

# Spring Branch News

**By RACHEL JACKSON:**  
 Sure was glad to see an increase in attendance for Sunday School and Training Union both Sunday. If we continue to climb the same number each Sunday as we gathered over last Sunday, we'd soon be having enormous crowds.

For those who said that they would like to help out in the Choir if we'd just practice we'd like to say that we practiced Sunday after services and it is not definite that this will continue but if those who said they would, will remain after services I'm sure it can be arranged. Stick to your work and the choir corner will be filled.

The flu, virus or colds are taking their rounds over the community and several were absent that would otherwise have been there Sunday. The Casper Phillips family has been sick, Joyce Jackson, Shelby Godwin, Lawrence Lewis, Billy Bass, Mrs. Bertie Glover and others, who were sick also.

The WMU will meet Friday night at the Church, both circles, for their joint meeting. The time is 7:30 p. m. The women are observing the Week of Prayer and in connection with the Observance they were in charge of prayer meeting for Wednesday night, March 5. The next Wednesday night, which is the 12th, Deacon Mr. Casper Phillips will be in charge.

Mr. and Mrs. Emmett Williams were with us again Sunday and this time they had two cute grandchildren with them. They were Misses Linda and Patricia Williams, daughters of Mr. and Mrs. Sherman Williams.

Miss Flora Gilbert, daughter of Mrs. Thelma Gilbert, was home for the weekend. She teaches at Thomasville and hadn't been home for a good while, for church.

The Mary Jackson G. A. will meet at the church Friday night also. The girls are all excited over the coming weekend when a girl from the Kennedy Home will visit them. They have been writing Lois Bassett for a long time now and Mr. Smith, manager at the Kennedy Home, has said that she could spend the weekend with the girls down here. She will be visiting in several home and it is hoped that she will be here in time for the meeting Friday night. To Lois, we'd like to say welcome and we hope you enjoy the weekend.

The Deacons met Saturday night.

**PRINCIPALS IN KIWANIS PRODUCTION:** Pictured here are the leading players who performed in the Angier Kiwanis Club minstrel, "Tobacco Barn Jubilee", at the Angier school auditorium last Friday night. Left to right: Endimen Grady Earp, Graham Talley, Joe Curran, Interlocutor D. W. Denning Jr., and Endmen Ellis Parker, Clyde Adams, and Carl Young. (Photo by Norwood Young).

and Sunday morning they made a motion to the church that a clerk, Johnson Draughon, write to our representatives in Washington and let them know that we are not in favor of permanent Compulsory Military Training in the U. S. The church voted unanimously to send the letters and let these men know that our church does not think this is the thing to do. Personally we think that this is a fine move to take and that other churches should write these men and express their feelings whether they be for or against it.

While collecting bits of news some one informed me that Mr. and Mrs. Freeman Bass announced the birth of 36 brand new pigs. Congratulations and maybe you'll see fit to give one of them to Harvest Day next fall.

Mr. and Mrs. Wilson Williford

and Mr. and Mrs. Ernest Hairt went visiting Mr. Williford's and Mrs. Hairt's aunt, who lives in Gibson N. C. We missed you.

The Y.W.A. will meet with Misses Mary Jackson and Vivian Tart Monday night, March 10th. Miss Darlene Pope is in charge of the program for this time. All members are urged to go to the meeting. It will be at 211 S. Wilson Ave. in Dunn.

Mr. and Mrs. Colon Godwin were visiting us Sunday. They were visiting Mr. Godwin's parents. That's a mighty cute baby, they have.

Rain or shine, the parsonage is being worked on and it's been mostly rain lately. Even Monday in the rain the work continued on the terrace, but it was halted when Freeman Bass' big truck got stuck up to the axles. The trouble was that the truck had thousands of pounds of rock and gravel on it. The men got Mr. Liston Jackson with his Oliver tractor and tried to pull it out, but no luck. They then got Mr. Wayne Lee's John Deere and while it pushed both tractors pulled. Finally with both tractors pulling full force out came the truck and gravel. These brave men who were working out in that rain deserve extra credit, who were Wayne Lee, Freeman Bass, Sam Strickland, Herman Hairt and Liston Jackson.

Mr. and Mrs. Troy Carter visited Mr. John Stones Wednesday and Mr. and Mrs. Jim Watts from Greensboro, visited him and Mr. and Mrs. Hawley Stones Sunday.

See Frances Strickland went back with her uncle and aunt to Virginia last week and about the middle of the week her parents, Mr. and Mrs. William H. Strickland made a trip up there and got her. They didn't come straight home, though, instead they went back to Morganton, N. C., visiting their son and his wife, Mr. and Mrs. Russell Strickland. They are making a long vacation of it because they aren't

## Freeze On TV Stations Will Be Lifted Soon

WASHINGTON (AP) — The freeze on new television stations will be lifted this month, informed sources predicted today. They emphasized, however, that TV fans should not expect sudden appearance of a lot of new stations. There will still be problems to iron out.

The Federal Communications Commission is working day and night on a complex plan for dividing up new TV channels among about 1,500 communities throughout the nation. There are now only 108 stations on the air.

It will open up about 2,000 new channels in the very high frequency and ultra high frequency bands of the broadcasting spectrum. The plan is designed to prevent interference between stations—give viewers a picture not mottled by the signal of a station other than the one to which they are tuned.

We are happy indeed to pay tribute to the youth of this nation who are members of the 4-H Clubs. In their HANDS they hold the key to the continued progress of this country. - - - In their HEARTS and HEAD are the glorious precepts of our way of life - - - and, in their HEALTH lies the foundation to a vigorous growth of our sturdy American people.

To the future Home-Makers, Farmers and Craftsmen: the 4-H Boys and Girls, we say -- good luck, good health and may your future always be filled with the bright hopes and great promise of living and working.

year-old trees may bring from 10 to 20 new stations on the air by year's end, some optimistic observers believe, the figure may go as high as 25.

Thereafter, new TV stations probably will go on the air at the rate of about 275 a year, dependent on the rate of processing applications and availability of materials for transmitters.

Without fertilizer total U. S. crop production would be at least 25 per cent lower.
