Why should Bennie Slaughter's opinion in city affairs deserve so much prominence when he is not a resident or voter in city elections???

ANOTHER COUNTY MAN WHO WORKS IN DUNN

signed statement, "are beginning to catch the imperativeness of the issue involved. Some few have expressed to me the need to meet together to discuss our dilemma to the end of unity of 'we the people.'" It is preferable to any angry demand on the board in another "mass" meeting.

"Therefore, I am calling interested or curious citizens to meet Sunday afternoon, June 15th at 3 p.m. in the high school auditorium. We will answer any question relating to the issue."

PETITIONS "KILLED"

Mr. Slaughter also announced that he has "killed" the petitions circulated asking the board to retain Manning "since the issue has become so focused and by virtue of the fact that our board of commissioners are aware of it. He said the board should "do what by now they should know is their full responsibility."

Manning, who has indicated that he has no desire to buck the board's decision, declined comment this morning, but said Mr. Slaughter had advised him of the meeting.

Mr. Slaughter said that whatever action citizens desire to take will be decided at the meeting on Sunday.

"I'm going to leave it up to the people," said Slaughter. "I realize that when men are faced with the truth, they act."

SEVERAL COURSES

Several courses of action have been suggested. Among the proposals are: to demand the resignation of Mayor Hanna and every member of the city council; to start impeachment proceedings against the entire council; to make a formal demand on the board Monday night to rescind the action, to continue to bring such pressure on the city council that they will act in desperation to relieve themselves of pressure.

An attorney questioned today concerning the possibility of impeaching the city council said he saw little or no chance of that. He pointed out that the discretionary powers of the board are too broad. However, a resolution asking them to resign may be adopted Sunday.

Mr. Slaughter, who says his group is interested only in the moral issues involved, said today the purpose of the meeting is to try to search for the truth.

"We want to meet like gentlemen in a dignified manner," he said.

He said the meeting would be open to any and all citizens, regardless of their position or views.

Mr. Slaughter issued another statement today in which he directed questions at members of the board.

HITS CITY BOARD

Following is the text of this statement:
Mr. Coats:
Did you reverse yourself because Mr. Manning was a personal friend, brother-deacon, or because he was ONE man of "we the people" whose rights were ignored and wantonly violated? If he had been an enemy or competitor would you have been willing to let the knife remain in his back?

How big does an American have to be to deserve respect is a question from the inner self of EVERY man who begins to wonder if any man means EXACTLY what he says. I prod you, Leck, to set you free. The truth, not my idea, is the agent.

Mr. Commissioners and Mr. Mayor: What's the personal grudge against Manning that justifies a refusal of even the courtesy of a lie if nothing more as a reason for the kick in his pants? Business men, all of you, and I'll bet you never dismissed an employee with SILENCE.

Are the "pressure boys" letting you know that it's not nice to regard a man's rights lest they lose their kitty? Intelligent men you are, all of you. You wouldn't allow a bunch of selfish hoodlums to think for you and let you do their dirty work. Now would you?

And, there's nothing in such a thankless job for you, is there? You'll tell us the truth too, won't you? Competence, efficiency and honesty won't be too hard work for us, will it? We're used to it! We can't afford to rest on "the right to my own opinion" when it is barely possible another City Manager will make the periodic parade through City Hall in ??? months. And, who knows, it could be your friend then. That might hurt.

Mr. John Q. Public:
Do you intend to dilly-dally with your "opinions," or make up your mind that the time is NEVER "tomorrow, maybe," but NOW to stand for what we piously call liberty? Who is boss anyway, "liberty in law" or "opinions in confusion?" Do you want to surrender your birthright for the privilege of polling of confused opinions on your heritage of freedom? DO YOU KNOW WHAT YOU WANT OR WHERE YOU ARE GOING?

If our issue is clear by now, it should be clear that it IS NOT the name of the man—but—the fact that a man is at stake. It could be you. It might be. It ought to be if we fail to uphold the faith we profess in any individual man's DIGNITY, VALUE and MEANING and his divinely-given right to be himself without interference from any other man or group of men unlawfully.

In the final analysis man is God's creature and to mistreat him is to mistreat God. To refuse to believe in man is to refuse to believe God. To fail man is to fail God.

Democracy is NOT man's idea, but its meaning is expressed in man. The deepest yearning in every man is to be free. IF HE IS EVER FREE ONLY TRUTH WILL SET HIM FREE!

Respectfully,
B. O. SLAUGHTER.

child when she entered the house. He drove away with the other children and, when he was a safe distance from the Arnold home, left the bus, picked up his pistol, notified regular Carmel police and returned to the Arnold home.

HELD KNIFE AT THROAT
Meantime, Snyder had told Mrs. Arnold "I want you to drive me to New York." He held the knife at Betty Lou's throat and followed Mrs. Arnold into her garage.

Snyder compelled Mrs. Arnold to get into the driver's seat and he got into the back seat with Betty Lou.

Mrs. Arnold stalled for time and before she started the car Williams and a state trooper arrived and pleaded with Snyder to release his hostages.

"If you come near me, I'll stab the child," Snyder threatened.

Williams tried to talk Snyder into releasing the child. As he talked he sidled close enough to risk a shot at the convict.

Williams took aim and fired a shot into Snyder's chest. The convict plunged the knife into Betty Lou's stomach.

The two policemen then seized Snyder and dragged him from the car. Two more shots were fired. One grazed Snyder's neck and the other pierced his left arm.

Betty Lou and Snyder were rushed to Mahopac Hospital. Physicians operated immediately on the little girls, but she died in less than two hours. Snyder, in critical condition, was charged with murder.

farm, all on Dunn Route 4. In two fields, owned by Wilkins and Kelly, the inspection produced one weevil each. Aphids were found in practically all fields and red mites in some, Ammons reports.

100 HILLS CHECKED

In each field inspected 100 hills are checked, and Ammons plans to make similar checks each Monday in various sections of the county. Horn worm infestation among tobacco plants, Ammons reports is very heavy in the county, and he recommends that treatment be started at once to reduce this danger to the plants.

He recommends TDE or rothane used five percent for dusting. If no improvement is noted this should be raised to ten percent. About 15 to 30 pounds should be right per acre depending on the size of the tobacco.

For spraying, he recommends 50 percent powder mixed at two pounds to 50 gallons of water and about 50 to 80 gallons per acre.

Farmers may also get good results from Paris green and arsenate of lead, using one pound of Paris green to five pounds of lead, mixed with 50 gallons of water for spraying. For dusting, this mixture should be made in the same proportions with ten pounds of dehydrated lime added and 15 to 18 pounds used per acre.

ing the meeting an extra hour, and that every person present was given an opportunity to speak.

"It would be absolutely impossible," said West, "for any organization anywhere to hold a more democratic meeting."

ATTACKS RIEVE

He said local CIO members and representatives were using the tactics of Emil Rieve, national president. He also charged that Rieve is being backed by The Daily Worker, "a Communist newspaper."

Mr. West also replied to a charge that his weekly salary of \$77.35 had not been duly authorized. He pointed out that his salary is the same as his predecessor, Lacy Dawkins, and was fixed long before he was elected business manager.

The CIO group had brought a number of charges against the existing group.

Troops of the 9th Infantry Regiment, battle-tough veterans of front line fighting with the 2nd Division, will move into No. 66 at 10 a.m. Friday.

There were ominous sounds of metal-working today from 66 as well as 604 and 605.

During today's move one group of 100, apparently by pre-arrangement, wheeled left instead of right as they approached the gate of Compound 91 and surrendered to Allied guards.
