

Benson Society

Benson PTA Meets Monday Evening

The Parent Teacher Association of Benson High School will meet in the school auditorium Monday night Nov. 26 at 7:30 with the president, Mr. J. W. Smith presiding. Mrs. Moccumb's sixth grade will have a program entitled "Text Books Speak Up and Who Makes Them." "Pat" Thornton will render a piano solo. All parents and citizens are urged to be present.

Mrs. Esther Dixon Has Dinner Party

Mrs. Esther Turlington Dixon entertained a group of relatives at a dinner party Friday evening, a special guest being her 80-year-old mother, Mrs. Will H. Turlington of Dunn Route 3, who was spending several days here. The dinner table, covered with

Miss Turlington Is YWA Dinner Hostess

Miss Hortense Turlington was hostess Monday evening, November 19 to members of the YWA of the Baptist church. Autumn flowers were used to decorate the home. Miss Lillian Parrish presided and directed a program entitled "Tomorrow Has Come Today." Miss Dot Hasty and Mrs. Fulton Moore appeared on the program. The hostess served fruit cake with whipped cream, coffee, and nuts.

white linen, was centered with varicolored chrysanthemums. Covers were laid for Mrs. Will H. Turlington, Mr. and Mrs. Eli S. Turlington, Mr. and Mrs. Shepherd Penny, and Mr. and Mrs. Archib. Penny.

Nurse Heard By Club At County Seat

Lillington's Business and Professional Women's Club meeting Monday night at the community building, heard a talk by Miss Irene Lassiter, Harnett County public health nurse, keyed her remarks to mental health and how it applies to the business and professional woman. "If we like our work, we will do a good job" Miss Lassiter said, "and that is why our attitude toward our work and the people we work with, is important." Attitudes, as well as aptitudes, play a leading part in whether we succeed or fail in our chosen fields," the speaker said.

Miss Lassiter's talk marked the first program meeting of the Lillington club since its organization and indicated emphasis will be placed on programs by local members in an effort to develop and stimulate membership talent.

Miss Adelaide Shaw presided and during the business session club members voted to advance the December meeting from its usual time to December 10 when a Christmas dinner party will be given for the membership. Names were drawn and there will be an exchange of presents. Mrs. Andrew Jackson will serve as chairman for the dinner which the club members will prepare themselves.

Ten members attended. Hostesses for the social hour that preceded the meeting were Mrs. Inez Harrington and Miss Mamie Haighwood. Coffee and sandwiches were served.

His Name Left Out So He Sues

ST. LOUIS, Mo.—When the telephone company left Julius L. Kern's name out of the new directory after also omitting it 10 months earlier, he filed suit for \$2,500 damages for "inconvenience, humiliation and annoyance." Kern said he notified the company twice of the first omission and it had no excuse the second time. "Anyway," his wife said, "we never had any trouble getting the bill. It always came right on time."

Navy Rocket Tried Out While Still On Paper

NAVY ROCKETS TRIED OUT
PRINCETON, N. J., (AP)—Nearly 1,000 test runs of proposed guided missiles, which would have cost \$200,000,000 if they had been built and test flown, have been made by "Typhoon," the Navy's fabulous electronic computer. Built by the Radio Corporation of America for the Office of Naval Research, "Typhoon" can "test fly" rockets and other guided missiles while they are still in the blueprint stage. It does so by solving in minutes complicated aerodynamic equations that would take one man years to figure out on paper. Here's how it works: Engineers blueprint a proposed missile, then plug into "Typhoon" the formulas that represent its design characteristics. The missile's speed, pitch, yaw and fuel consumption are recorded constantly on instruments. If the missile does not perform satisfactorily on the first try, engineers keep altering the design until they are satisfied with the results. The test flights are made without the missile ever having left the ground.

BUNNLEVEL PTA TO MEET
Miss Irene Lassiter, of the Harnett County Health Department, will be the guest speaker at the regular meeting of the Bunnlevel Parent-Teacher Association Monday night, Nov. 26, at 7:30 p.m. Patrons and friends of the school are cordially invited to attend.

