

Buick Super Riviera Sedan for 1952

Buick's popular four-door Riviera sedan in the Super series, inconvertible in the medium-priced field is presented here in its new 1952 styling. Important new exterior styling changes and exquisite new interior appointments lend a new note of elegance and beauty to the Super. New for 1952 are the sweepspear and rocker panel moldings, rear bumper ornaments, and high luster stainless steel wheel covers, offered

as an option. A new high arc rear deck lid raises the silhouette of the rear section and provides seven per cent more room in the luggage compartment. The Riviera sedan is mounted on a 125 1/2-inch wheelbase—four inches longer than other models in the Super series—that give it additional roominess and comfort. It is powered by the high performance F-263 Fireball engine which develops 128 horsepower with Dynaflow.

Entre Alia Club Meets At Home Of Mrs. E. Stewart

Three guests played with members of the Entre Alia Bridge Club when they met at the home of Mrs. Edwin Stewart Thursday evening for an evening of bridge.

The Stewart home had attractive bouquets of flowers in the living room for the evening of play. During progressions the hostess served soft drinks and cheese wafers. When scores were tallied delicious refreshments of coconut pie, toasted pecans and coffee were served.
