; Asheville \$169,749; Raleigh \$161,436; Wilmington \$106,715 and Kinston \$47,740.

Plane Sought Off Hatteras

NORFOLK (AP) — The Navy conducted an extensive air-sea search today for the pilot of a Douglas attack bomber whose plane apparently crashed in the ocean off Cape Hatteras.

Cmdr. Edmond Jacoby, public information officer of the Navy base here, said the plane disappeared yesterday afternoon on a flight from the aircraft carrier Franklin D. Roosevelt to Jacksonville, Fla.

One of the other pilots in the fight saw the plane go into a spin when they encountered "stinky" weather, but lost sight of it before it hit the water, Jacoby said. Other planes landed at Cherry Point Marine Base to report the mishap and a search was started almost immediately, Jacoby said.