CARE OF BATTERY
If the tractor is equipped with a storage battery, the battery should be removed and brought to a fully charged condition and stored in a cool place. The exhaust pipe should be closed with a piece of rag or a cover of some sort. The fuel should be drained from the tank, carburetor and all the lines to prevent a gum deposit.

On combines and moving machines — when adequate storage space is not available — Ellis recommended removing to a dry shed cutter bars or sickles, canvases and V-belts.

All machinery containing unpainted surfaces, such as plow shares and other cutting mechanisms, should be coated with a rust preventive compound. Used transmission grease works well for coating these surfaces.

The greatest enemy to stored machinery is rust," Ellis said. "If at all possible, those parts most susceptible to moisture should be restored."

A new chemical weed killer saves the labor of weeding strawberry and asparagus beds, improves crop yields.

HITS TAFT IN WASHINGTON SPEECH

COCKING A HAND to his ear, President Harry S. Truman attempts to listen to a nearby speaker while awaiting his turn to address the Women's National Democratic Club, in Washington. The President charged that "special interests" bought the reelection of Sen. Robert A. Taft. The latter countered that the Chief Executive should get a prize for his "political effrontery." (International Soundphoto)

GROUP HONORS FAMED CARTOONIST

GEORGE McMANUS, creator of the famed comic strip "Bringing Up Father," is presented with the "Lady," the newspaperman's equivalent of an "Oscar," by Arthur "Bugs" Bear at Banquets luncheon in New York. More than 1,000 persons attended the gala event at which the artist was honored on the 40th anniversary of his strip. (International)

One Hand, No Legs, Astronomers To Take Closer Look At Sun

POCATILLO, Idaho.—(AP)—One of Idaho's proudest deer hunters this season was young, toule-haired LeVeri Johnson. He and seven friends, making their way into the rugged hills near McCannan, Idaho, had to cut down a tree to make-room for the trailer carrying their horses. They got out in the woods and began shooting. Johnson's deer was running when he shot it from a range of 75 yards. The bullet went true. What made the shot difficult particularly, was that Johnson had only one hand to use. He was proud of the expedition because he hasn't any feet, either. Johnson is a triple amputee.

Acetylene is now made from natural gas by a new process using partial oxidation with concentrated oxygen.

Funks Driving Test Without Trouble
OMAHA, Neb.—(AP)—Eddie Forte, 27, didn't make much impression on workers at the police auto-testing station here. Attendants said Forte drove into the station at high speed, ran

THE BLUE VEIL
PERFECTS SINGLES CAST
Jane Wyman, in role of a Christian Scientist, who is devoted to a self-sustaining career, heads Keeler Presented by Wald-Krasna.

Presented by Wald-Krasna, as their initial production at RKO Radio, "The Blue Veil" brings an all-star cast headed by Jane Wyman in the appealing story of a bereaved woman who found happiness in giving service to others.

Covering a period of some thirty years, the picture introduces Miss Wyman as a young woman suddenly faced with the necessity of earning her own living. To tide her over, she takes a temporary position as a nurse in the home of a wealthy widow, but soon realizes that she has found peace and happiness in caring for other people's children.

When the widow remarries, she takes the next in a long series of nurse-governess positions, giving up her own chance for marriage in order to devote herself to the welfare and happiness of her patients. The unexpected results of her years of work from the picture's heart-warming climax.

Charles Laughton, Joan Blondell, Richard Carlson, Agnes Moorehead, Don Taylor and Audrey Totter have the other starring roles in the offering, with Cyril Cusack and Evelyn Keyes in the supporting cast.

Curth Bernhardt directed the screen play from the story by Françoise Campaux. Raymond Hakim was associate producer for Jerry Wald and Thomas Newman.

DUNN Social Happenings

Mrs. Lewis Godwin Has Supper For Entre Alia Club

Mrs. Lewis Godwin was hostess to the Entre Alia Bridge Club and guests at a delightful spaghetti supper on Tuesday night at her home in Carr Heights. A delicious supper was served the members and guests upon arrival and during bridge played after the supper cakes and assorted candies were passed. The Godwin home was beautifully decorated with bouquets of autumn flowers for the enjoyable evening affair.

