

Oakdale Club Has Meeting

The Oakdale Home Demonstration Club met on January 4, 1952 in their club house.

The meeting was called to order by the president, Mrs. J. A. Ennis. The group sang a song, "A Song of Peace," and repeated the club motto.

The treasurer gave her report. We had to elect a new secretary, since our old one, Mrs. Howard Williams had moved out of the community. Mrs. Glenn Morris was elected.

All members were urged to pay their club dues as soon as possible.

The meeting was turned over to Mrs. Huntley for a helpful and interesting demonstration on Selecting Coats and Suits.

Mrs. Glenn Morris and Mrs. W. T. Howard were hostesses. They served tasty refreshments to nine club members.

The club adjourned to meet again on February 1, 1952.

Tally-Ho Club Plays Bridge At Mrs. L. M. Muses'

Mrs. Locke Muse was hostess to members of the Tally-Ho Bridge Club Wednesday evening at her home on N. McKay Ave.

Beautiful arrangements of gladiolus, asters and red roses were used in colorful bouquets for the enjoyable evening of play.

During progressions the hostess passed nuts and assorted candies. After scores were tallied delicious refreshments of pimiento cheese and chicken salad sandwiches, pickles, olives and cokes were served.

When scores were compiled Mrs. Bill Bryan was found to have high score and received attractive earrings from the hostess. Second high went to Mrs. Sherrill Johnson who was presented a hot roll cover.

Guest high recipient was Mrs. Bill Stancil who received a sachet.

Guests for the evening of play were Mrs. W. H. Laughinghouse, Jr., Mrs. Paul Walker, Mrs. Lewis Godwin, Mrs. Nathan Bass and Mrs. Stancil.

Members playing were Mrs. Bill Bryan, Mrs. Ed Tart, and Mrs. Sherrill Johnson.

TWENTIETH CENTURY BOOK CLUB MEETS WITH MRS. C. L. TART

The Twentieth Century Book Club members and guests were graciously entertained when they met at the home of Mrs. C. L. Tart Wednesday afternoon at 8:30 for the regular meeting of the Club.

The Tart home was artistically arranged for the enjoyable afternoon with lovely bouquets of hyacinths, dutch iris, jonquils, roses and gladiolus being used throughout the home.

Mrs. J. W. Thompson and Mrs. Tart received guests and members upon arrival and invited them into the dining room where Mrs. Thompson and Mrs. Tart served delectable refreshments consisting of chicken salad plates, spiced crab apples, coffee and pecan pie.

The Club president, Mrs. Billy Hodges presided over a business meeting during which the secretary, Mrs. Earl Westbrook read the minutes of the last meeting and the treasurer, Mrs. Shelton Butt gave a report. The members were reminded of their old custom of autographing each book they read.

The president turned the meeting over to Mrs. C. L. Corbett who spoke on the "Legend of Cupation." This is the third in a series of studies the club is having on Mary Ellen Chase's "Translation of the Bible."

Guests present for the afternoon were Mrs. J. N. Creel, Mrs. J. R. Young, Mrs. J. O. Warren, Mrs. T. H. Sansom, Mrs. C. T. Latimer, Mrs. Marvin Wade, Sr., Mrs. W. W. Stanfield and Mrs. Dudley Hill of Roanoke, Va.

Dunn Church Is Host At Meeting Tonight

Dunn Methodists tonight will play host to visiting church leaders at a Sub-District Institute at the local church, beginning at 8 o'clock.

Rev. Joyce V. Early, pastor of the local church, said this morning that everything is in readiness for the event, which will draw church leaders from several sections.

These institutes provide in-service training for school officers, teachers and church officials. The Dunn meeting is one of four being held as part of the conference-wide program.

BLACKBURN TO SPEAK
A feature of tonight's meeting will be an address by Rev. Linwood Blackburn, who will soon return to the missionary field in Africa. He is home on furlough.

