By OSCAR FRALEY NEW YORK & Being named the most valuable player in their respective leagues did nothing last assesson to settle the hot debate as to whether Roy Campanella or Yogi Berra was the best catcher in the major leagues. But with Yankee Yogi fretting on the sidelines because of a bruised hand as the 1952 campaign broke from the barrier. Campanella proved swiftly that he was out to make all the hay possible while the sun was shining on his side of the street. All that burly Roy of the Brook-tyn Dodgers did in his first two games was drive in six runs and slam six hits. In eight frips to the plate for a '150-average. Naturally, continuation of such a pace is impossible, but it could set a tempo of success in Campanella's the long run battle for a place above, below or equal to Campanella in baseball's history book. NEW YORK — 4P— Hey, where did they fire that atom bomb— in Nevada or in Sportsman's Park, St. Louis, where the Browns are blowing up the whole American League?

The latest team to get caught in an explosion out there was peacesetting Cleveland, which suffered a sound. 8 to 3, 13-hit thrashing last night, making it possible for the Browns to take over first place today if they can beat the Indians again. It was the first time Cleveland had lost a game this season, but the Browns did it easily, not minding in the least that their atomic display was making the whole town radioactive. They say you can't pry the fans away from broadcasts—unless they're at the game.

And that's a pretty important

game.

And that's a pretty important point too, for A. L. teams accustomed to going into St. Louis and not taking away enough money for expenses. So far for four home games they have piled 63,804 fans into the park, or more than three times the total for the same period last year.

Erwin High Suffers First Loss At LaFayette, Wins Another At Coats

Harnett County's top high school baseball team, Erwin, suffered its first defeat on Friday afternoon at LaFayette High by an 8-3 score. Coach Fox's boys jumped into a quick 7-1 lead in the first two innings on two errors and a slashing triple by Jay Mangum. With the bases loaded in the first inning, the visiting team had two chances to make double-plays which would have retired the side, but on both chances, the Erwin boys errored the hances, the Erwin boys errored the

The Cubs pounded four Pirate throwers for 14 hits, getting eight runs in the fourth and a 13-2 win. Dee Fondy led the 17-hit attack with three singles and a homer. Bob Rush scattered nine hits and struck out eight batters,
Old-timer Ken Raffensberger of the Reds bested rookie Wilmer Mizell of the Cards in a 2-1 duel at Cincinnati in which Manager Eddie Stanky and umpire Scotty Robb pushed each other around in lar argument. Joe Adcock drove in both Cincy runs with a first inning triple after Mizell had walked two batters. Stanky blew up when Robb ejected shortstop Solly Hemus for throwing his bat in the air after being called out on strikes.

Larry Jansen gave the Phillies their seventh beating, 4-1 holding them to eight hits. A three-run triple by Bobby Thomson sewed up the game in the third inning off Russ Meyer. Willie Jones homered for the Phils.

Nelson Fox broke up an 0-0 duel between Saul Rogovin of Chicago and Ted Gray of the luckless Tigers when he doubled in the eighth to score Hector Rodriguez. A walk and a Single by Eddie Robinson gave Chicago a 2-0 victory.

Rookie Bill Henry helped by home run blasts from Dom Di-Maggio, Walt Dropo, and Don Len-

WHAT BECOMES of OLD MODEL JOHN DEERE TRACTORS?

John Deere Plow Co. Baltimore, Md.

Gentlemen:

What becomes of old-model John Deere Tractors?

I always considered the John Deere as archaic and out-dated. I reasoned that the tendency in motors was toward more cylinders. Consequently, when we needed a new instead.

Then came the war. Demands for increased production made us double our schedules. We carried on for one year by putting lights on our tractor and working around the clock. But it was evident we had to have more power, and tractors are working around the that under the circumstances we might make shift with it until we cauld get a proper of the circumstances.

We bought this tractor for \$500. The farmer delivered it, showed us how to operate and left. I hitched it to the 7-foot disk harrow, put the roller behind, and started over a freshly plowed field. The disk ran in over the axies, the tractor crawled out two cylinders fifteen years old? It . . . would get the work done eventually.

This went on for a week. It must be remembered that I had never been close to a John Deere before. But one day the notion took me to see how the tractor would sound running on one cylinder. I struck a screw driver to one spark plus. Nothing hapened. Then I sherted the opposite plus. The motor stopped dead. And then if struck me—the tractor had been running on one cylinder all the time!

I raced for the tool shed, came back with a wrench and removed the plug. It was solidly packed with carbon. After cleaning and replacing, I cranked the tractor, put it into high gear, and pushed in the clutch. Off it started without effort. I cased forwar on the throttle. The tractor fairly sprang away.

That was six or seven years ago. Today, that tractor runs just the same. The only repairs we have made were spark plugs, clutch limings, and steel lugs. Compared to doday's modern, rubber-tired fractors, it is somewhat unhandy to get around with, but we can't afford to replace it unless it wears out, and it doesn't show any signs at all.

John Deere Two-Cylinder Tractors Keep On "Delivering The Goods" Down Through The Years.

John Deere two-cylinder engine has been a cornerstone of greater tractor value for more than twenty-five years. It's an exclusive design that has enabled John Deere engineers to build tractors unequalled in simplicity, unmatched in strength of parts—tractors that are more dependable in the field, more economical to operate and service, and longer lived. In addition to these basic, profit-increasing advantages, John Deere Tractors have every feature to speed up your work and make it easier. See your John Deere dealer for full information.