Mrs. Willard Burrage received a hand painted plate for high score among the members playing. Mrs. John Ciccone won high score for guests and received hand lotion. Mrs. Norwood Stephenson received a cologne bottle for second high. Traveling prize, a coaster set, went to Mrs. Ciccone also.

Guests for the evening were Mrs. Eldon Jones, Mrs. Hank Curran, Mrs. Locke Muse and Mrs. John Ciccone. Members playing were: Mrs. Willard Burrage, Mrs. J. W. Stancil, Mrs. Norwood Stephenson and Mrs. Lewis Godwin.

Mrs. Strickland Hostess To The Bid and Bye Club

Mrs. Paul L. Strickland, Jr. was hostess to the Bid and Bye Bridge Club Monday night at 8 o'clock. This club is the former Baker's Dozen club.

Fall flowers were used in decoration throughout the Strickland home. Mrs. Harold Jernigan was guest for the evening. High score prize was awarded to Mrs. James Yates and second high to Miss Louise McGuan. Traveling award went to Miss Kathleen Barker.

The hostess served assorted sandwiches, cookies, pickles, olives and cokes to the guest and to the following members: Miss Jerry Cobb, Miss Kitty Taylor, Miss Louise McGuan, Mrs. James Yates, Mrs. Mickey Rouse, Miss Kathleen Barker and Miss Libby Ray Cromartie.

VISIT MRS. DRAUGHON

Mrs. G. F. Draughon Sr., had as her dinner guests yesterday Mrs. J. P. Rowland and son of Clinton, S. C., Mr. and Mrs. John G. Draughon and son of Reaford, Mr. and Mrs. G. F. Draughon Jr. and children of Winston-Salem and Mr. and Mrs. W. R. Draughon of Bowling Green, Ky.

MISS MARY ANN WESTBROOK AND ROSALYN POOLE, BOTH MEREDITH COLLEGE

Miss Mary Ann Westbrook and Rosalyn Poole, both Meredith College, are in Dunn for the week end.

Begin Mailing License Blanks

The Department of Motor Vehicles began mailing out more than 1,200,000 license renewal applications today. The huge bulk of cards, which are necessary for purchasing new license tags, will be distributed to their owners by December 1, the Department estimated. On that date the bright new '53 tags will go on sale at branch offices throughout the state. The main office in Raleigh is closed on Saturday, the Department reminded, therefore tag sales here will not begin until Monday, December 3. Motorists who fail to receive a renewal application should request one from the Department of Motor Vehicles, supplying their vehicle's make and engine number. Current plates are valid up to January 31 but owners are urged to buy early and avoid expected minute congestion.

NEW COLORS

Color scheme for the 1952 tags is a deep red background with white numerals and letters. Officials at State Prison, where the license plates are made, assured the Department that the new tags would not fade.

Truck and trailer owners, applying for new licenses, will be asked to list the body style, capacity and type of fuel used by their vehicles. The Motor Vehicles Department, in cooperation with the War Department, is seeking the information as a defense measure. The truck and trailer facts are needed in an effort to catalog the nation's total motor transport capabilities. For truck and trailer owners the renewal application card has been especially prepared so that the information asked for may be checked off simply and easily. The Department is urging every such owner to fill in the information before buying plates, either by mail or in person.

In Dunn the plates will again be available after Dec. 1 at Purdie Equipment Co.

Doomed As Deaf Mute, He Hears And Talks

SALT LAKE CITY.—(AP)—Which Bernard Davidson was two months old he fell and fractured his ear drum. Doctors said he never would hear again, probably could not talk, and almost certainly would lead an abnormal life.

Davidson is now 30 and has proven the doctors wrong on all counts. He's learned to talk—he speaks large collection of Dialectland jargon by way of a hearing aid.

He's learned to talk—he speaks slowly, but distinctly—well enough to take on a business of his own, repairing false teeth.

As to a normal life, Davidson is happily married. His wife, whom he met in school, has been deaf from birth. They converse fluently in sign language. Their daughter,

through a step step of the ear- drum and removed the brain testing machine before stepping his car.

