

REDS PROMISE ANSWER WEDNESDAY

War May Be Ended By Christmas

PANMUNJOM, Korea. — (UP)—The Communists promised today to give their answer Wednesday to a United Nations proposal designed to end the Korean War by Christmas.

At the Communist delegation's request, the joint armistice subcommittee adjourned until 11 a. m. Wednesday 9 p. m. Tuesday EST to await the Red reply. The Communists already have indicated they may accept the proposal.

However, it was believed the enemy delegates wished to contact higher authorities in Pyongyang, Peking and perhaps Moscow before giving their final answer.

BATTLELINE IS ISSUE — The U. N. proposal would grant the Communist demand that the present battleline become cease-fire line—provided an agreement is reached within 30 days on the rest of the armistice terms, including an exchange of war prisoners.

If there were no agreement within a month, the provisional cease-fire line would be adjusted to cover any advances made by either side in the meantime and the next step would be up to the truce negotiators.

The Communists asked more questions about the U. N. proposal during Monday's subcommittee session, which lasted one hour and 15 minutes.

In reply, U. S. Maj. Gen. Henry L. Hodges re-emphasized: 1. That the war would continue until a complete armistice has been agreed upon and signed. This would include arrangements for an exchange of war prisoners and for appointment of a commission to insure compliance with the truce terms.

2. That the cease-fire demarcation line and demilitarized buffer zones would be tentative and provisional until the complete armistice agreement has been signed.

Acheson Presents Disarmament Plan

PARIS (UP)—U. S. Secretary of State Dean Acheson warned the United Nations today that world peace has reached a "dangerous point" and offered the West's step-by-step disarmament program as a way back to peace.

Acheson formally presented the disarmament program to the U. N. Security Council in a speech later today. But neither he nor any other delegate was expected to speak after lunch and the debate was adjourned until tomorrow.

Disturbance is expected to erupt in the Western Hemisphere when Acheson first introduced his disarmament plan. He said it was the only way to "restrain my language."

City Attorney Rules Pool Legal If No Fee Charged

City Attorney L. R. Williams ruled today that Dunn's American Legion Post can legally install pool tables in its clubroom provided no fee is charged for the game.

The Legion is now debating the issue of whether or not to install pool tables, and the issue will be decided at a special meeting to be held on January 3rd.

Meanwhile, the question of legality arose and the city attorney was requested for a ruling.

A city ordinance specifically prohibits operation of bowling alleys and pool rooms by "any person, firm or corporation, club or organization, in return for any charge or fee whatsoever," with conviction carrying a penalty of \$25 or imprisonment for each day of operation.

PRIVATE OPERATION — Legion officials said today, however, that the pool tables, if installed, would be operated for the private use of Legionnaires only and that no charge would be made.

Coats Paratrooper Is Acclaimed Hero

Residents of the Town of Coats today were acclaiming a native son a hero, along with the rest of the nation.

During a 90-man exhibition paratroop drop at Fort Benning, Georgia, Pfc. Frank Elliott, 21, of Coats saved the life of a buddy, Pfc. James R. Fernandez, 20, of Providence, R. I. when the latter's parachute collapsed.

More than 80 men from all corners of the United States witnessed the quick, quiet rescue during an 80-man paratroop drop that brought to a close Fort Benning's phase of the mayors' observation conference.

FLOAT SAFELY DOWN — Pfc. Fernandez, was falling head first after his parachute collapsed when Pfc. Elliott reached out and grabbed the suspension lines of the deflated chute. Both men floated to a safe landing on Elliott's parachute, although Fernandez pulled open his auxiliary chute. The Auxiliary didn't open, however, until he was about 40 feet from the ground.

The civilian mayors watching the drop from grandstands blinked in disbelief at the near disaster. But an Army lecturer explaining the demonstration proved up to the occasion.

"There you have it, gentlemen," he told the mayors over the public address system, "the teamwork we teach. That man saved his buddy's life."

IN SERVICE TWO YEARS — Pfc. Elliott is the son of Mr. and Mrs. Frank Elliott, Sr., well-known residents who live near the Ebenezer Church, between Coats and Bailey's Crossroads. He's been in the Army about two years and has made a splendid record.

"We're mighty proud of him," declared Mayor J. D. Norris of Coats today. "He's brought honor and nation-wide recognition and publicity to his hometown."

Similar expressions were heard from former Mayor Vic Lee and various other citizens of the Coats section.

WASHINGTON — (UP)— A Senate Democrat and a House Republican tax-writing committees — predict that Congress will reject any request by President Truman for another tax boost.

Sen. Edwin C. Johnson D-Colo. said that as a member of the Senate Finance Committee he was "absolutely not going to vote for any more tax increases."

Appearing on the National Broadcasting Co.'s Meet the Press television show yesterday, Johnson said "I'd fall right off this chair" if the finance committee supports a new tax bill.

Rep. Daniel A. Reed R-N.Y., ranking GOP member of the House Ways and Means Committee, also forecast "prompt" congressional rejection of any administration request for another tax hike.

TRUMAN WANTS MORE — Their predictions were prompted by reports that Mr. Truman is drawing up a \$90,000,000 budget for the next fiscal year — and will ask for higher taxes to finance it.

Reed said in a statement that reports on the size of the proposed budget are "further evidence of Mr. Truman's never-ending quest for a permanent economy and that he is determined to milk the taxpayers dry."

He predicted that Congress will be "more economy-minded than it has been in recent years."

Congress this year gave Mr. Truman only a little more than half of the \$10,000,000 tax increase he requested. Following passage of the \$2,801,000 tax increase, Chairman Walter F. George D-Calif. and Robert L. Doughton D-Mo. of Senate Finance and Ways and Means committees were reported as opposing any further tax hike.

An audience of 80 mayors was watching the "show" when the chute of Fernandez "spilled" at approximately 500 feet. As he plummeted to earth, Elliott grabbed the deflated parachute's suspension lines and the pair floated safely to the ground. International Soundphoto.