The Institute will begin with a picnic Fellowship Supper at 6 o'clock, to be followed by a hymn session directed by Rev. W. C. Walton of Apex. A panel discussion of the total work of the church and Sunday School will be directed by the Rev. Thomas A. Collins, pastor of Wesley Memorial Methodist Church in Raleigh, and other

members of the district staff. Dr. R. B. Brown, superintendent of the Raleigh District, will supervise the panel discussion.

At 7:45 p. m., group meetings will be scheduled for the children's workers, led by Mrs. T. A. Collins and Mrs. Millard Warren. The Intermediate workers will be led by Mrs. S. A. Maxwell of Smithfield, district director of Intermediate work.

Among others on the program were: Rev. C. S. Ebbard of Raleigh, Rev. Carl Walton, Mrs. M. M. Ferson, district president of the W. B. C. S., Sam W. Roark of Raleigh, Rev. J. W. Lineberger, and Mr. Early; also Rev. J. W. Lineberger, Rev. Lynwood Blackburn.

New Buick

(Continued From Page One)
The Roadmaster Fireball-eight engine to 170, and improves gasoline mileage and performance throughout the entire speed range. The compressor ratio has been increased from 12 to 1 to 7.5 to 1.

POWER STEERING
Power Steering, which takes most of the effort out of driving, is offered as an option on the Roadmaster. New and bigger front wheel brakes are featured on all models.

Improvements in body and engine mountings, and insulation, plus an even more generous use of sound deadener, make all 1952 Buicks quieter, adding to passenger comfort.

"We believe these improvements, coupled with our new styling features, make Buick the outstanding car value for 1952," said Ivan L. Wiles, general manager of Buick and vice president of General Motors.

Style-wise the 1952 Buick is new from every angle. New rear fender ornaments, smartly styled in chrome, and a higher rear deck lid on the Super and Roadmaster Series, raise the silhouette of the rear section. The new trunk provides seven per cent more room in the luggage compartment. Rear fender ornaments also are featured on the Special Series.

A restyled bumper-grille combination that retains that low, road-hugging effect characteristic of Buick styling, and handsome new sweepers moldings, add fresh beauty to the overall appearance of the car. Stainless steel rocker panel moldings previously featured on the Roadmaster only, have been added to all series.

New high luster, stainless steel wheel covers, embossed with the Buick emblem in the center, add a further touch of distinction to the 1952 line. The series designation has been moved from the rear deck lid to the rear fenders.

AIRPOWER CARBURETOR
Buick's new four-barrel Airpower carburetor consists of two dual carburetors built into a single, compact unit for maximum efficiency.

The primary carburetor is complete within itself and functions at all times. The secondary carburetor contains only an idle system and a main metering system. It supplements the primary carburetor when maximum acceleration and speed are desired, giving the engine a "second wind" for greater performance. This permits a more accurate and economical metering of fuel at all speeds, resulting in greater gasoline mileage, and smoother, faster acceleration, especially for passing in the higher speed ranges.

Power Steering takes nearly all of the effort out of driving, yet it permits the driver to retain that "feel" of the road so necessary for safe operation at high speeds. The maximum pressure needed to turn the wheels, even while stopped, is only nine pounds, compared to 50 pounds with manual steering.

Because the Power Steering unit does not begin to function until four or more pounds of pressure are applied to the steering wheel, the driver is able to maintain the "feel" of the road under all conditions, an all-important safety feature. The Power Steering unit also absorbs "kickback" or road shock more completely, relieving the driver of additional strain.

New and bigger front wheel brakes, designed for greater safety, give more braking capacity at points absorbing the greatest braking load. The width of the front brake linings on the Super and Special Series has been increased one-half an inch, to 2 1/4 inches. On the Roadmaster the width of the lining has been increased to 2 1/2 inches and the thickness has been increased 33 per cent. All brakes have full riveted linings, for longer life.

All cars in the Super and Special Series are powered with the high performance F-263 valve-in-head Fireball-eight engine which develops 128 horsepower with Dynaflo. With synchro-mesh transmission, the horsepower rating is 124 in the Super and 120 in the Special. All engines, except those in the Special models with synchro-mesh transmission, have hydraulic valve lifters for quieter, more efficient performance.