Yards was fitted 635 and costs for routine driving. His ear still hadn't been tested.

DAVIDSON STUDENT HERE

Bernard Davidson, a student at Davidson in Dunn for the week end.

GUESTS FROM NORFOLK

Mr. and Mrs. Henry Watts and daughter, Marilyn of Norfolk, were the guests of Mr. and Mrs. F. Jackson yesterday.

THANKSGIVING GUESTS

Mr. and Mrs. Marvin Canham and daughters of Maxton were Thanksgiving guests of Mr. and Mrs. L. Campbell.

VISITING PARENTS

Miss Billy Pope of Suffolk, Va., is spending the week end in Dunn visiting her parents, Mr. and Mrs. A. F. Pope.

ATTEND WEDDING

Among those from Dunn who are to attend the wedding of Miss Virginia Smith to Mr. Ken Royal of Clinton and Roseboro are Mrs. J. E. Goddard, Miss Novella Goddard, Mr. and Mrs. Bob Epley, Mrs. Durham Taylor, Miss Evelyn Straight, all of Dunn, and Mr. J. E. Goddard, Jr., who is stationed in Memphis, Tenn. The wedding is to be held in Dillon, S. C., Miss Smith's home.

SPEND DAY IN RALEIGH

Mr. and Mrs. Herbert Taylor, Miss Kitty Taylor, Mr. and Mrs. Joe Rank and children, Joan and Herbie spent Thanksgiving day in Raleigh with Mrs. U. E. Jones.

GREENSBORO GUEST

Miss Blanche Cromartie of Greensboro is visiting Mr. and Mrs. B. L. Cromartie, Sr.

TO ATTEND GAME

Lloyd Coats and Miss Estey Cromartie are to attend the Duke-Carolina game tomorrow.

FROM WAKE FOREST

Maye Waggoner of Wake Forest College is in Dunn for the holidays.

WILL ARRIVE TOMORROW

Miss Nancy Goddard, who is student at Queens College, will arrive in Dunn tomorrow to visit friends.

DINNER GUESTS

Miss Lois Jernigan and Miss Helen Stewart, both of Raleigh were the dinner guests of Mr. and Mrs. Harold Jernigan yesterday.

HERE FOR SEVERAL DAYS

Abie Elmore, a freshman at Wake Forest, is in Dunn for the week end.

FROM WASHINGTON, D. C.

Mr. and Mrs. Bill Kilgus arrived Wednesday in visit Mr. and Mrs. W. J. Kinlow, his parents. The Kinlows are residing on Luffant Square in Washington, D. C. and he is stationed at Andrews Field.

VISITS SANDLINS

Mrs. Kenneth McGraw of Gaston, S. C. spent Thanksgiving with Mr. and Mrs. Lee Sandlin.

FVI OLIVER HERE

Fvt. L. J. Oliver of the Signal School, Ft. Monmouth, N. J. spent Thanksgiving with his grandmother, Mrs. Flossie Phillips.

GO TO RALEIGH

Mr. and Mrs. J. W. Stancil and children and Mr. and Mrs. Lonnie Ellis were in Raleigh for Thanksgiving with Mr. and Mrs. C. M. Moffie.

IN FLORIDA

Mr. Bill Stancil and Mr. C. M. McGee are in Orlando, Fla. this weekend.

Anderson Creek News

The cheerleaders of Anderson Creek have been chosen by the faculty, they are as follows: Beckie Howell, Dot West, Kitty Thomas, and Lounette Johnson. They have their new uniforms and are ready for our first practice game at Benhaven, November 26, 1951.

F. F. A. INITIATION

The F. F. A. boys were initiated last Thursday. They gave a sample in chapel and completed the task Thursday night. All of the boys were dressed in old men's clothes which were on backwards, and carried cotton sacks. After the initiation was over they were given

Buies Creek School News

Thanksgiving means something else to a sportsman other than a turkey dinner and giving thanks to our Creator; it means the close of football season and another three months of basketball, which always draws more attention than any other sport in the country. But this year the boys at Buies Creek couldn't wait 'til Thanksgiving to begin passing the old ball around.

With no football team to take up the interest of the players, practice could start most any time after the opening of school. Already a team has about six weeks' practice under their belt, but there is still a lot more to do before the season opens. With the superb help of Coach Earl Smith of Campbell College, this year's team should be as good as any turned out at Buies Creek for the past few years. The '51-'52 team included four of last year's starting team with several sophomore boys showing very promising skill on the basketball court. Four of last year's entire roster did not report, one of whom was a starting forward, but this hole will probably be filled with a letterman from last year's team. Two of the starting positions are still undecided, a guard and forward; however, the entire squad will probably see action in most of the games.

There has been no prediction for the outcome of this year's case team at Buies Creek, but the enthusiasm is high among the players and should give the competition trouble before the season is ended. This year's roster is as follows: Jimmy Campbell, Bill Hennew, Tojo Waddell, Stewart McCamb, Travis Ross, Donald Leggett, Egan Taylor, Billy Upchurch, Jerry Howard, Pat Harmon, and Woody Upchurch. The season opens Sunday, November 29, with Buies Creek playing host to Boone Trail.

That's Different, Sr. Lieutenant Decides

FORT DIVENS, Mass.—(AP)—First Lt. Edmund Burke noticed that Sgt. William J. Connor, studying a letter in front of post headquarters. "What's the matter, sergeant?" Burke asked. "I've been called to active duty," Connor replied. "But you're already in the Army, sergeant."

FIREMEN STYMIED

INDIANAPOLIS.—(AP)—City firemen stood helplessly by and watched a house go up in flames when a passenger train chopped their hose into three pieces. The nearest fire-truck to the burning structure was across the railroad tracks.

Lafayette School News

The Sixth grade is working on a newspaper to be published. The name of it is "News and Views." They are also planning a trip to Chapel Hill to see the planetarium.

Mrs. Davis' room went to Chapel Hill Wednesday to see the planetarium. They enjoyed their trip a great deal.

Farmers Urged To Safeguard Their Machines

With short supplies of farm machinery in prospect, Tar Heel farmers were urged today to safeguard their present equipment as much as possible. Too often farmers neglect farm machinery during the winter months and other idle periods," H. M. Ellis, agricultural engineer for the State College Extension Service, asserted. When stored out in the open, his said, heavy equipment deteriorates very rapidly from rust and other weather processes.

The specialist said machinery should be housed when not in use. An implement shed will pay dividends in prolonging the life of implements. Such a shed can be of pole-type construction, which will materially reduce its cost.

STORE TRACTORS

Tractors not in use for a period of 30 days or longer should be stored carefully, Ellis said, adding that following regular procedure in preparing a farm tractor for winter storage will prove profitable. First, the tractor should be inspected, cleaned and serviced just as if it were to be used for a big day's work. Next, the crankcase should be drained, the oil filter replaced, and the crankcase refilled with new oil.

The tractor should then be driven into a dry shed and the wheels run up onto some old boards if necessary to keep them off the ground.

For long periods of storage, the wheels should be jacked up if pneumatic tires are used. The spark plugs should be removed and about two tablespoonfuls of heavy motor oil placed in each cylinder then the engine should be turned over by hand several revolutions to coat the cylinder walls with a film of oil.

CARE OF BATTERY

If the tractor is equipped with a storage battery, the battery should be removed and brought to a fully charged condition and stored in a cool place. The exhaust pipe should be closed with a piece of rag or a cover of some sort. The fuel should be drained from the tank, carburetor and all the lines to prevent a gum deposit.

On combines and moving machines — when adequate storage space is not available — Ellis recommended removing to a dry shed cutter bars or sickles, canvases and V-belts.

All machinery containing unpainted surfaces, such as plow shares and other cutting mechanisms, should be coated with a rust preventive compound. Used transmission grease works well for coating these surfaces.

The greatest enemy to stored machinery is rust," Ellis said. "If at all possible, those parts most susceptible to moisture should be restored."

A new chemical weed killer saves the labor of weeding strawberry and asparagus beds, improves crop yields.
